LETTER FROM CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Dear Investor:

On behalf of the Board of Directors (the "Board"), we invite you to attend the Annual Stockholder Meeting of Corteva, Inc. ("Annual Meeting"), which will be held on May 7, 2021 at 10:00 a.m. Eastern Daylight Time. Please see instructions below regarding how to attend and vote your shares.

Our Plan Is Working

Since Corteva was launched as a leading global agriculture company in June 2019, our strategy has focused on delivering value to our stockholders by generating advanced innovations for growers through our industry-leading pipeline, leveraging our unparalleled route-to-market, enhancing our product mix, advancing cost and productivity actions, and maintaining a balanced approach to capital allocation. Our strong results for the fourth quarter and the full year 2020 demonstrate that our plan is working. We know we have more work to do and 2021 is the year we expect our top line and cost initiatives will accelerate their impact on earnings, and put us fully on-track to achieve mid-term targets.

Sustainability is Our Foundation

As an agriculture company, our innovation on behalf of customers and our commitment to help them do more with less is the foundation of our ability to deliver long-term value for our stockholders and help sustain the planet. We are proud to contribute concretely to the many communities where we operate and to dedicate our scientific resources to generating a safe, secure food supply now and for the future.

These commitments were uniquely challenged in 2020 by the impact of the COVID-19 pandemic. Our team rapidly implemented comprehensive plans to keep our people, customers, and communities safe and healthy and our supply chains running smoothly. Our full year results demonstrate the success of these efforts.

Active Engagement

We believe it is essential to engage with all our stakeholders to assure that a mix of perspectives helps guide our value creation strategy. In 2020, members of our management team as well as members of our Board engaged in constructive dialogue with stockholders representing 49% of the Company's outstanding common stock to hear their perspectives on the Company's business strategy, corporate governance policies, sustainability initiatives, human capital management, and compensation practices.

Your Highly Qualified Board of Directors

Your Board is recommending for election at this year's Annual Meeting a slate of highly, qualified directors. Each of these individuals has been carefully vetted to assure the right mix of expertise, experience, and perspective to provide the best possible oversight and guidance for the strategic direction of the Company. With this Annual Meeting, Dr. Robert Brown, Lois Juliber, and Lee M. Thomas will each retire and not stand for re-election. We will miss their insight, experience, and their extraordinary dedication to our Board and stockholders' interests. As we continue to refresh our Board, we expect our director nominees to likewise continue their legacy of extraordinary dedication to your interests.

Instructions

Consistent with our core value to “Live Safely”, we intend to hold our Annual Meeting virtually to do our part to reduce the spread of COVID-19 and maximize your ability to participate in these challenging circumstances. Our virtual meeting will have provisions for a question and answer period to assure the opportunity for stockholders to be heard. We continue to monitor developments with respect to COVID-19, and remain committed to our stockholders, customers, and above all the safety and health of our employees during these unprecedented circumstances.

For those who cannot attend the Annual Meeting, we plan to continue our stockholder engagement efforts throughout the year and continue to make available on the Investor Relations section of our website a variety of information for investors. This will allow those who cannot attend the meeting to continue to hear Corteva executives discuss our results, plans, and responses to significant events.

On behalf of the Board and management, we thank you for your continued investment in Corteva and we look forward to continuing to serve your best interests.

Sincerely,

Gregory R. Page
Chair of Board

James C. Collins, Jr.
Chief Executive Officer and Director

PROXY STATEMENT SUMMARY

Corteva's Background

Corteva is a U.S. based, pure-play agriculture company that provides farmers around the world the most complete portfolio in the industry — leveraging its global scale and comprehensive routes to market to deliver innovative agriculture solutions to its farmer customers and contribute to a sustainable global agricultural system. The Company is ideally equipped to solve farmers' productivity challenges through its balanced and diverse portfolio of seed, crop protection, and digital offerings. Corteva leverages the power of its multi-channel, multi-brand distribution, superior product pipeline, and unmatched customer relationships to deliver above-market organic sales growth, while taking actions across the organization to drive margin expansion and increase operating efficiency. At the same time, the Company maintains a disciplined approach to capital allocation, balancing its investment in ongoing growth initiatives with enhancing the return of capital to stockholders.

During 2020, which was Corteva's first full year operating as a standalone entity following its separation from DowDuPont, Inc. in June 2019, our Total Shareholder Return ("TSR")¹ was 33.5%, outperforming the S&P 500 over the same period by approximately fifteen percentage points. Corteva's agriculture solutions are available in approximately 140 countries around the world. Total worldwide employment at December 31, 2020 was about 21,000 people.

¹ TSR is calculated using the volume weighted average price at January 1, 2020 through December 31, 2020 with dividends reinvested.

The background information in this Proxy Statement has been supplied to you at the request of the Board to help you decide how to vote and to provide information on the Company's corporate governance and compensation practices. This Proxy Statement and the accompanying proxy card and other materials are first being distributed to stockholders on or about March 26, 2021.

You may vote your shares by internet, telephone, or signing and returning the enclosed proxy or other voting instruction form. **Your shares will be voted only if the proxy or voting instruction form is properly executed and received before the polls are closed at the 2021 Meeting. Except as provided below with respect to shares held in employee savings plans, if no specific instructions are given by you when you execute your voting instruction form, as explained on the form, your shares will be voted as recommended by the Board.**

Changing Your Vote

You may change or revoke your proxy or voting instructions at any time before their use at the 2021 Meeting by (a) submitting another proxy or voting form on a later date, or (b) attending the 2021 Meeting and voting in person. Your attendance at the 2021 Meeting will not automatically revoke your proxy unless you vote again at the 2021 Meeting. Be sure to submit votes for each separate account in which you hold Corteva common stock.

Recommendations of the Board

The Board recommends that you vote your shares on your proxy card or voting instruction form as follows:

- FOR ALL of the directors nominated by the Board;
- FOR the approval, on a non-binding advisory basis, of the compensation paid to Corteva's named executive officers;
- FOR the ratification of PwC as Corteva's independent registered public accountants for fiscal year 2021.

Confidential Voting

The Company maintains vote confidentiality. Proxies and ballots of all stockholders are kept confidential from the Company's management and Board unless disclosure is required by law and in other limited circumstances. Our policy further provides that employees may confidentially vote their shares of Company stock held by employee savings plans, and we have appointed an independent tabulator and Inspectors of Election for the 2021 Meeting.

Dividend Reinvestment Plan Shares and Employee Savings Plan Shares

If you are enrolled in the direct stock purchase plan and the dividend reinvestment plan administered by Computershare Trust Company, N.A. Participants in various employee savings plans will receive a voting instruction form. Your executed form will provide voting instructions to the respective plan trustee. If no instructions are provided, the plan trustees and/or administrators for the relevant employee savings plan will vote the shares according to the provisions of the relevant employee savings plan. To allow sufficient time for voting, your voting instructions must be received by 11:59 p.m. Eastern Daylight Time ("EDT") on April 29, 2021. You may not vote your shares held in an employee savings plan in person at the 2021 Meeting.

VOTING AND ATTENDANCE PROCEDURES

Shares Outstanding and Quorum

At the close of business on the record date, March 16, 2021, there were 740,638,091 shares of Corteva, Inc. common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote. The holders of at least 50% of the issued and outstanding shares of common stock entitled to vote that are present in person or represented by proxy constitute a quorum for the transaction of business at the 2021 Meeting.

Votes Required

For Agenda Item 1: Election of Directors, each nominee must receive the affirmative vote of a majority of votes cast with respect to each director nominee will be required for the nominee to be elected. A majority of votes cast means that each nominee must receive more FOR votes than AGAINST votes in order to be elected. For all other Agenda Items to be presented for a vote at the 2021 Meeting (2 and 3), each such item must receive more FOR votes than AGAINST votes in order to be approved. Abstentions will be included in determining the presence of a quorum at the 2021 Meeting, but will not be counted or have an effect on the outcome of any matter except as specified below with respect to Agenda Item 3.

Broker Non-Votes

A broker non-vote occurs when brokers, banks, or other nominees holding shares for a beneficial owner have discretionary authority to vote on "routine" matters brought before a stockholder meeting, but the beneficial owner of the shares fails to provide the broker, bank, or other nominee with specific instructions on how to vote any "non-routine" matters brought to a vote at the stockholders meeting.

Under the rules of the New York Stock Exchange, brokers, banks, and other nominees will be entitled to vote your shares on "routine" matters without instructions from you. The only proposal that would be considered "routine" in such event is Agenda Item 3, the proposal for the ratification of the appointment of PwC as Corteva's independent registered public accountants for fiscal year 2021. A broker, bank, or other nominee will not be entitled to vote your shares on any "non-routine" matters, absent instructions from you. "Non-routine" matters include the election of directors and the approval, on a non-binding advisory basis, of the compensation paid to Corteva's named executive officers.

Consequently, if you receive proxy materials only from Corteva and you do not submit any voting instructions to your broker, bank, or other nominee, your broker, bank, or other nominee may exercise its discretion to vote your shares on the proposal to ratify the appointment of PwC. If your shares are voted on this proposal as directed by your broker, bank, or other nominee, your shares will constitute broker non-votes on each of the other proposals. Broker non-votes will count for purposes of determining whether a quorum exists, but will not be counted as votes cast with respect to such proposals.

A list of stockholders of record entitled to vote shall be open to any stockholder for any purpose relevant to the 2021 Meeting for ten days before the 2021 Meeting, during normal business hours, at the Office of the Corporate Secretary.

How Votes Are Counted

If you submit a validly executed proxy card or voting instruction form but do not specify how you want to vote your shares with respect to a particular proposal, then your shares will be voted in line with the Board's recommendations with respect to any such proposal, i.e., (i) FOR the election of the Board's 13 director nominees; (ii) FOR the non-binding advisory resolution approving the compensation paid to Corteva's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion; and (iii) FOR the ratification of the appointment of PwC as Corteva's independent public accounting firm for fiscal year 2021. If you submit a proxy card marked "abstain" on any item, your shares will not be voted on that item so marked and your vote will not be included in determining the number of votes cast on that matter.

If your shares are held of record by a bank, broker, or other nominee, Corteva urges you to give instructions to your bank, broker, or other nominee as to how you wish your shares to be voted so you may participate in the stockholder voting at the 2021 Meeting.

As of the date of this proxy statement, the Board knows of no business other than that set forth above to be transacted at the 2021 Meeting, but if other matters requiring a vote do arise, it is the intention of the persons named in the proxy card to whom you are granting your proxy to vote in accordance with their good faith business judgment as to what is in the best interests of Corteva on such matters.

Proxy Solicitation on Behalf of the Board

Corteva is soliciting proxies to provide an opportunity for all stockholders to vote, whether or not the stockholders are able to attend the 2021 Meeting or an adjournment or postponement thereof. Directors, officers and employees may solicit proxies on behalf of the Company's Board in person, by mail, by telephone or by electronic communication. The proxy representatives of the Board will not be specially compensated for their services in this regard. Corteva will reimburse brokers and other nominees for their expenses in forwarding proxy solicitation materials to holders.

Nomination Process. All candidates for Board membership are evaluated by the Nomination and Governance Committee. In evaluating candidates, including existing Board members, the Nomination and Governance Committee considers an individual candidate's personal and professional responsibilities and experiences, the then-current composition of the Board, the diversity of the then-current Board, and the challenges and needs of the Company in an effort to ensure that the Board, at any time, is comprised of a diverse group of members who, individually and collectively, best serve the needs of the Company and its stockholders. The Nomination and Governance Committee may also consider recommendations from leading, global third-party search firms, whose function is to assist in identifying qualified candidates and to validate the background and reputation of any potential candidates. CORPORATE GOVERNANCE POLICIES

Director Independence. The Board of Directors has made the determination that all director nominees standing for election, except Mr. Collins, are independent according to the applicable rules and regulations of the Securities and Exchange Commission, and the New York Stock Exchange listing standards. It is the policy of the Board of Directors that every member of the Audit, People and Compensation, and Nomination and Governance Committees should be an independent director. The charters of each of these committees and the Board of Directors Corporate Governance Guidelines are available free of charge on the "Corporate Governance" section of the Company's website at www.investors.corteva.com or upon written request to Corteva, Inc., 974 Centre Road, Building 735, Wilmington, Delaware 19805, Attention: Corporate Secretary Office. Changes to any committee charter or the Corporate Governance Guidelines will be reflected on the Company's website.

Board Leadership Structure. Mr. Page is an independent director and currently serves as Chair of the Board of Directors. Our Corporate Governance Guidelines require the appointment of an independent Lead Director if our Chair is not independent. The term of any such Lead Director would be expected to be at least one year. We believe having an independent chair or independent Lead Director, in an independent chair's absence, best positions our CEO to focus on strategic execution.

Risk Oversight. Risk is inherent in every material business activity that we undertake. Our business exposes us to strategic, regulatory, market, financial compliance, operational, and reputational risks. To support our corporate goals and objectives, risk appetite, and business and risk strategies, we maintain a governance structure that delineates the responsibilities for risk management activities, and the governance and oversight of those activities, between management and our Board.

The Board is committed to strong, independent oversight of management and risk through a governance structure that includes other Board committees. Under our structure, it is management's responsibility to manage risk and bring to the Board's attention risks that are material to the Company. The Board has oversight responsibility for the process established to report and monitor the most significant risks applicable to the Company. The Board administers its risk oversight role directly and through its committee structure and the committees' regular reports to the Board at Board meetings. The Board divides its risk oversight responsibilities between itself and its committees by having each review or assess key issues or areas of responsibility as follows:

Board of Directors	<ul style="list-style-type: none"> • Strategic, financial, and execution risks and exposures associated with our annual and multi-year business plans • Acquisitions and divestitures • Capital expenditures and budget planning • Major litigation, investigations, and other matters that present material risk to our operations, plans, prospects, or reputation • Risks with respect to the Company's research and development pipeline
Audit Committee	<ul style="list-style-type: none"> • Risks associated with financial accounting matters, including financial reporting, accounting, disclosure, and internal controls over financial reporting • Supervision and selection of our external and internal auditors • Cybersecurity risks

CORPORATE GOVERNANCE

Meetings. During 2020, the Board met ten times. The Board’s standing committees met the number of times shown below:

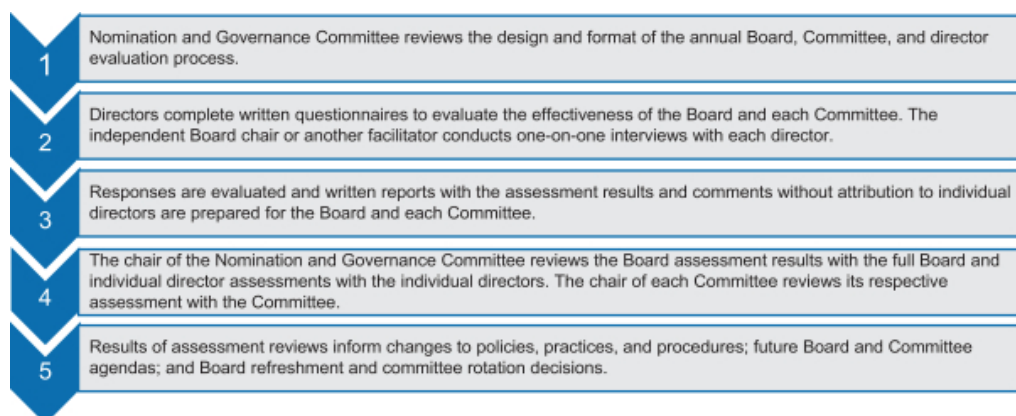

Committee	Number of Meetings
Audit	9
People and Compensation	6
Nomination and Governance	6
Sustainability, Safety, and Innovation	6

Our Corporate Governance Guidelines provide an expectation that the members of our Board of Directors attend all meetings of the Board and committees of which they are a member, along with attending our annual meeting of stockholders. In 2020, no director attended fewer than 75% of the aggregate of the total number of Board meetings and meetings of the Committees on which the director served. All directors attended the Company’s 2020 Annual Meeting of Stockholders.

Limits on Other Directorships. Pursuant to our Corporate Governance Guidelines, directors who are employed as executive officer of another public company may only serve on a total of two public company boards, including the board of the company with which he or she is employed. Additionally, directors, who are not current executive officers of a public company, may serve on a maximum of three public company boards, including our Board. Our current directors who are not also executive officers of a public company, may serve on a maximum of five public company boards, including our Board until December 31, 2021 at which time any such director must resign or reduce his or her service to three public company boards. Therefore, any director candidate nominated by the Company who, upon election to the Board, would serve on more than three public company boards has represented to the Company that such director intends to resign from one or more of his or her other public company boards on or before December 31, 2021.

Board Refreshment. As part of the Company’s Board refreshment process, our Certificate of Incorporation provides that all directors stand for election at each annual meeting of stockholders. Our Corporate Governance Guidelines provide that effective beginning at the 2021 Meeting, no director may stand for reelection to the Board after reaching age 75. The Board may in unusual circumstances and for a limited period of time ask a director to stand for reelection after the prescribed retirement date. In connection with the Annual Meeting, Lee M. Thomas, age 76, will not stand for re-election.

Board Annual Performance Reviews. Under the Company’s Corporate Governance Guidelines, the Board annually conducts a self-evaluation of the Board’s performance as a whole. In addition, the Board will annually evaluate individual director performance and effectiveness, with at least one-third of the directors being evaluated each year on a staggered basis. The performance and effectiveness of each standing committee of the Board is also evaluated on an annual basis in accordance with their respective written charter. At least every three years, an evaluation of the Board’s performance and effectiveness will be conducted by an independent, third party overseen by the Nomination and Governance Committee. This may be conducted in substitute of, or separate from, an internally administered annual self-evaluation of the Board’s performance.

Our Board, Committee, and individual director evaluations are collectively designed to solicit input and perspective on various topics, including:

- Board structure, size, and composition, including director skills and experience and Board refreshment;
- Committee structure and allocation of responsibilities;
- Conduct of meetings, including cadence, length, and opportunity for director input and meaningful discussion;
- Materials and information, including quality, timeliness, and relevance;
- Director orientation and education;
- Director performance, including attendance, preparation, and participation;
- Access to management and internal and external experts, resources, and support;
- Committee structure and process, member and chair performance, duties and functions, and management support; and
- Performance of the Board chair, including communication, relationship with management, availability, focus on appropriate issues, and inclusiveness.

Stock Ownership Policy for Non-Employee Directors. The Company's Corporate Governance Guidelines provide stock ownership guidelines, which require non-employee directors to own within five years from their respective appointment date, five (5) times their annual cash retainer in equity of the Company. Each non-employee director is also required to hold all equity-based compensation until his or her retirement from the Board of Directors. For more information about the stock ownership policy for executive officers, please see the "Compensation Discussion and Analysis" section of this Proxy Statement.

Executive Sessions. Pursuant to our Corporate Governance Guidelines, the independent directors meet in regularly scheduled executive sessions. The Chair presides over these meetings.

Code of Conduct. We have adopted a written Code of Conduct for directors as well as a Code of Conduct applicable to all officers and employees. Additionally, we maintain a written Code of Financial Ethics, applicable to our principal executive officer, principal financial officer, principal accounting officer, controller, and all employees performing similar functions. These codes cover, among other things, professional conduct, conflicts of interest, accurate recordkeeping and reporting, public communications, and the protection of confidential information, as well as adherence to laws and regulations applicable to the conduct of our business. Copies of these documents are available free of charge on the "Corporate Governance" section of the Company's website at www.investors.corteva.com or otherwise upon written request addressed to Corteva, Inc., 974 Centre Road, Building 735, Wilmington, Delaware 19805, Attention: Investor Relations.

Director Continuing Education. Pursuant to the Corporate Governance Guidelines, the Company provides new directors with an orientation to become familiar with the Company and its strategic plans and businesses, significant financial matters, core values, including ethics, compliance programs, corporate governance practices, and other key policies and practices, through a review of background materials, meetings with senior executives, and visits to Company facilities. When orientations are held, all directors are invited to take part. The Nomination and Governance Committee regularly evaluates and identifies opportunities to provide directors with ongoing education. Additionally, the Company provided all directors with a subscription to the National Association of Corporate Directors' publications and encourages directors to periodically attend these workshops and seminars regarding corporate governance and other topics. In addition to direct education, management provides regular business updates and other ad hoc communications to our Board to keep them abreast of matters relevant to our business and industry.

Communications with the Board. Stockholders and other interested parties may communicate directly with the Board, the non-management directors or the independent directors as a group, or specified individual directors by writing to such individual or group c/o Corporate Secretary Office, Corteva, Inc., 974 Centre Road, Building 735, Wilmington, Delaware 19805. The Corporate Secretary will forward such communications to the relevant group or individual at or prior to the next meeting of the Board. The Board has instructed our Corporate Secretary to review the correspondence prior to forwarding it, and in his discretion, not to forward certain items if he deems them to be of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration. In these cases, the Corporate Secretary may forward some of the correspondence elsewhere in the Company for review and possible response.

RELATED PERSON TRANSACTIONS

OUR POLICIES

The Board adopted written policies and procedures relating to the approval or ratification of each “Related Person Transaction.” Under the policies and procedures, the Nomination and Governance Committee (or any other committee comprised of independent directors designated by the Board) reviews the relevant facts of all proposed Related Person Transactions and either approves, disapproves, or ratifies the entry into a particular Related Person Transaction, by taking into account, among other factors it deems appropriate:

- (i) the commercial reasonableness of the transaction;
- (ii) the materiality of the Related Person’s direct or indirect interest in the transaction;
- (iii) whether the transaction may involve a conflict of interest, or the appearance of one;
- (iv) whether the transaction was in the ordinary course of business; and
- (v) the impact of the transaction on the Related Person’s independence under the Corporate Governance Guidelines and applicable regulatory and listing standards.

No Director may participate in any discussion or approval of a Related Person Transaction for which he/she or any of his/her immediate family members is the Related Person. Related Person Transactions are approved or ratified only if they are determined to be in the best interests of Corteva and its stockholders.

If a Related Person Transaction that has not been previously approved or previously ratified is discovered, the Related Person Transaction will be presented to the Nomination and Governance Committee for ratification. If the Nomination and Corporate Committee does not ratify the Related Person Transaction, then the Company either ensures all appropriate disclosures regarding the transaction are made or, if appropriate, takes all reasonable actions to attempt to terminate the Company’s participation in the transaction.

Under Corteva’s policies and procedures, a “Related Person Transaction” is generally any financial transaction, arrangement, or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements, or relationships in which:

- (i) Corteva (and/or its subsidiaries) was, is, or will be a participant;
- (ii) the aggregate amount involved exceeds \$120,000 in any fiscal year; and
- (iii) any Related Person had, has, or will have a direct or indirect material interest.

A “Related Person” is generally any person who is, or at any time since the beginning of Corteva’s last fiscal year was:

- (i) a director or an executive officer of Corteva or a nominee to become a director of Corteva;
- (ii) any person who is known to be the beneficial owner of more than 5% of any class of Corteva’s outstanding common stock; or
- (iii) any immediate family member of any of the persons mentioned above.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

On June 1, 2019, Corteva became an independent, publicly traded company through the previously announced separation (the “Separation”) of the agriculture business of DuPont de Nemours, Inc. (formerly known as DowDuPont Inc.) (“DuPont” or “DowDuPont”). DowDuPont was formed on December 9, 2015 to affect an all-stock, merger of equals strategic combination between the Dow Chemical Company (“Historical Dow”) and E. I. du Pont de Nemours and Company (“Historical DuPont” or “EID”). On August 31, 2017, Historical Dow and Historical DuPont each merged with wholly owned subsidiaries of DowDuPont and, as a result of the mergers, Historical Dow and Historical DuPont became subsidiaries of DowDuPont (collectively, the “Merger”).

Subsequent to the Merger, Historical Dow and EID engaged in a series of internal reorganization and realignment steps to realign their businesses into three subgroups: agriculture, materials science, and specialty products through a series of

RELATED PERSON TRANSACTIONS

tax-efficient transactions. Prior to March 31, 2019, Corteva, Inc. had engaged in no business operations and had no assets or liabilities of any kind, other than those incident to its formation.

The Separation of Corteva was effectuated through a pro rata distribution of all of the then-issued and outstanding shares of common stock, par value \$0.01 per share, of Corteva, Inc., which was then a wholly owned subsidiary of DowDuPont, to holders of record of DowDuPont common stock as of the close of business on May 24, 2019 (the "Distribution"). On May 31, 2019, EID was contributed to Corteva and, as a result, Corteva, Inc. owns 100% of the outstanding common stock of EID. On June 1, 2019, DowDuPont completed the Separation, and Corteva's common stock began trading on the New York Stock Exchange under the ticker symbol "CTVA" on June 3, 2019, the first business day after June 1, 2019.

DowDuPont Inc. changed its name to DuPont de Nemours, Inc. in connection with the Separation. With respect to this proxy statement, EID is referred to as Historical DuPont with respect to events occurring prior to the Internal Reorganization.

In connection with the Corteva Separation and Distribution, Corteva entered into certain agreements to effectuate the Separation, to provide for the allocation of assets, employees, liabilities, and obligations (including its investments, property, and employee benefits and tax-related assets and liabilities) among the DuPont, Dow, and Corteva (together, the "Parties" and each a "Party"); and to provide a framework for business dealings between the parties following the Separation and Distribution. Descriptions of these agreements are incorporated by reference from "Our Relationship with New DuPont and Dow Following the Distribution" in Exhibit 99.1 to the Company's Registration Statement on Form 10, dated May 6, 2019 and Item 1.01 of the Company's Current Report on Form 8-K, dated June 3, 2019. All descriptions therein and below are qualified in their entirety by reference to the full text of such final, executed agreements filed therewith.

Separation and Distribution Agreement. Effective April 1, 2019, the Parties entered into an agreement that sets forth, among other things, the agreements among the Parties regarding the principal transactions necessary to affect the Distributions. It also sets forth other agreements that govern certain aspects of the Parties' ongoing relationships after the completion of the Distributions (the "Corteva Separation Agreement"), including the liabilities assumed and the release of claims and indemnification obligations between the Parties. For more information regarding the current liabilities and indemnification obligations under this agreement, see "Note 18 — Commitments and Contingent Liabilities, to the Consolidated Financial Statements" contained in our Annual Report.

Tax Matters Agreement. The Parties entered into an agreement effective as of April 1, 2019, as amended on June 1, 2019, that governs their respective rights, responsibilities, and obligations with respect to tax liabilities and benefits, tax attributes, the preparation and filing of tax returns, the control of audits and other tax proceedings, and other matters regarding taxes.

Employee Matters Agreement. The Parties entered into an agreement that identifies employees and employee-related liabilities (and attributable assets) to be allocated (either retained, transferred and accepted, or assigned and assumed, as applicable) to the Parties as part of the Distributions and describes when and how the relevant transfers and assignments would occur.

Intellectual Property Cross-License Agreements. Effective as of April 1, 2019 Corteva and Dow, and effective June 1, 2019 Corteva and DuPont, entered into Intellectual Property Cross-License Agreements. The Intellectual Property Cross-License Agreements set forth the terms and conditions under which the applicable Parties may use in their respective businesses, following each of the Distributions, certain know-how (including trade secrets), copyrights, and software, and certain patents and standards, allocated to another Party pursuant to the Corteva Separation Agreement.

Letter Agreement. DuPont and Corteva entered into a Letter Agreement on June 1, 2019. The Letter Agreement sets forth certain additional terms and conditions related to the Separation, including certain limitations on each party's ability to transfer certain businesses and assets to third parties without assigning certain of such party's indemnification obligations under the Corteva Separation Agreement to the other party to the transferee of such businesses and assets or meeting certain other alternative conditions. For more information regarding this agreement, see "Note 18 — Commitments and Contingent Liabilities, to the Consolidated Financial Statements" contained in our Annual Report.

Memorandum of Understanding. On January 22, 2021, Corteva, DuPont, The Chemours Company ("Chemours"), and EID entered into a memorandum of understanding containing a settlement to resolve certain legal disputes originating

from the spin-off of Chemours from EID, including in respect of litigation and environmental liabilities allocated to and assumed by Chemours in connection with the spin-off. The memorandum of understanding establishes a cost sharing arrangement between Corteva, DuPont, and Chemours regarding, and an escrow account to be used to support and manage, potential future legacy per- and polyfluoroalkyl substances liabilities arising out of pre-July 1, 2015 conduct. The cost sharing arrangements established as between Corteva and DuPont are subject to their existing Letter Agreement. For more information regarding the memorandum of understanding and the cost sharing arrangement, see “Note 18 — Commitments and Contingent Liabilities, to the Consolidated Financial Statements” contained in our Annual Report.

Other Agreements. The Parties entered into several other licensing, services, support, software, supply, and lease agreements in connection with the Separation. The descriptions of these agreements are also incorporated by reference from the description provided in “Our Relationship with New DuPont and Dow Following the Distribution” in Exhibit 99.1 to the Company’s Registration Statement on Form 10, dated May 6, 2019.

Edward Breen, who was the chief executive officer of DowDuPont through the Separation, served as director on the Board through April 2020. Since the Separation, Mr. Breen has also been the executive chairman of DuPont. Mr. Breen became the chief executive officer of DuPont in February 2020.

DELINQUENT SECTION 16(a) REPORTS

Based solely upon a review of SEC filings furnished to the Company and the written representations of our directors and executive officers that no other reports were required, the Company believes that all of its executive officers and officers filed any reports for the year ended December 31, 2020 and reported all transactions on a timely basis except: Lee M. Thomas and Neal Gutterson, the Company's former Senior Vice President and Chief Technology Officer.

Mr. Thomas had one late reported transaction for shares acquired on his behalf by his investment manager in a managed account without his knowledge or approval. Mr. Gutterson had three late reported transactions related to cashless stock option exercises after his broker failed to report the transactions back to the Company as instructed for the submission of his Section 16(a) reports.

SUSTAINABILITY VALUES AND INITIATIVES

OVERVIEW

Corteva is focused on continuing to drive sustainable innovation that brings progress and prosperity for future generations through sustainable food production. For us this means more than expanding the food supply. It also encompasses social, economic, and ecological considerations, such as infrastructure, storage, waste reduction, and improving and preserving water quality — all of which are critical to achieving global food security. It includes producing sustainable nutrition alternatives by boosting the nutritional benefits of soy, encouraging sustainable planting methods by developing corn hybrids resistant to insects, diseases and herbicides, and developing sustainable pest control methods.

Corteva believes that companies contribute to sustainable growth efforts by engaging in regular, open dialogue with stakeholders about community and company issues and working together to solve problems. This includes our stockholders. In 2020, our directors and members of management continued our engagement efforts by offering to meet with stockholders representing over 54% of our common stock, and ultimately meeting with stockholders representing approximately 49% of our common stock, in each case, outstanding as of December 31, 2020, including over 57% of the common stock held by our 50 largest stockholders. While some stockholders declined to engage with us at that time, Corteva's management and, in some circumstances, members of its Board, attended meetings to discuss the Company's sustainability initiatives, human capital management, corporate governance policies, and business strategy.

Corteva plans to continue productive dialogue with its stockholders going forward on these topics. In 2021, Corteva intends to add to its level of sustainability transparency through the publication of its first sustainability report, which will be aligned with the Global Reporting Initiative (GRI) standards.

Sustainability initiatives are overseen by our Board and its Committees. Our Sustainability, Safety and Innovation Committee regularly monitors the Company's sustainability measures and efforts, and provides oversight of the risks related to the Company's innovation pipeline, while our Nomination and Governance Committee retains oversight of our ethics and compliance programs, which reinforce our values. Our People and Compensation Committee oversees the Company's human capital management and inclusion, diversity, and equity strategy. Sustainability, ethics, and diversity, inclusion, and equity matters are supported by senior management committees that make recommendations to our Board and Committees, and also implement the Company's sustainability initiatives.

AGENDA ITEM 1: ELECTION OF DIRECTORS

BOARD COMPOSITION

Our Board is elected annually and currently consists of sixteen members, with Mr. Page serving as its Chair.

Our Board believes in maintaining a diverse and well-rounded membership, complete with qualifications, skills, and experience that support not only the Company's business needs, but that also provide a current, holistic approach to the Company's business model as a whole. Our Board has developed a deep and varied skill set, with a membership that reflects a comprehensive spectrum of both professional and personal experiences. The Board is committed to diversity and inclusion at the Board level and throughout the Company and has taken steps to identify diverse candidates with respect to gender, ethnicity, race, nationality, age, skills, and experience in the context of the needs of the Board in the pool of potential candidates under consideration, while balancing the need to identify candidates for nomination that add to, or otherwise complement, the skills and qualifications of its existing members through regular refreshment of our Board.

The Nomination and Governance Committee, along with our Board, believe that our stockholders benefit from a Board drawing upon a broad array of experiences and backgrounds. With Mr. Thomas not standing for re-election due to reaching the standard retirement age under the Company's Corporate Governance Guidelines, the Nomination and Governance Committee prioritized its Board refreshment and succession planning, work with third party search firms, and the identification of diverse candidates with financial expertise and other skills and qualifications valuable from an investor perspective.

On March 19, 2021, the Company entered into an agreement (the "Agreement") with Starboard Value LP and certain of its affiliates (collectively, "Starboard") in connection with Starboard's notice of its intention to nominate certain individuals for election as directors at the 2021 Meeting. Pursuant to the Agreement, the Company agreed to increase its Board size to 16 directors and immediately appoint three new individuals, David C. Everitt, Janet P. Giesselman, and Kerry J. Preete, to the Board. The Company also confirmed that three incumbent directors would not stand for re-election to the Board at the 2021 Meeting. Starboard has agreed to certain customary standstill provisions and other covenants, including, among others, withdrawing its proposed director candidates for election at the 2021 Meeting and to vote in favor of the Company's proposed slate of directors at the 2021 Meeting. The terms of the Agreement are more fully set forth in Exhibit 10.1 to the Current Report on Form 8-K filed by the Company on March 19, 2021.

In addition to the three directors appointed pursuant to the Agreement, the Company appointed Karen H. Grimes to the Board. In addition to Mr. Thomas not standing for re-election as described above, effective as of March 19, 2021, the Company accepted the decisions of Robert A. Brown and Lois D. Juliber to not stand for re-election at the 2021 Meeting.

Consistent with our priorities, the Board has nominated a diverse slate of candidates consisting of: Lamberto Andreotti; James C. Collins, Jr.; Klaus A. Engel; David C. Everitt; Janet P. Giesselman; Karen H. Grimes; Michael O. Johanns; Rebecca B. Liebert; Marcos M. Lutz; Nayaki Nayyar; Gregory R. Page; Kerry J. Preete; and Patrick J. Ward. RECOMMENDATIONS AND NOMINATIONS FOR DIRECTOR

In accordance with the recommendation of the Nomination and Governance Committee, the Board has nominated each of its 13 director nominees to serve for a one-year term that expires at the Company’s 2022 Annual Meeting of Stockholders (the “2022 Meeting”), or until their successors are elected and qualified. Each of the director nominees has expressed his or her willingness to serve. In accordance with the Company’s Corporate Governance Guidelines, the nominees not currently serving as an executive officer of a company and serving on three or more public company boards, including the Company’s Board, will reduce their total public company boards to three by December 31, 2021.

The Board unanimously recommends a vote FOR the election of ALL of these nominees as Directors of the Board.

The Company benefits from an experienced, engaged, diverse, and independent board of directors with directors that have a deep knowledge of the Company’s business. After the 2021 Meeting, and assuming each of the Board’s nominees is elected, our Board will consist of thirteen highly qualified directors, twelve of whom will be independent. Collectively, the Board reflects the diversity of operational expertise and experience necessary to oversee the Company’s strategic direction, operational execution and performance enhancements, and efforts to drive long-term stockholder value.

As provided by Article 2.7 of the Company’s Bylaws, directors will be elected by a vote of a majority of the votes cast. A majority of the votes cast means that the number of votes FOR a nominee must exceed the number of votes AGAINST that nominee. In an uncontested election, abstentions and broker non-votes will not be counted as votes cast either for or against the nominees and therefore will have no effect on the election of the nominees.

Under the Corporate Governance Guidelines, if a nominee who already serves as a director is not elected, that nominee shall offer to tender his or her resignation to the Board. The Nomination and Governance Committee will then recommend to the Board whether to accept or reject the resignation, or whether other action should be taken. Within ninety days of the certification of election results, the Board will publicly disclose its decision regarding whether to accept or reject the resignation. As explained on the accompanying proxy card or voting information, it is the intention of the persons named as proxies to vote executed proxies FOR the candidates nominated by the Board unless contrary voting instructions are provided.

The NYSE rules do not permit brokers with discretionary authority to vote in the election of directors. Therefore, if you hold your shares beneficially and do not provide voting instructions to your bank or broker, your bank or broker will abstain from voting on your behalf and your shares will not be voted in the election of directors. We urge you to promptly provide voting instructions to your broker to ensure that your shares are voted on this matter. Please follow the instructions set forth in the voting information provided by your bank or broker.

- (a) For Mr. Breen, represents fees paid prior to his resignation from the Board. For Ms. Nayyar, represents a prorated annual retainer paid between her appointment to the Board and the end of the calendar year. For Mr. Page, the retainer includes the prorated portion of the higher Chair fee that was in effect from June 2019 through May 2020 of \$80,000.
- (b) The number of RSUs granted was determined by dividing the value of the 2020 grant (\$170,000) by the closing price of Corteva common stock on the grant date and rounding up to the next multiple of 10. The April 28, 2020 RSU grant for all directors other than Ms. Nayyar and Mr. Page had a full grant date fair value of \$26.19 per share with a total value of \$170,235 in accordance with the same standard applied for financial accounting purposes. The RSU grant to Ms. Nayyar had a total value of \$198,520, as it included an additional number of units granted to reflect her service between her appointment to the Board and the Annual Meeting of Stockholders, at which the Director’s annual RSU grant is made. The RSU grant to Mr. Page had a total value of \$260,067, as it included the portion of his Board Chair Retainer which is delivered in the form of equity.

- (c) Represents the estimated change in the actuarial present value of Ms. Juliber's accumulated pension benefits under Historical DuPont's discontinued Retirement Income Plan for Non-Employee Directors. Also includes for Ms. Juliber and Mr. Page the value of above-market earnings on nonqualified deferred compensation balances, the total amount of which for Ms. Juliber and Mr. Page was \$181 and \$74, respectively.
- (d) Includes accidental death and disability insurance premiums, along with accruals made in 2020 for Dr. Brown and Ms. Juliber under Historical DuPont's discontinued Directors' Charitable Gift Plan, of which Dr. Brown and Ms. Juliber are the only members of the Board that participate in the plan. For Dr. Brown and Ms. Juliber, the amounts accrued under the Historical DuPont Charitable Gift Plan were \$110,509 and \$109,426, respectively. Corteva allows directors to use its corporate aircraft for personal use for reasons of safety and for the Company's preference and convenience. For Mr. Page and Ms. Juliber this amount also includes \$14,295 and \$19,621, respectively, for personal travel for the Company's convenience on the Company's aircraft. Due to COVID-19 personal flights for directors were permitted in 2020 to reduce the directors', and where applicable their families', threat of exposure in order to avoid potential exposure to other employees (many of whom are considered essential workers). The value of personal aircraft usage reported above is based on the actual direct operating costs for operating the aircraft, including jet fuel, maintenance, crew travel, catering, inflight wi-fi data usage, and airport related fees. Since the corporate aircraft are used primarily for business travel, the methodology excludes fixed costs which do not change based on usage, such as pilots' and other employees' salaries, purchase costs of the aircraft and non-trip-related hangar expenses.
- (e) Mr. Breen retired from Corteva's Board effective April 28, 2020.

Non-Employee Directors Stock Grant

In April 2020, each non-employee director serving on the Board, except for Ms. Nayyar and Mr. Page, received a grant of 6,500 RSUs, with provisions limiting transfer until retirement from service on the Board. Ms. Nayyar joined the Board in February 2020, and in addition to the grant of 6,500 RSUs, received an additional grant of 1,080 RSUs on the same date, on identical vesting terms, to reflect her service on the Board prior to the annual award grant date. Mr. Page received a grant of 9,930 RSUs, which reflects the equity portion of his non-executive chair fee in addition to the equity portion of his non-employee director retainer.

Non-Employee Directors Stock Ownership Guidelines

The Company's stock ownership guidelines require non-employee directors to own within five years from their respective appointment date, five (5) times their annual cash retainer in equity of the Company. Equity is a key component of director compensation in order to align their interests with those of the Company's stockholders. In order to ensure the non-employee directors meet the guidelines, the Company's stock ownership guidelines also require the director to hold all equity compensation until his or her retirement from the Board. The equity retainer award will not vest until the non-employee director retires from the Board. As of December 31, 2020, the non-employee directors were in compliance with the stock ownership guidelines, or are anticipated to reach their guideline within the prescribed timeframe.

Non-Employee Directors Deferred Compensation Plan

Non-employee directors may choose, prior to the beginning of each year, to have all or part of their fees credited or deferred to a Stock Accumulation and Deferred Compensation Plan for non-employee directors. Under the plan, a director may defer all or part of the Board retainer and Committee Chair fees in cash or stock units until retirement as a director or until a specified year after retirement. Interest accrues on deferred cash payments and dividend equivalents accrue on deferred stock units. As part of the retention requirements, equity grants will be held until retirement. However, a director may defer payments beyond retirement.

Business Travel Accident Insurance for Non-Employee Directors

The Company maintains business travel accident insurance policies covering each non-employee director, which will cover accidental death and dismemberment if the director is traveling on Corteva business.

Historical DuPont Directors' Retirement Income Plan

In 1998, Historical DuPont discontinued its legacy retirement income plan for non-employee directors. Non-employee directors who began their service on the Historical DuPont Board prior to the plan's discontinuation continue to be eligible to receive benefits under the plan. Upon retirement, annual benefits payable under the plan equal one-half of the annual board retainer (up to \$85,000 and exclusive of any Committee compensation and stock, RSU, or stock option grants) in effect at the director's retirement. Benefits are payable for the lesser of life or ten years. Ms. Juliber is the only non-executive director eligible to participate in this plan.

Historical DuPont Directors' Charitable Gift Plan

In October 2008, Historical DuPont discontinued its legacy Historical DuPont charitable gift plan with respect to future directors. Under this plan after the death of the director, DuPont donated five consecutive annual installments of up to \$200,000 each to tax-exempt educational institutions or charitable organizations recommended by the director and approved by Historical DuPont.

AGENDA ITEM 1: ELECTION OF DIRECTORS

A director was fully vested in the plan after five years of service as a director or upon death or disability. The plan is unfunded. Historical DuPont does not purchase insurance policies to satisfy its obligations under the plan. The directors do not receive any personal financial or tax benefit from this program because any charitable, tax-deductible donations accrue solely to the benefit of EID. Employee directors were able to participate in the plan if they made a required annual contribution. Dr. Brown and Ms. Juliber are the only non-executive directors eligible to participate in this plan.

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

Corteva's compensation philosophy is to provide pay for performance in support of our long-term business objectives, as well as the achievement of annual targets. Since establishing itself as an independent company after its Separation from DowDuPont, which occurred in June 2019, Corteva has been focused on growing its business as a pure-play agricultural company leveraging differentiated, world-leading innovation capabilities to provide best-in-class germplasm and traits in its seed segment, creating many new products from an innovative pipeline such as Brevant™, Rinskor™, Arylex™ and the Enlist™ soybean trait which could be carried by 30% of the soybean units in North America, and increasing our emphasis on higher-margin patented & differentiated products in our crop protection segment.

The COVID-19 pandemic made 2020 a year of profound societal and economic disruption globally. Despite these challenges, our team rapidly implemented comprehensive plans to keep our people, customers, and communities safe, our employees healthy, and our supply chains running smoothly. Underpinning Corteva's progress was strong organic revenue growth for 2020, with gains across both its business segments and across all regions. Corteva also demonstrated its commitment to cost reductions in 2020 by managing spending and delivering on its productivity programs. These long-term savings were mostly offset in 2020 by headwinds from higher input costs and investments to support growth, in addition to unfavorable currency fluctuations that were exacerbated by the impact of the COVID-19 pandemic.

Nevertheless, Corteva delivered more than \$660 million to stockholders via dividends and share repurchases, and its strong capital allocation has accelerated its plans to complete its \$1 billion share repurchase program. During 2020, our Total Shareholder Return (TSR)² was 33.5%, outperforming the TSR of the S&P 500 over the same period by approximately 15 percentage points.

Last year, our say-on-pay proposal received the support of 91.7% of votes cast — a significant indication that our stockholders support our compensation program. While we were encouraged by the significant level of support, we have continued our robust stockholder outreach efforts. In 2020, our directors and members of management continued our engagement efforts by offering to meet with stockholders holding over 54% of our common shares and ultimately meeting with stockholders representing approximately half of our common shares, in each case, outstanding as of December 31, 2020, including over 57% of the common shares held by our 50 largest stockholders. In meetings with our directors, stockholders also had the opportunity to speak to independent directors without members of management present. These meetings included institutional investor executives, governance leads, and portfolio managers, among others. We solicited feedback from stockholders regarding their views as to our business strategy, corporate governance policies, sustainability initiatives, and human capital management and compensation practices. Stockholders expressed support for the structure of our ongoing compensation program. The Board welcomed these opportunities to discuss our compensation program with stockholders and took that feedback into consideration as we continued to evolve our compensation program and other governance policies.

For 2020 we continued to take action with respect to our compensation program to further align our executive management's compensation with our stockholders' interests, including, among others, the following:

- granted long-term incentives solely as performance-based stock units and stock options for our executive management, which strengthens our philosophy of providing a significant portion of our NEO's annual compensation in the form of at-risk, performance-based equity;
- added Organic Revenue Growth as a second performance metric under our annual short-term incentive program to further incentivize behaviors we believe will be the foundation for prudent, long-term growth;
- despite the operational challenges and economic uncertainty caused by the COVID-19 pandemic, we maintained the performance goals established prior to the COVID-19 pandemic for all our incentive awards and did not exercise discretion to make payments in excess of actual performance or grant any make whole awards; and
- continued the post-Separation process of moving our NEOs' compensation on a glidepath to the median of our peer group.

² TSR is calculated using the volume weighted average price at January 1, 2020 through December 31, 2020 with dividends reinvested.

The contributions of Corteva's executive leadership through the COVID-19 pandemic and other disruptions over the last year were a key component to the strength and durability of its strategy. While acknowledging Corteva's success in weathering such challenges and the immense contributions from our executive leadership team during the COVID-19 pandemic, our Committee determined that our NEOs should remain subject to the performance goals established prior to the COVID-19 pandemic.

For further information regarding how we use and calculate Operating EBITDA and Organic Revenue Growth, see the table and accompanying footnotes under *2020 PRP PERFORMANCE AND PAYOUT FACTOR* below.

OUR EXECUTIVE COMPENSATION PHILOSOPHY

Corteva's executive compensation programs are designed to attract, engage, reward, and retain the high-quality executives necessary to lead the Company and execute our business strategy in alignment with the best interests of stockholders. Corteva provides compensation through an appropriate mix of fixed and variable compensation, short-term and long-term incentives, and cash-based and equity-based pay. Its executive compensation programs target the market median for each of the key compensation components.

Corteva compensation programs are designed and administered to follow these core principles:

- Reinforce Corteva's business objectives and the creation of sustainable long-term stockholder value;
- Align executives' interests with stockholders' interests by weighting a significant portion of compensation on long-term performance programs designed to drive sustained stockholder returns;
- Establish a strong link between pay and performance that support growth and innovation without encouraging or rewarding excessive risk; and
- Recognize and support outstanding individual performance and behaviors, consistent with clear goals and objectives.

This section summarizes the objectives and elements of Corteva's executive compensation program and discusses and analyzes the 2020 compensation decisions by the Committee regarding our Named Executive Officers ("NEOs"). For 2020, Corteva's NEOs are:

COMPENSATION DISCUSSION AND ANALYSIS

We regularly review best practices in governance and executive compensation to evaluate that our programs align with our core principles. Here are some of the compensation practices we follow:

2020 COMPENSATION PRACTICES AND POLICIES

What We Do	What We Don't Do
<ul style="list-style-type: none"> ✓ Use performance metrics to align pay with performance, with a structure designed to discourage excessive risk-taking, including utilizing caps on incentive plan payouts ✓ Balance short-term and long-term incentives using multiple performance metrics, which balance achieving near-term targets with investing for sustainable long-term growth through innovation ✓ Set rigorous stock ownership and retention requirements for NEOs (values equal to a target multiple of base salary) ✓ Maintain a compensation clawback policy ✓ Employ an independent compensation consultant to review and advise on executive compensation ✓ Use tally sheets ✓ Regularly review the People and Compensation Committee (the "Committee") Charter to ensure independence and adherence to best practices and priorities ✓ Regularly review our peer group with the Committee to ensure appropriate benchmarking of our compensation programs ✓ Conduct annual say-on-pay votes 	<ul style="list-style-type: none"> × Enter into employment agreements × Enter into severance agreements or maintain plans and programs that include single-trigger change-in-control provisions × Establish or allow excessive compensation practices that encourage excessive risk-taking × Allow short sales, hedging, margin accounts, or pledging of Corteva securities by our executives and directors × Reload, reprice, or backdate stock options × Grant stock options with an exercise price less than fair market value × Provide tax gross-ups on benefits and perquisites (except for limited mobility benefits) × Pay dividends on unvested or unearned performance share units

Stockholder Feedback

The Committee believes stockholder advisory votes on executive pay ("say-on-pay") are an important element of stockholder feedback and holds say-on-pay votes annually. As noted above, at our 2020 Annual Meeting of Stockholders, 91.7% of votes cast by stockholders were in favor of the Company's say-on-pay proposal, reflecting continuing support for the Corteva's compensation programs and practices. As discussed elsewhere in this proxy statement, we offer to engage with stockholders regarding the Company's business strategy, corporate governance policies, sustainability initiatives, and human capital management and compensation practices. Based upon the feedback from these engagements, we believe our 2020 compensation program design to be well aligned with the practices expected by our stockholders.

Summary of Our 2020 Compensation Actions

Linking Pay with Performance

Pay actions for our NEOs in 2020 reflected both our Company performance, including significant organic revenue growth globally across its segments, and our executive compensation philosophy of aligning pay with performance. Despite the COVID-19 pandemic, the Committee decided to focus on the long-term and left in place the already established 2020 goals and metrics for our short- and long-term incentive programs. While acknowledging Corteva's success in weathering the challenges presented by the COVID-19 pandemic and the immense contributions from our executive leadership team during the COVID-19 pandemic, our Committee determined that our NEOs should remain subject to the performance goals established prior to the COVID-19 pandemic.

2020 SHORT-TERM PERFORMANCE AND INCENTIVE COMPENSATION

In 2020, we added Organic Revenue Growth as a performance metric under our short-term incentive program, the Corteva Performance Reward Plan (“PRP”), to further incentivize behaviors we believe will be the foundation for prudent long-term growth and strengthen the alignment of our executives’ compensation with our stockholders’ interests. The NEO average payout factor was 106.5% of target, which is based on performance against an Organic Revenue Growth target of 5.0% and Operating EBITDA target of \$2.2 billion, as well as the impact of individual performance assessments. For further discussion, please see *2020 Compensation Decisions —Our Annual Compensation Program*.

LONG-TERM PERFORMANCE AND INCENTIVE COMPENSATION

Performance-based restricted stock units (“PSUs”) were granted in the first quarter of 2020, with performance to be assessed over a period of three years. These PSU awards utilize Return on Invested Capital (“ROIC”) and Operating EPS Growth, equally weighted, to align with the Company’s strategic priorities. Stock options were also granted in the first quarter of 2020, vesting in equal installments, which enhances the link between our NEOs’ compensation and our stockholders’ returns on their investment.

2020 Long-Term Incentive Awards

In 2020, we eliminated the use of time-based RSUs for the annual LTI awards granted to our NEOs in order to better align with our philosophy of providing a significant portion of annual compensation in the form of at-risk, performance-based equity. As a result, our LTI program as applicable to our NEOs will consist solely of PSUs and stock options. For 2020, our LTI program for NEOs consisted of a mix of PSUs and stock options, split 60% and 40%, respectively.

Name	2020 LTI — PSU Value*	2020 LTI — Stock Option Value*	2020 LTI — Total Value

HOW WE DETERMINE EXECUTIVE COMPENSATION

The Committee determines compensation for our NEOs and other executive officers and recommends CEO compensation to the independent Board members for their approval. The NEOs are the Company’s CEO, the Chief Financial Officer, and the three next most highly compensated executive officers.

In 2020, the Committee retained Frederic W. Cook & Co., Inc. (“Cook”) as its independent compensation consultant on executive compensation matters. Cook performs work at the direction and under the supervision of the Committee, and provides no services to Corteva other than those for the Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Oversight Responsibilities for Executive Compensation

The table below summarizes the distribution of oversight responsibilities related to executive compensation.

People and Compensation Committee	<ul style="list-style-type: none"> Establishes executive compensation philosophy Approves incentive compensation programs and target performance expectations for PRP and the PSU component of long-term incentive (“LTI”) awards Approves all compensation actions for the executive officers, other than the CEO, including base salaries, target and actual PRP awards, and LTI grants, including target and actual PSU awards Recommends to the independent Board members compensation actions for the CEO, including base salary, target and actual PRP award, and LTI grant, including target and actual PSU award
All Independent Board Members	<ul style="list-style-type: none"> Evaluates the performance of the CEO Approves all compensation actions for the CEO, including base salary, target and actual PRP award, and LTI grant, including target and actual PSU award
Independent Committee Consultant — Cook	<ul style="list-style-type: none"> Provides independent advice, research, and analytical services on a variety of subjects to the Committee, including compensation of executive officers, nonemployee director compensation, and executive compensation trends Participates in Committee meetings as requested and communicates with the Chair of the Committee between meetings
CEO	<ul style="list-style-type: none"> Provides a performance assessment of the other executive officers Recommends compensation targets and actual awards for the other executive officers to the Committee

In addition to Company performance, the Committee considers a broad array of facts and circumstances in finalizing executive officer pay decisions, including competitive analysis, tally sheets, and stockholder feedback. Our compensation programs are dynamic, and the Committee actively updates such programs in response to changing circumstances to ensure that our executive officers’ compensation is aligned with our stockholders’ interests.

We Conduct a Competitive Analysis

Peer Group Analysis

To ensure a complete and robust picture of the overall compensation environment, and to provide consistent comparisons against which to benchmark compensation for the CEO and other NEOs, we utilize a select group of peer companies (“peer group”) to:

- Benchmark pay design including mix and performance criteria
- Test the link between pay and performance
- Determine the competitiveness of the compensation paid to our NEOs

The peer group generally reflects the agricultural and chemical industries in which we operate, represents the multiple markets in which we compete — including markets for executive talent, customers and capital — and comprises large companies with a strong scientific focus and/or research intensity and a significant international presence.

To help guide the selection process in an objective manner, the Committee established the following criteria requiring peer group companies be:

- Publicly traded U.S. companies and select non-U.S. based companies traded on the New York Stock Exchange to facilitate pay design and performance comparisons
- Direct business competitors
- Companies similar in size to Corteva — 1/3X to 3X revenue and market capitalization criteria

Based upon the criteria it established, the Committee, in consultation with Cook and with management, initially established the following peer group in connection with its Separation:

3M Company	Deere & Company	Nutrien Ltd.
Air Products and Chemicals, Inc.	Eastman Chemical Company	Perrigo Company plc
Archer-Daniels Midland Company	Ecolab Inc.	PPG Industries, Inc.
Avery Dennison Corporation	FMC Corporation	The Sherwin-Williams Company
Celanese Corporation	Honeywell International Inc.	Zoetis Inc.

The Committee most recently reviewed Corteva's Peer Group in July 2020, and no changes to its composition were determined to be appropriate.

Published Compensation Surveys

In addition to benchmarking our compensation programs against our peer group, the Committee utilizes data obtained from published compensation surveys. The data utilized from these surveys represents large companies with median revenue comparable to Corteva's. Data obtained from these published surveys are used in conjunction with peer group data in assessing the compensation of our NEOs, and are used as a secondary source of data for assessing the compensation of our CEO.

Tally Sheets

For each NEO, the Committee annually reviews tally sheets that include all aspects of total compensation and the benefits associated with various termination scenarios. Tally sheets provide the Committee with information on all elements of actual and potential future compensation of the NEOs, as well as data on retention linkages. This helps the Committee confirm that there are no unintended consequences of its actions.

COMPONENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

The components of Corteva's executive compensation program align with its executive compensation philosophy.

DIRECT COMPENSATION COMPONENTS

<u>Pay Element</u>	<u>Role in Program/Objectives</u>	<u>How Amounts Are Determined</u>
Base salary	<ul style="list-style-type: none"> Provides regular source of income for NEOs Provides foundation for other pay components (i.e., PRP targets expressed as a percentage of base salary) 	Based on a range of factors, including peer data, market pay surveys, business results, and individual performance Targeted at approximately market median
PRP awards	<ul style="list-style-type: none"> Align executives with annual goals and objectives Create a direct link between executive pay and annual financial and operational performance 	Actual payout is based on performance of Company, modified as applicable by individual performance Target award is approximately market median
LTI awards	<ul style="list-style-type: none"> Link pay and performance — accelerate growth, profitability, and stockholder return Align the interests of executives with stockholders Balance plan costs, such as accounting and dilution, with employee-perceived value, potential earning opportunity, and employee share ownership objectives 	Actual value realized is based on Company performance over a multi-year time frame and/or is linked to stock price Targeted at approximately market median

Target Compensation Pay Mix

To reinforce our pay-for-performance philosophy, Corteva targets a significant portion of our NEOs' compensation to be "at risk", tying each NEO's compensation to the Company's financial performance, the executive's continued employment

COMPENSATION DISCUSSION AND ANALYSIS

with the Company, and the performance of the Company’s common stock as indicated by our share price. We believe this approach motivates executives to consider the impact of their decisions on stockholder value.

2020 TARGET COMPENSATION MIX AND “PAY AT RISK”

- 90% of targeted Total Direct Compensation (“TDC”) for the CEO at risk
- 18% of the at-risk pay is tied to achievement of annual incentive goals, and 82% is tied to achievement of financial goals and/or share price over a multi-year period

- On average, 73% of TDC for the other NEOs is at risk
- On average, 34% of the at-risk pay is tied to achievement of annual incentive goals, and 66% is tied to achievement of financial goals and/or share price over a multi-year period

Benefits, Retirement and Other Compensation Components

In addition to the annual and long-term direct compensation programs designed to align pay with performance, we provide our executives with additional compensation elements including: health and welfare, vacation, and other benefits, retirement plans, and limited perquisites.

Pay Element	Role in Program/Objectives	How Amounts Are Determined
Standard health, welfare, vacation, and other benefits provided to other employees	<ul style="list-style-type: none"> • Same tax-qualified retirement, medical, dental, vacation benefit, life insurance, and disability plans provided to other employees 	Tax-qualified plans are targeted to peer group median in the aggregate
Non-qualified retirement and deferred compensation plans provided to other employees	<ul style="list-style-type: none"> • Nonqualified retirement plans that restore benefits above the Internal Revenue Code (“IRC”) limits for tax-qualified retirement plans as provided to other eligible employees • Nonqualified deferred compensation plan that allows for deferral of base salary, PRP and LTI awards 	Nonqualified retirement plans are provided to restore benefits lost due to IRC limits
Change in Control and Executive Severance benefits	<ul style="list-style-type: none"> • Severance benefits upon a change in control and qualifying termination (double-trigger) provided to ensure continuity of management in a potential change in control environment • A change in control does not automatically entitle an executive to this severance benefit. An executive must lose his/her job within a defined period surrounding the change in control (see Change in Control and Executive Severance Benefits below for more details) • Severance benefits not associated with a change in control provided as a component of overall competitive compensation and benefit employment package at senior executive levels in the organization 	Benefits provided are a function of both the termination reason (i.e., whether or not associated with a change in control) and the executive level
Limited perquisites	<ul style="list-style-type: none"> • Personal financial counseling (excluding tax preparation) at a cost of generally less than \$10,000 per NEO 	

Change in Control and Executive Severance Benefits

To ensure that executives remain focused on Company business during a period of uncertainty that may arise in the case of a potential change in control, and to maintain the competitiveness of our overall executive compensation and benefit offerings, the Company maintains the Corteva, Inc. Change in Control and Executive Severance Plan. Each of the NEOs is a participant in the plan. For any benefits to be earned under the plan in association with a change in control, a change in control must occur and the executive's employment must be terminated within two years following the change in control event, either by the Company without cause or by the executive for good reason (often called a "double trigger").

The plan requires a release of claims as a condition to the payment of benefits and includes one-year non-competition and non-solicitation provisions and additional non-disparagement and confidentiality provisions. For additional information about benefits under the Change in Control and Executive Severance Plan see *Potential Payments Upon Termination or Change in Control*.

HOW WE MANAGE COMPENSATION RISK

The Committee regularly monitors our compensation programs to assess whether those programs are motivating the desired behaviors while delivering on Corteva's performance objectives and encouraging appropriate levels of risk-taking. In 2020 the Committee engaged Cook to perform a risk assessment of its compensation programs. Cook's review encompassed an assessment of risk pertaining to a broad range of design elements, such as mix of pay, performance metrics, goal-setting and payout curves, and payment timing and adjustments, as well as other mitigating program elements noted below. Cook's analysis determined, and the Committee concurred, that Corteva's compensation programs do not encourage behaviors that would create undue material risk for Corteva.

Payout Limitations or Caps

Payout limitations, or "caps," play a vital role in risk mitigation, and all metrics in the PRP and PSU programs are capped at 200% to protect against excessive payouts.

Stock Ownership Guidelines

The Company requires that NEOs accumulate and hold shares of Corteva Common Stock with a value equal to a specified multiple of base pay. These targets are 6, 4, and 3 times base salary for Corteva's CEO, executive vice presidents, and senior vice presidents, respectively.

Stock ownership guidelines also include a retention ratio requirement. Under the guidelines, until the required ownership is reached, executives are required to retain 75% of net shares acquired upon any future vesting of stock units or exercise of stock options, after deducting shares used to pay applicable withholding taxes and/or exercise price, as applicable.

For purposes of the stock ownership guidelines, we include direct ownership of shares and stock units held in employee plans. Stock options and PSUs are not included in determining whether an executive has achieved the ownership levels. While NEOs are generally expected to reach these targets in five years, Messrs. Collins and Glenn have met their ownership guideline.

Compensation Recovery Policy (Clawback)

The Company has instituted a compensation recovery policy that covers each current and former employee of Corteva or an affiliated company who is, or was, the recipient of incentive-based compensation ("Grantee") awarded following the adoption of the policy, including each of our NEOs. Under our policy, if a Grantee engages in misconduct, then at the discretion of the Committee:

- He/she may forfeit any right to receive any future awards or other equity-based incentive compensation; and/or
- The Company may demand repayment of any awards or cash payments already received by a Grantee.

"Misconduct" for purposes of our policy means any of the following:

- The Grantee's employment or service is terminated for cause;
- There has been a breach of a noncompete or confidentiality covenant set out in any employee agreement or arrangement with the Company; or

COMPENSATION DISCUSSION AND ANALYSIS

- There has been a willful violation of the Company's Code of Conduct or other Company policies that causes significant financial or reputational harm to the Company (including but not limited to conduct that results in an accounting restatement).

In addition, if the Company is required to prepare an accounting restatement due to the Company's material noncompliance with any financial reporting requirement under securities law, the Company may require reimbursement or forfeiture of any excess incentive-based compensation received by the Grantee over the amount that would have been paid to the Grantee had it been paid on the restated results. In any case, should the Company demand reimbursement of amounts paid to a Grantee, the Grantee will be required to provide such repayment within ten (10) days following such demand.

Corteva's policy provides for a greater range of events under which the Committee may seek to recover compensation paid to or earned by an executive than those considered by the SEC in its rules proposed under the Dodd-Frank Act. The Company will continue to monitor developments related to the proposed rules, and will amend its policy to the extent required should the proposed rules become final.

Prohibition on Hedging and Pledging of Company Common Stock

Our insider trading policy includes an "anti-hedging" provision that prohibits directors and executive officers and certain of their related persons (such as certain of their family members and entities they control) from engaging in hedging transactions and short sales with respect to the securities of the Company or its subsidiaries. Our insider trading policy also prohibits our directors and executive officers from holding securities of the Company or its subsidiaries in a margin account and the pledging of any of these securities as collateral for a loan. Our insider trading policy strongly recommends that other employees not engage in hedging and pledging transactions.

2020 COMPENSATION DECISIONS

The Committee, at least annually, assesses the compensation of our NEOs relative to market. The compensation of our NEOs was generally below the median of our peer group in 2019 and again in 2020, and the Committee expects to continue moving the total compensation of our NEOs toward the median of our peer group.

Our Annual Compensation Program

Annual Base Salary

In setting 2020 NEO salaries, the Committee took a wide range of facts and circumstances into consideration. These included peer group competitiveness, broader market competitiveness, internal equity, and individual performance. In 2020, none of our NEOs received salary increases, as noted in the table below:

Name	Base Salary as of January 1, 2020	Base Salary as of December 31, 2020	Increase %
James C. Collins, Jr.	\$1,050,000	\$1,050,000	0%
Gregory R. Friedman	\$ 675,000	\$ 675,000	0%
Rajan Gajaria	\$ 625,000	\$ 625,000	0%
Timothy P. Glenn	\$ 625,000	\$ 625,000	0%
Cornel B. Fuerer	\$ 580,000	\$ 580,000	0%

Annual Short-Term Incentives

Our PRP design for 2020 ensures that our executives maintained a strong focus on financial metrics closely linked to stockholder value creation over time. As described above, in 2020, we added Organic Revenue Growth as a performance metric under the PRP to further incentivize behaviors we believe will be the foundation for prudent, long-term growth and strengthen the alignment of our executives' compensation with our stockholders. For 2020, the PRP awards were based on the below formula, measures, and weightings. The Committee approves the plan design and the factors for these metrics at the beginning of each fiscal year.

$$\left(\begin{array}{l} \text{Operating EBITDA} \\ \text{(Company-wide)} \end{array} \times \begin{array}{l} 75\% \\ \text{weighting} \end{array} \right) + \left(\begin{array}{l} \text{Organic Revenue Growth} \\ \text{(Company-wide)} \end{array} \times \begin{array}{l} 25\% \\ \text{weighting} \end{array} \right) \times \begin{array}{l} \text{Individual} \\ \text{Performance Factor} \\ \text{(0\% - 150\%} \\ \text{Modifier)} \end{array}$$

2020 PRP PERFORMANCE AND PAYOUT FACTOR

The table below highlights the business performance ranges for the Operating EBITDA and Organic Revenue Growth metrics, the 2020 results relative to the business performance, and the payout factor for the PRP:

Metric	Threshold (\$ in mm) (50% payout)	Target (\$ in mm) (100% payout)	Maximum (\$ in mm) (200% payout)	Actual (\$ in mm)	% of Target Achieved	Weighting	Actual Payout Factor %
Operating EBITDA ⁽¹⁾	\$1,870	\$2,200	\$2,530	\$2,087	82.9%	75%	62.1%
Organic Revenue Growth ⁽²⁾	2.5%	5.0%	7.5%	8.1%	200%	25%	50.0%
Total Weighted Payout Factor							112.1%

¹ Operating EBITDA is defined as earnings (i.e., income from continuing operations before income taxes) before interest, depreciation, amortization, non-operating benefits, net, and foreign exchange gains (losses), excluding the impact of significant items (including goodwill impairment charges). Non-operating benefits, net consists of non-operating pension and other post-employment benefit (OPEB) credits, tax indemnification adjustments, environmental remediation and legal costs associated with legacy businesses and sites of Historical DuPont.

² Organic Revenue Growth is defined as the year-over-year change in net sales over the existing net sales, excluding the impact of currency and portfolio changes.

As noted above, the COVID-19 pandemic made 2020 a year of profound societal and economic disruption globally. Despite these challenges, Corteva demonstrated continued resiliency and worked aggressively to keep its employees and customers safe, its supply chains open, and its growth commitments on track. The contributions of Corteva’s executive leadership through the pandemic and other disruptions over the last year were a key component to the strength and durability of its strategy. While acknowledging Corteva’s success in weathering such challenges and the immense contributions from our executive leadership team during the COVID-19 pandemic, the Committee determined that our NEOs should remain subject to the performance goals established, prior to the COVID-19 pandemic, under the PRP. As a result of the decisions described above, total compensation levels for our NEOs declined in 2020 and the total compensation of our NEOs was below the median of our peer group.

The individual performance factor (“IPF”) is determined by the Committee using a holistic analysis that includes, among other factors, individual performance within the executive’s defined role, overall performance of the Company and the extent to which the executive’s contribution contributed to that performance, and the extent to which benefits have accrued to our stockholders as a result of the executive’s contributions.

The Committee, and in the case of Mr. Collins the independent members of the Board, approved the following payouts under the 2020 PRP for each of our NEOs:

Name	Year End Base Salary (\$) (a)	PRP Target Percent (b)	PRP Target Amount (\$) (c) (a * b)	Company Component (d)	IPF – Committee Assessment (e)	Total PRP Payment Percent (f) (d * e)	Total PRP Payout Amount (\$) (c * f)
James C. Collins, Jr.	1,050,000	150%	1,575,000	112.1%	90%	100.9%	1,589,018
Gregory R. Friedman	675,000	100%	675,000	112.1%	80%	89.8%	605,340
Rajan Gajaria	625,000	100%	625,000	112.1%	95%	106.5%	665,594
Timothy P. Glenn	625,000	100%	625,000	112.1%	110%	123.3%	770,688

COMPENSATION DISCUSSION AND ANALYSIS

Our Long-Term Incentive Program

In 2020, we eliminated the use of time-based RSUs for the annual LTI awards granted to our NEOs in order to better align with our philosophy of providing a significant portion of annual compensation in the form of at-risk, performance-based equity. As a result, our LTI program as applicable to our NEOs will consist solely of PSUs and stock options, all based on fair value on the grant date. The following table summarizes the performance drivers, mix, and objectives for the various LTI components as they relate to our NEOs:

	PSUs	Stock Options
2020 LTI mix	<ul style="list-style-type: none"> 60% 	<ul style="list-style-type: none"> 40%
Performance drivers	<ul style="list-style-type: none"> ROIC (weighted at 50% of PSU component) Operating EPS Growth (weighted at 50% of PSU component) 	<ul style="list-style-type: none"> Stock price appreciation (longer-term)
Objectives	<ul style="list-style-type: none"> Focus on value creation for stockholders through metrics highly correlated to stockholder returns Provide strong line of sight to participants 	<ul style="list-style-type: none"> Stockholder alignment Link to long-term business objectives
Program design	<ul style="list-style-type: none"> At the conclusion of the performance cycle, payouts can range from 0% to 200% of the target grant based on performance against ROIC and Operating EPS Growth metrics PSUs are based on a three-year performance period and are awarded annually to each NEO at the beginning of the cycle 	<ul style="list-style-type: none"> Options vest in one-third increments over three years Ten-year term Nonqualified stock option grants are made annually at the closing price on the date of grant No repricing stock options

Beginning in 2020, annual awards to employees, including NEOs, are made at a pre-established date during the month of February. This allows sufficient time for the market to absorb the announcement of annual earnings, which is typically made during the fourth week of January. We do not time equity awards in coordination with the release of material nonpublic information. The grant price is the closing price on the date of grant. The actual number of shares earned for the PSUs granted in 2020 will be based on performance relative to Corteva's ROIC and Operating EPS Growth metrics for the performance period, covering January 2020 through December 2022.

2020 Long-Term Incentive Awards

As noted above, for 2020, our LTI program for NEOs consisted of a mix of PSUs and stock options, split 60% and 40%, respectively.

Name	2020 LTI — PSU Value*	2020 LTI — Stock Option Value*	2020 LTI — Total Value
James C. Collins, Jr.	\$4,500,000	\$3,000,000	\$7,500,000
Gregory R. Friedman	870,000	580,000	1,450,000
Rajan Gajaria	675,000	450,000	1,125,000
Timothy P. Glenn	675,000	450,000	1,125,000
Cornel B. Fuerer	540,000	360,000	900,000

* Reflects the value the Committee considered when making the stock option and PSU awards, respectively, for 2020. These values differ slightly from the grant date fair value of equity awards shown in the Summary Compensation Table and Grants of Plan-Based Awards Table, which value the awards at the closing price of Corteva common stock on the date of grant.

Deductibility of Performance-Based Compensation

The Internal Revenue Code generally imposes a \$1 million limit on the amount that a public company may deduct for compensation paid to the company's applicable named executives. Prior to the Tax Cuts and Jobs Act of 2017 (the "Tax Act") this limitation generally did not apply to compensation that met the tax code requirements for "qualifying performance-based" compensation. Following enactment of the Tax Act, the Company generally expects that compensation paid to our applicable named executives in excess of \$1 million will not be deductible, subject to an exception for compensation provided pursuant to a binding written contract in effect as of November 2, 2017.

Totals in the above table might not equal the summation of the columns due to rounding amounts to the nearest dollar.

- Amounts represent the payment of cash-based incentives awarded in 2018 by the Company's predecessor to incentivize the timely Separation of Corteva and Dow from DowDuPont and the achievement of cost synergies.
- Amounts represent the aggregate grant date fair value of RSU and PSU awards in the year of grant in accordance with the same standard applied for financial accounting purposes, Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 718. If valued assuming a maximum payout on the Performance Share program, the value of the 2020 awards would be: Mr. Collins, \$9,000,040; Mr. Friedman, \$1,740,164; Mr. Gajaria, \$1,350,016; Mr. Glenn, \$1,350,016; and Mr. Fuerer, \$1,080,024. This column does not represent the stock-based compensation expense recognized in the Company's financial statements for the respective year end. See "2020 Grants of Plan-Based Awards — Grant Date Fair Value of Stock and Option Awards".
- Amounts represent the aggregate grant date fair value of stock options computed in accordance with FASB ASC Topic 718 in the year of grant. A discussion of the assumptions used in calculating these values can be found in Note 21 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2020. This column does not represent the stock-based compensation expense recognized in the Company's financial statements for the year ended December 31, 2020.
- Individual results for Non-Equity Incentive Plan Compensation are detailed in the "Annual Incentive Compensation" section of the CD&A and reflect income earned for performance achieved in the respective year.
- This column reports the estimated change in the actuarial present value of an NEO's accumulated pension benefits and any above-market earnings on nonqualified deferred compensation balances. Corteva does not credit participants in the nonqualified plans with above-market earnings; therefore, no such amounts are reflected here.
- Amounts shown in this column include Company contributions to both qualified and non-qualified defined contribution plans, as applicable, as well as the value of certain perquisites or other personal benefits. For a detailed discussion of the items and amounts reported in this column, refer to the "All Other Compensation" section of the narrative discussion following this footnote.

Narrative Discussion of Summary Compensation Table

Salary

Amounts shown in the "Salary" column of the table above represent base salary earned during 2020.

Stock Awards

Amounts shown in the “Stock Awards” column of the table above represent the aggregate grant date fair value of RSUs and PSUs computed in accordance with FASB ASC Topic 718. For PSUs, the grant date fair value is based upon the probable outcome of the performance conditions. This amount is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. See *2020 Grants of Plan-Based Awards — Grant Date Fair Value of Stock and Option Awards* for a detailed discussion of the grant date fair value of stock awards.

Option Awards

Amounts shown in the “Option Awards” column of the table above represent the aggregate grant date fair value of stock options computed in accordance with FASB ASC Topic 718. Refer to *2020 Grants of Plan-Based Awards — Grant Date Fair Value of Stock and Option Awards* for a detailed discussion of the grant date fair value of option awards.

Non-Equity Incentive Plan Compensation

Amounts shown in this column of the table above represent cash-based annual incentives under the PRP. Refer to *Our Annual Compensation Program — Annual Short-Term Incentives* for a detailed discussion of the calculation of individual results for payouts under the PRP for our NEOs.

Change in Pension Value and Nonqualified Deferred Compensation Earnings

Amounts shown in this column of the table above represent the estimated change in the actuarial present value of accumulated benefits for each of the NEOs at the earlier of either age 65 or the age at which the NEO is eligible for an unreduced pension. Key actuarial assumptions for the present value of accumulated benefit calculation can be found in Note 20 (“Pension Plans and Other Post-Employment Benefits”) to the Consolidated Financial Statements in Corteva’s Annual Report on Form 10-K for the year ended December 31, 2020. Assumptions are further described in the narrative discussion following the Pension Benefits table.

There were no above-market or preferential earnings during 2020 on nonqualified deferred compensation. Generally, earnings on nonqualified deferred compensation include returns on investments in seven core investment alternatives, interest accruals on cash balances, Corteva common stock returns, and dividend reinvestments. Interest is accrued on cash balances based on a rate that is traditionally less than 120% of the applicable federal rate, and dividend equivalents are accrued at a non-preferential rate. In addition, the other core investment alternatives are a subset of the investment alternatives available to all employees under the Company’s Retirement Savings Plan (“RSP”). Accordingly, these amounts are not considered above-market or preferential earnings for purposes of, and are not included in, the 2020 Summary Compensation Table.

Accordingly, all amounts shown in this column reflect the change in the pension value under the Pension Plan and Pension Restoration Plan. The change in pension value represents the change in the present value from the prior measurement date of an NEO’s accumulated benefit as of the applicable pension measurement date.

All Other Compensation

Amounts shown in the “All Other Compensation” column of the table above include perquisites and personal benefits and Company contributions to both qualified and nonqualified defined contribution plans. The following table details those amounts.

Name	Perquisites and Other Personal Benefits(a)	Registrant Contributions to Qualified Defined Contribution Plans(b)	Registrant Contributions to Nonqualified Defined Contribution Plans(c)
James C. Collins, Jr.	\$ 9,500	\$ 25,650	\$ 152,067
Gregory R. Friedman	39,993	25,650	73,312
Rajan Gajaria	—	25,650	68,145
Timothy P. Glenn	—	25,650	65,981
Cornel B. Fuerer	10,603	25,650	54,459

COMPENSATION OF EXECUTIVE OFFICERS

- (a) Amounts for Messrs. Collins and Fuerer represent the value of financial counseling services provided to the executive at the Company's expense and, for Mr. Friedman, represents both the value of financial counseling services (\$13,364) and personal use of Company aircraft (\$26,629). Corteva allows executives and directors to use its corporate aircraft for personal use for reasons of safety and for the Company's preference and convenience. Due to COVID-19 personal flights for the NEOs were permitted in 2020 to reduce the executive's, and where applicable their families', threat of exposure, and to avoid potential exposure to other employees many of which are considered essential workers. The value of personal aircraft usage reported above is based on the actual direct operating costs for operating the aircraft, including jet fuel, maintenance, crew travel, catering, inflight wi-fi data usage, and airport related fees. Since the corporate aircraft are used primarily for business travel, the methodology excludes fixed costs which do not change based on usage, such as pilots' and other employees' salaries, purchase costs of the aircraft and non-trip-related hangar expenses.
- (b) Amounts represent Corteva's match to the RSP on the same basis as provided to U.S. parent company employees, inclusive of those contributions made by DowDuPont under the plan prior to Separation. For 2020, the RSP provided a Company match of 100% of the first 6% of the employee's contribution. Amounts also include an additional Company contribution of 3%.
- (c) Amounts represent Corteva's match to the Retirement Savings Restoration Plan ("RSRP") on the same basis as provided to U.S. parent company employees who fall above the applicable IRC limits. For 2020, the RSRP provided a Company match of 100% of the first 6% of the employee's eligible contributions. Amounts also include an additional Company contribution of 3% of eligible contributions.

Narrative Discussion of Grants of Plan-Based Awards Table

Estimated Future Payouts Under Non-Equity Incentive Plan Awards

Amounts shown in this column of the table above represent PRP award opportunities for 2020 under the OIP. A target PRP award is established for each NEO at the beginning of the relevant fiscal year based on a percentage of the NEO's base salary. To the extent that the Committee approves changes to a NEO's base salary or the PRP target (as a percentage of base salary) during a fiscal year, the PRP is designed such that the base salary and PRP target as a percentage of base salary in effect at the end of the fiscal year are assumed to have been in effect for the entire fiscal year. The Committee (and, in the case of the CEO, the Board) approved the PRP targets for our NEOs in February 2020 as shown above. The actual PRP payout for NEOs, which can range from 0% to 200% of target, is based on corporate financial performance and modified for individual performance as applicable. Refer to *Compensation Discussion and Analysis — 2020 Compensation Decisions — Our Annual Compensation Program — Annual Short-Term Incentives* for more details.

Estimated Future Payouts Under Equity Incentive Plan Awards

Amounts shown in this column of the table above represent the potential payout range of PSUs granted in 2020. Vesting is based upon performance against ROIC and Operating EPS growth targets. At the conclusion of the three-year performance period, the actual award, vested and delivered as Corteva common stock, can range from 0% to 200% of the original grant. Dividend equivalents are applied after the final performance determination only to the extent that the underlying awards vest based upon performance. For a discussion of the impact on PSUs of any termination, see *Potential Payments Upon Termination or Change in Control*.

Grant Date Fair Value of Stock Options and Stock Awards

Except with respect to PSUs, amounts shown in this column of the table above reflect the grant date fair value of the equity award computed in accordance with FASB ASC Topic 718. For PSUs, the grant date fair value is based upon the probable outcome of the performance conditions as of the grant date. This amount is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures.

Narrative Discussion of Pension Benefits

The Pension and Retirement Plan

Messrs. Collins and Glenn participate in the Pension and Retirement Plan (the "Pension Plan"), a tax-qualified defined benefit pension plan that covers a majority of those of our U.S. employees who were employees of historical DuPont prior to Separation, except those hired or rehired by historical DuPont after December 31, 2006. The Pension Plan currently provides employees with a lifetime retirement income based on years of service and the employees' final average pay near retirement. On November 30, 2018 (the "Effective Date"), the Company froze the pay and service amounts used to calculate pension benefits for then-active employees who were participants in the Pension Plan.

The normal form of benefit for married individuals is a 50% qualified joint and survivor annuity. The normal form of benefit for unmarried individuals is a single life annuity, which is actuarially equivalent to the normal form for married individuals. Normal retirement age under the Pension Plan is generally age 65, and benefits are vested after five years of service. Mr. Collins, who is 58 years of age, participates in Title I of the Pension Plan. Under the provisions of Title I of the Pension Plan, employees are eligible for unreduced pensions when they reach age 58 with age plus service equal to or greater than 85.

COMPENSATION OF EXECUTIVE OFFICERS

The primary pension formula under Title I of the Pension Plan provides a monthly retirement benefit equal to:

$$\left(\begin{array}{l} 1.5\% \text{ of Average} \\ \text{Monthly} \\ \text{Compensation} \end{array} \times \begin{array}{l} \text{Years of} \\ \text{Service through} \\ 12/31/07 \end{array} \right) - \left[\begin{array}{l} 50\% \text{ of Monthly} \\ \text{Primary Social} \\ \text{Security Benefit} \end{array} \times \left(\begin{array}{l} \text{Years of} \\ \text{Service through} \\ 12/31/07} \end{array} \right) / \begin{array}{l} \text{Total Years of} \\ \text{Service through the} \\ \text{Effective Date} \end{array} \right] \Bigg] \\ \text{PLUS} \\ \left(\begin{array}{l} 0.5\% \text{ of Average} \\ \text{Monthly} \\ \text{Compensation} \end{array} \times \begin{array}{l} \text{Years of Service} \\ \text{from 1/1/2008} \\ \text{through the} \\ \text{Effective Date} \end{array} \right) - \left[\begin{array}{l} 16.67\% \text{ of Monthly} \\ \text{Primary Social} \\ \text{Security Benefit} \end{array} \times \left(\begin{array}{l} \text{Years of Service} \\ \text{from 1/1/2008} \\ \text{through the} \\ \text{Effective Date} \end{array} \right) / \begin{array}{l} \text{Total Years of} \\ \text{Service through the} \\ \text{Effective Date} \end{array} \right] \Bigg]$$

Average monthly compensation is based on the employee's three highest-paid years or, if greater, the 36 consecutive highest-paid months. Compensation for a given month includes regular compensation plus one-twelfth of an individual's PRP award for the relevant year. Other bonuses are not included in the calculation of average monthly compensation. Compensation for service after the Effective Date is disregarded in determining the average monthly compensation.

Mr. Glenn participates in Title IV of the Pension Plan. Under the provisions of Title IV of the Pension Plan, employees are eligible for unreduced pensions when they reach normal retirement age of age 65 or older with at least five years of service. An employee who is not eligible for retirement with an unreduced pension is eligible for retirement with a reduced pension if he is at least age 55 with at least 5 years of service. For participants with less than 30 years of service at retirement, the pension is reduced by 1/180 for each of the first 60 months prior to normal retirement age and reduced by 1/360 for each of the next 60 months that precede normal retirement age. For participants with 30 or more years of service at retirement, the pension is reduced by 1/400 for each month prior to normal retirement age.

The primary pension formula under Title IV of the Pension Plan provides a monthly retirement benefit equal to:

$$\left[\left(\begin{array}{l} 1.10\% \text{ of Final} \\ \text{Average Earnings up} \\ \text{to Integration Level} \end{array} + \begin{array}{l} 1.47\% \text{ of Final} \\ \text{Average Earnings in} \\ \text{excess of Integration Level} \end{array} \right) \times \begin{array}{l} \text{Years of Credited Service} \\ \text{Projected to Normal} \\ \text{Retirement up to 35} \\ \text{years} \end{array} + \begin{array}{l} 1.00\% \text{ of Final} \\ \text{Average Earnings} \end{array} \right] \times \begin{array}{l} \text{Years of Credited Service} \\ \text{Projected to Normal} \\ \text{Retirement, in excess of} \\ 35 \text{ years, if any} \end{array} \Bigg] \times \left[\begin{array}{l} \text{Years of Credited Service} \\ \text{Through 12/31/2011} \\ \div \\ \text{Total Years of Credited} \\ \text{Service at Normal} \\ \text{Retirement} \end{array} \right] \\ \text{PLUS} \\ \left[\left(\begin{array}{l} 1.55\% \text{ of Final} \\ \text{Average Earnings up} \\ \text{to Integration Level} \end{array} + \begin{array}{l} 0.735\% \text{ of Final} \\ \text{Average Earnings in} \\ \text{excess of Integration Level} \end{array} \right) \times \begin{array}{l} \text{Years of Credited Service} \\ \text{Projected to Normal} \\ \text{Retirement up to 35} \\ \text{years} \end{array} + \begin{array}{l} 0.50\% \text{ of Final} \\ \text{Average Earnings} \end{array} \right] \times \begin{array}{l} \text{Years of Credited Service} \\ \text{Projected to Normal} \\ \text{Retirement, in excess of} \\ 35 \text{ years, if any} \end{array} \Bigg] \times \left[\begin{array}{l} \text{Years of Credited Service} \\ \text{From 01/01/2012} \\ \text{Through the Effective} \\ \text{Date} \\ \div \\ \text{Total Years of Credited} \\ \text{Service at Normal} \\ \text{Retirement} \end{array} \right]$$

Final Average Earnings are based on the employee's 60 highest consecutive months of earnings out of the last 120 months prior to the earlier of termination of employment or the Effective Date. Compensation includes regular compensation plus bonuses. Integration Level is in accordance with Code guidance but in no event will it increase after the Effective Date.

For the purpose of unreduced pension, employees' age, and service post Effective Date until termination of employment, will be counted in determining the retirement eligibility. As of December 31, 2020, Mr. Collins was eligible for an unreduced pension. Mr. Glenn was not yet eligible for a reduced pension.

The Pension Restoration Plan and Pioneer Hi-Bred International Inc. GAP Retirement Plan

If benefits provided under the Pension Plan exceed the applicable IRC compensation or benefit limits, the excess benefit for Title I of the Pension Plan is paid under the Pension Restoration Plan (the "Pension Restoration Plan"), and the excess benefit for Title IV of the Pension Plan is paid under the Pioneer Hi-Bred International Inc. GAP Retirement Plan (the "Pioneer GAP Plan"), both unfunded non-qualified plans. The form of benefit under the Pension Restoration Plan for Mr. Collins would be a lump sum. The form of benefit under the Pioneer GAP Plan for Mr. Glenn would be a single life annuity. The mortality tables and interest rates used to determine lump sum payments are the Applicable Mortality Table and the Applicable Interest Rate prescribed by the Secretary of the Treasury in IRC Section 417(e)(3).

The Company does not grant any extra years of credited service for pension benefit purposes. Key actuarial assumptions for the present value of accumulated benefit calculation can be found in Note 20 ("Pension Plans and Other Post-Employment Benefits") to the Consolidated Financial Statements in Corteva's Annual Report on Form 10-K for the year ended December 31, 2020. All other assumptions are consistent with those used in Note 20, except that the present value of accumulated benefit uses a retirement age at which the NEO may retire with an unreduced benefit under the Pension Plan. The valuation method used for determining the present value of the accumulated benefit is the traditional unit credit cost method.

NONQUALIFIED DEFERRED COMPENSATION

The following table provides information on Corteva's defined contribution or other plans that provide for deferrals of compensation on a basis that is not tax-qualified. For a complete understanding of the table, refer to the narrative discussion that follows.

Name	Executive Contributions in Last Fiscal Year (\$)(1)	Company Contributions in Last Fiscal Year (\$)(2)	Aggregate Earnings in Last Fiscal Year (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last Fiscal Year-End (\$)

Cornel B. Fuerer	143,117	54,459	131,633	—	934,929

- (1) Executive contributions are included in salary for 2020 in the Summary Compensation Table.
- (2) Company contributions are included in All Other Compensation for 2020 in the Summary Compensation Table.

Narrative Discussion of the Nonqualified Deferred Compensation Table

Corteva offers several nonqualified deferred compensation programs under which participants may voluntarily elect to defer some portion of base salary, PRP, or LTI awards until a future date. Deferrals are credited to an account and earnings are calculated thereon in accordance with the applicable investment option or interest rate. With the exception of the Retirement Savings Restoration Plan ("RSRP"), there are no Company contributions or matches. The RSRP was adopted to restore Company contributions that would be lost due to IRC limits on compensation under Corteva's tax-qualified savings plan.

The following provides an overview of the various deferral options as of December 31, 2020.

RSRP:

Under the RSRP, a NEO can elect to defer eligible compensation (generally, base salary plus PRP) that exceeds the regulatory limits (\$285,000 in 2020) in increments of 1% up to 6%. Corteva matches participant contributions on a dollar-for-dollar basis up to 6% of eligible pay. Corteva also makes an additional contribution of 3% of eligible compensation. Participant investment options under the RSRP mirror the options available under the qualified plan. Distributions may be made in the form of a lump sum or annual installments after separation from service.

COMPENSATION OF EXECUTIVE OFFICERS

Management Deferred Compensation Program (“MDCP”):

Under the MDCP, a NEO can elect to defer the receipt of up to 60% of his/her base salary and/or PRP award. Corteva does not match deferrals under the MDCP. Participants may select from among seven core investment options under the MDCP, including Corteva common stock units with dividend equivalents credited as additional stock units. In general, distributions may be made in the form of a lump sum at a specified future date prior to separation from service or a lump sum or annual installments after separation from service.

In addition, under the MDCP, a NEO can elect to defer the receipt of 100% of his/her LTI awards (RSUs and/or PSUs). Corteva does not match LTI deferrals under the MDCP. LTI deferrals under the MDCP are in the form of Corteva common stock units with dividend equivalents credited as additional stock units.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As described in the CD&A, the Company maintains a Change in Control and Executive Severance Plan. For a description of the plan, see *Components of Our Executive Compensation Program — Change in Control and Executive Severance Benefits*.

Benefits provided under the plan are highlighted in the table below.

Benefit Element	Qualifying Termination Associated with a Change in Control	Qualifying Termination NOT Associated with a Change in Control
Severance benefit	Lump sum cash payment equal to two times (three times for the CEO) the sum of the executive’s base salary and target annual PRP award	Lump sum cash payment equal to one and one-half times (two times for the CEO) the sum of the executive’s base salary and target annual PRP award
PRP in year of termination	Lump sum cash payment equal to the prorated portion of the executive’s target annual PRP award	Lump sum cash payment equal to the prorated portion of the executive’s target annual PRP award
Benefit continuation	Continued health and welfare benefits, financial counseling (as applicable) and outplacement services for two years (three years for the CEO)	Continued health and welfare benefits and outplacement services for one and one-half years (two years for the CEO)
Equity award treatment	Acceleration of all unvested equity awards, with unexercised stock options remaining exercisable for their full term	Treatment of awards subject to terms and conditions of each specific grant

Potential payments under the plan are reflected in the table below. The table also includes potential payments under the OIP. The treatment of benefits under each plan on termination or change in control is detailed in the footnotes to the table.

The following information does not quantify payments under plans that are generally available to all salaried employees, similarly situated to the NEOs in age, years of service, date of hire, etc., and that do not discriminate in scope, terms, or operation in favor of executive officers. For example, all participating employees who terminated on December 31, 2020, are entitled to receive any PRP awards for the 2020 performance year. See also the *Pension Benefits* and *Nonqualified Deferred Compensation* tables and accompanying narrative discussions for benefits or balances, as the case may be, under those plans as of December 31, 2020.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect those amounts include the timing during the year of any such event, Corteva’s stock price, and the executive’s age.

If an individual engages in misconduct, we may demand that he/she repay any long-term or short-term incentive award, or cash payments received as a result of such an award, within 10 days following written demand by Corteva. See *How We Manage Compensation Risk — Compensation Recovery Policy (Clawback)* for further discussion.

For the CEO and other NEOs, the benefits that would become payable upon termination of employment, death, disability, or change in control as of December 31, 2020, are outlined below. The value of long-term incentives which would accelerate or otherwise continue to vest as a result of the executive's termination is based in part in reference to Corteva's closing stock price of \$38.72 on December 31, 2020, as reported on the New York Stock Exchange.

- (1) Generally, represents Company-initiated terminations not associated with a Change in Control, but in certain cases may also be applicable to terminations associated with mutually agreed retirements or succession plans.
- (2) Per the provisions of the Company's Omnibus Incentive Plan ("OIP"), and of the terms and conditions of awards granted under the OIP, employees who voluntarily terminate their employment with the Company after having reached age 55, and who have a minimum of 10 years of service with the Company, are eligible to continue to vest in all or a portion of the outstanding equity awards they hold at the time of their separation.
- (3) Per the provisions of the Company's Change in Control and Executive Severance Plan, amounts represent a lump sum payment equal to two times (or, in the case of the CEO, three times) the sum of an executive's base salary plus target bonus in the case of a termination with respect to a Change in Control, or one and one-half times (two times, in the case of the CEO) the sum of the base salary plus target bonus in the case of a termination not with respect to a Change in Control. In each case, the plan also calls for a lump sum payment equal to the prorated portion of the executive's target bonus in the year of termination (prorated for the number of months of service rendered during the year). However, because the Company's PRP provides for the payment of any bonus earned by an eligible employee who is an active employee through the last day of the fiscal year, and because the table above assumes the termination of employment occurs on such date, the amount due under the Change in Control and Executive Severance Plan with respect to a prorated bonus in year of termination is not incremental to the PRP, and as such is not included in the amounts above.
- (4) In the case of termination with respect to a Change in Control, amounts include the value of all outstanding and unvested stock options, outstanding RSUs and outstanding and unearned PSUs, all of which immediately accelerate and become vested upon termination, with performance for the unearned PSUs deemed achieved at target performance levels. In the case of a termination without Cause or for Good Reason, amounts represent the value of those outstanding and unvested stock options which are scheduled to vest within 12 months of the assumed termination (and which would continue to vest during that period under the terms of the awards), as well as the value of all outstanding RSUs and of a prorated portion of outstanding PSUs, which would be earned at the end of the applicable performance period to the extent that performance metrics are achieved at a minimum of threshold performance levels. In the case of a termination related to Death or Disability, the amounts represent the value of all outstanding and unvested stock options and RSUs, as well as a prorated portion of unearned PSUs. In the case of a Voluntary Separation of employment, the amount for Mr. Collins represents the value of those outstanding and unvested stock options which are scheduled to vest within 12 months of the assumed termination (and which would continue to vest during that period under the terms of the awards), the value of all outstanding RSUs and a prorated portion of PSUs. For purposes of the table above, performance of the prorated PSUs is assumed at target.

COMPENSATION OF EXECUTIVE OFFICERS

- (5) Amounts represent the value of the differential between the cost of health and welfare benefits available to employees under the Consolidated Omnibus Budget Reconciliation Act (COBRA) at COBRA rates and the cost of those same benefits at current employee rates, the amount of which is payable to the executive for a period of months equal to the length of time implied by the severance multiple.
- (6) Represents the cost of outplacement services provided to executives during the period equal to the length of time implied by the severance multiple, in addition to the annual cost of financial counseling services over the same period, but only to the extent that the executive was actively participating in the financial counseling program at the time of their termination.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2020, no members of the Company's People and Compensation Committee were an officer or employee of the Company or its subsidiaries. None of the executive officers serves as a member of the board of directors or a compensation committee of any entity that has one or more executive officers serving as a member of our Board or the People and Compensation Committee.

COMPENSATION COMMITTEE REPORT

Notwithstanding anything to the contrary set forth in any of the previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this proxy statement or future filings with the Securities and Exchange Commission, in whole or part, the following report shall not be deemed to be incorporated by reference into any such filing.

The People and Compensation Committee of the Board reviewed and discussed the Compensation Discussion and Analysis ("CD&A") with Company management. Based on this review and discussion, the Compensation Committee recommended to the Board that the CD&A be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2020 (the "Annual Report"), as incorporated by reference from this Proxy Statement.

This report is submitted by the People and Compensation Committee.

CEO PAY RATIO

To determine the pay ratio required by Item 402(u) of Regulation S-K, the Company first identified the median employee using our global employee population as of October 1, 2019, which included all global full-time, part-time, temporary, and seasonal employees who were employed on that date. We did not exclude any employees from any countries, and we did not make any cost-of-living adjustments in identifying our median employee. We used a consistently applied compensation measure across our global employee population to calculate the median employee compensation. The consistently applied compensation measure we used was "base salary plus cash incentive compensation."

In 2020, we utilized the same median employee identified previously. We determined the median employee's annual total compensation using the Summary Compensation Table methodology as detailed in Item 402(c)(2)(x) of Regulation S-K, and compared it to the total compensation of Mr. Collins, our CEO, as detailed in the Summary Compensation Table for 2020, to arrive at the pay ratio disclosed below.

Our CEO's compensation for 2020, as reported in the Summary Compensation Table, was \$10,749,544. The compensation of our median employee for 2020 was \$88,083. Based upon the compensation for our CEO and median employee, our CEO to Median Employee Pay Ratio is 122:1.

AGENDA ITEM 2: ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Exchange Act and the related rules of the SEC, the Company seeks your vote to approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to the SEC's compensation disclosure rules, including the Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany the compensation tables (a "say-on-pay" vote).

As described in detail under the heading "Executive Compensation — Compensation Discussion and Analysis" in this Proxy Statement, the Board of Directors seeks to link a significant portion of executive officer compensation with the Company's performance. The Company's compensation programs are designed to reward the Company's executive officers for the achievement of short-term and long-term financial goals, while minimizing excessive risk-taking. The Company's executive compensation program is strongly aligned with the long-term interests of stockholders. The Company urges you to read the Compensation Discussion and Analysis section of this Proxy Statement for additional details on executive compensation programs, including compensation philosophy and objectives and the compensation of named executive officers during fiscal year 2020.

The vote on this proposal is not intended to address any specific element of compensation; rather, the vote relates to all compensation relating to the Company's named executive officers, as described in this Proxy Statement. The vote is advisory and is not binding on the Company, the Board, or the People and Compensation Committee, and will not be construed as overruling a decision by, or creating or implying any additional fiduciary duty for, the Company, the Board, or the People and Compensation Committee. However, the Board and the People and Compensation Committee value the opinions expressed by stockholders in their votes on this proposal and will consider the outcome of the vote when making future compensation decisions and policies regarding the Company's executive officers.

Accordingly, the Board of Directors and management ask stockholders to approve the following resolution at the Annual Meeting:

"RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2021 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this Proxy Statement."

The next "say on pay" advisory vote will occur at the Company's 2022 Meeting. The Board of Directors unanimously recommends a vote FOR the approval of the Advisory Resolution to Approve Executive Compensation.

AGENDA ITEM 2: ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION
The Board of Directors recommends that you vote FOR this resolution.

AGENDA ITEM 3: RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP (“PwC”) as the Company’s independent registered public accounting firm to audit the Company’s consolidated financial statements and internal control over financial reporting for the fiscal year ending December 31, 2021. In this Agenda Item 3, the Company is asking stockholders to ratify this selection.

Although ratification is not required by the Company’s Bylaws or otherwise, the Board is submitting the selection of PwC to the Company’s stockholders for ratification. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year, if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of PwC are expected to be present at the Annual Meeting and will be available to respond to appropriate questions and will have the opportunity to make a statement if they desire to do so.

AGENDA ITEM 3: ADVISORY RESOLUTION TO RATIFY APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors recommends that you vote FOR this resolution.

FEES PAID TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PwC has served as the Company's or its predecessor's independent registered public accounting firm since 1946. Aggregate fees for professional services rendered by PwC for 2020 and 2019 are set forth in the table below.

	2020 (in thousands)	2019 (in thousands)
Audit fees(1)	\$ 14,400	\$ 18,300
Audit-related fees(2)	1,600	1,400
Tax fees(3)	150	50
All other fees(4)	50	50
Total	\$ 16,200	\$ 19,800

- (1) Audit fees related to audits of financial statements and internal controls over financial reporting, statutory audits, reviews of quarterly financial statements, and certain periodic reports filed with the SEC. For 2019, audit fees also included technical matters related to the Separation.
- (2) Audit related fees related primarily to employee benefit audits, IT controls and compliance assessments, and other assurance related services.
- (3) Tax fees related primarily to tax compliance and advice.
- (4) All other fees primarily related to generic technical accounting information services and tools.

AUDIT COMMITTEE'S PRE-APPROVAL POLICIES AND PROCEDURES

To assure that the audit and non-audit services performed by the independent registered public accounting firm do not impair its independence in appearance and/or fact, the Audit Committee has established the Audit and Non-Audit Services Pre-Approval Policy of the Audit Committee (the "Policy"). The Policy outlines the scope of services that PwC may provide to the Company. The Policy sets forth guidelines and procedures the Company must follow when retaining PwC to perform audit, audit-related, tax, and other services. The Policy also specifies certain non-audit services that may not be performed by PwC under any circumstances. Pursuant to the Policy, the Audit Committee has approved services to be provided by PwC and fee thresholds within each of the service categories, and services within these thresholds are deemed pre-approved. Additional services and fees exceeding those thresholds require further pre-approval. Requests for specific pre-approvals may be considered by the full Audit Committee. In addition, the Audit Committee has delegated to the Chair the authority to grant specific pre-approvals, not in excess of \$500,000. Any such pre-approvals are reported to the full Audit Committee at its next meeting. The Policy is evaluated and updated annually by the Audit Committee. For fiscal year 2020, all services provided by PwC were approved by the Audit Committee.

AGENDA ITEM 3: RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this proxy statement or future filings with the Securities and Exchange Commission, in whole or part, the following report shall not be deemed to be incorporated by reference into any such filing.

The Audit Committee is appointed by the Board of Directors to assist the Board in the oversight of (i) the integrity of the financial statements of the Company, (ii) the qualifications and independence of the Company's independent auditor, (iii) the performance of the Company's internal audit function and independent auditors, and (iv) the compliance by the Company with legal and regulatory requirements. All members of the Audit Committee meet the criteria for independence applicable to audit committee members under NYSE Listing Standards and the rules and regulations of the SEC relating to audit committees. The Audit Committee Charter complies with NYSE Listing Standards.

Management is responsible for the financial reporting process, including its internal control over financial reporting, and for the preparation of its consolidated financial statements in accordance with accounting principles generally accepted in the United States ("GAAP"). The Company's independent registered public accounting firm is responsible for performing an independent audit of the consolidated financial statements, and expressing opinions on the consolidated financial statements and internal control over financial reporting. The Audit Committee's responsibility is to monitor and review these processes and act in an oversight capacity. The Audit Committee does not certify the financial statements or guarantee the independent registered public accounting firm's report. The Audit Committee relies, without independent verification, on the information provided to it, including representations made by management and the independent registered public accounting firm, including its audit report.

The Audit Committee discussed with PwC, the Company's independent registered public accounting firm, the matters required to be discussed by Public Company Accounting Oversight Board requirements. The Audit Committee has received the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, and has discussed with PwC its independence. The Audit Committee reviewed and discussed the audited financial statements of the Company for the fiscal year ended December 31, 2020 with management and PwC. Based on the review and discussions noted above, the Audit Committee recommended to the Board that the audited financial statements of the Company be included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission for the fiscal year ended December 31, 2020.
