Notes to the Interim Consolidated Financial Statements (Unaudited)

Table of Contents

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The accompanying unaudited interim Consolidated Financial Statements have been prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP") for interim financial information and the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. In the opinion of management, all adjustments (consisting of normal recurring adjustments) considered necessary for a fair statement of the results for interim periods have been included. Results for interim periods should not be considered indicative of results for a full year. These interim Consolidated Financial Statements should be read in conjunction with the audited Consolidated Financial Statements and Notes thereto contained in the company’s Annual Report on Form 10-K for the year ended December 31, 2022, collectively referred to as the “2022 Annual Report.” The interim Consolidated Financial Statements include the accounts of the company and all of its subsidiaries in which a controlling interest is maintained.

Since 2018, Argentina has been considered a hyper-inflationary economy under U.S. GAAP and therefore the U.S. Dollar (“USD”) is the functional currency for our related subsidiaries. Argentina contributes approximately 5 percent to both the company's annual net sales and segment operating EBITDA. We remeasure net monetary assets and translate our financial statements utilizing the official Argentine Peso (“Peso”) to USD exchange rate. The ability to draw down Peso cash balances is limited at this time due to government restrictions and market availability of U.S. Dollars. The devaluation of the Peso relative to the USD over the last several years has resulted in the recognition of exchange losses (refer to Note 6 – Supplementary Information, to the interim Consolidated Financial Statements and the company's 2022 Annual Report). As of June 30, 2023, a further 10 percent deterioration in the official Peso to USD exchange rate would reduce the USD value of our net monetary assets and negatively impact pre-tax earnings by approximately $20 million. We will continue to assess the implications to our operations and financial reporting.

NOTE 2 - RECENT ACCOUNTING GUIDANCE

Recently Adopted Accounting Guidance
In September 2022, the FASB issued ASU 2022-04, Liabilities—Supplier Finance Programs (Subtopic 405-50): Disclosure of Supplier Finance Program Obligations. This ASU includes amendments that require a buyer in supplier finance programs to disclose key terms of the programs and related obligations, including a rollforward of such obligations. This guidance is effective for fiscal years beginning after December 15, 2022, including interim periods within those fiscal years, except for the rollforward requirements, which are effective for fiscal years beginning after December 15, 2023, and early adoption is permitted. Retrospective application to all periods in which a balance sheet is presented is required, except for the rollforward requirement, which will be applied prospectively. The company adopted this guidance on January 1, 2023 which resulted in certain disclosures being added relating to supplier financing programs and related obligations. See Note 13 – Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements, for additional information.

NOTE 3 - BUSINESS COMBINATIONS

On March 1, 2023 ("Acquisition Date"), Corteva completed its previously announced acquisitions of all the outstanding equity interests in Stoller Group, Inc. (“Stoller”), one of the largest independent companies in the Biologicals industry, and Quorum Vital Investment, S.L. and its affiliates (“Symborg”), an expert in microbiological technologies. The purchase price for Stoller and Symborg was $1,224 million, subject to a working capital adjustment, and $370 million, respectively. These acquisitions supplement the crop protection business with additional biological tools that complement evolving farming practices.

The operating results of Stoller and Symborg, since the Acquisition Date, did not have a material impact to the company's interim Consolidated Financial Statements for the three and six months ended June 30, 2023. Additionally, supplemental pro forma information have not been presented since the reported amounts in the company's interim Consolidated Financial Statements for the current period and comparative prior period would not be materially different had these acquisitions occurred as of January 1, 2022.

Purchase Price Allocation
The company performed a preliminary purchase price allocation and assessment of the fair value of the assets acquired and liabilities assumed as of the Acquisition Date. The company continues to evaluate aspects of net working capital, acquired intangible assets, and property, plant and equipment. The company will finalize the purchase price allocation as it obtains the information necessary to complete the valuation during the measurement period. The effect of measurement period adjustments to the estimated fair values will be reflected as if the adjustments had been completed on the Acquisition Date.

The following table summarizes the preliminary purchase price allocation to the assets acquired and liabilities assumed for the Stoller and Symborg acquisitions, as of the Acquisition Date:

(In millions)	Stoller[1]	Symborg[1]
Assets		
Cash and cash equivalents	$ 95	$ —

Total liabilities assumed	**$ 323**	**$ 101**
Net assets acquired	**$ 1,224**	**$ 370**

1. Includes preliminary measurement period adjustments, which were not material.

The significant fair value adjustments included in the preliminary purchase price allocation are discussed below.

Inventories
Acquired inventories in connection with the acquisition of Stoller and Symborg are primarily comprised of finished goods and raw materials. The fair value of finished goods was calculated as the estimated selling price, adjusted for costs of the selling effort and a reasonable profit allowance relating to the selling effort. The fair value of raw materials and supplies was determined based on replacement cost which approximates historical carrying value. The fair value step-up was recognized within cost of goods sold, in the interim Consolidated Statements of Operations, as the inventory was sold.

Property, Plant & Equipment
Property, plant and equipment associated with Stoller is comprised of $27 million of machinery and equipment, $20 million of buildings, $5 million of land and land improvements, and $2 million of construction in progress. The preliminary estimated fair value was primarily determined using a market approach for land and certain types of equipment, and a replacement cost approach for the remaining depreciable property, plant and equipment. The market approach for certain types of equipment represents a sale comparison that measures the value of an asset through an analysis of sales and offerings of comparable assets. The replacement cost approach used for all other depreciable property, plant and equipment measures the value of an asset by estimating the cost to acquire or construct comparable assets and adjust for age and condition of the asset.

Goodwill
The excess of the consideration for Stoller and Symborg over the preliminary fair value of assets acquired and liabilities assumed resulted in the recognition of goodwill, which has been assigned to the crop protection reporting unit. Goodwill associated with these acquisitions is attributable to the assembled workforce and expanding the company’s addressable market position. None of the goodwill recognized will be deductible for income tax purposes.

Other Intangible Assets
In connection with the acquisitions of Stoller and Symborg, the company recorded certain intangible assets, as shown in the table below, representing the preliminary fair values at the Acquisition Date.

The preliminary customer-related and in-process research and development ("IPR&D") intangible asset's fair values were determined using the multi-period excess earnings method. The preliminary developed technology fair values were determined utilizing the relief from royalty method for Stoller and the multi-period excess earnings method for Symborg. The trademark/trade name fair values were determined utilizing the relief from royalty method.

NOTE 4 - REVENUE

Revenue Recognition

Products
Substantially all of Corteva's revenue is derived from product sales. Product sales consist of sales of Corteva's products to farmers, distributors, and manufacturers. Corteva considers purchase orders, which in some cases are governed by master supply agreements, to be a contract with a customer. Contracts with customers are considered to be short-term when the time between order confirmation and satisfaction of the performance obligations is equal to or less than one year. However, the company has some long-term contracts which can span multiple years.

Revenue from product sales is recognized when the customer obtains control of the company's product, which occurs at a point in time according to shipping terms. Payment terms are generally less than one year from invoicing. The company elected the practical expedient and does not adjust the promised amount of consideration for the effects of a significant financing component when the company expects it will be one year or less between when a customer obtains control of the company's product and when payment is due. When the company performs shipping and handling activities after the transfer of control to the customer (e.g., when control transfers prior to or at shipment), these are considered fulfillment activities, and accordingly, the costs are accrued when the related revenue is recognized. Taxes collected from customers relating to product sales and remitted to governmental authorities are excluded from revenues. In addition, the company elected the practical expedient to expense any costs to obtain contracts as incurred, as the amortization period for these costs would have been one year or less.

The transaction price includes estimates of variable consideration, such as rights of return, rebates, and discounts, that are reductions in revenue. All estimates are based on the company's historical experience, anticipated performance, and the company's best judgment at the time the estimate is made. Estimates of variable consideration included in the transaction price primarily utilize the expected value method based on historical experience. These estimates are reassessed each reporting period and are included in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur upon resolution of uncertainty associated with the variable consideration. The majority of contracts have a single performance obligation satisfied at a point in time and the transaction price is stated in the contract, usually as quantity times price per unit. For contracts with multiple performance obligations, the company allocates the transaction price to each performance obligation based on the relative standalone selling price. The standalone selling price is the observable price which depicts the price as if sold to a similar customer in similar circumstances.

Licenses of Intellectual Property

Corteva enters into licensing arrangements with customers under which it licenses its intellectual property. Revenue from the majority of intellectual property licenses is derived from sales-based royalties. Revenue for licensing agreements that contain sales-based royalties is recognized at the later of (i) when the subsequent sale occurs or (ii) when the performance obligation to which some or all of the royalty has been allocated is satisfied.

Remaining Performance Obligations

Remaining performance obligations represent the transaction price allocated to unsatisfied or partially unsatisfied performance obligations. The company applies the practical expedient to disclose the transaction price allocated to the remaining performance obligations for only those contracts with an original duration of more than one year. The transaction price allocated to remaining performance obligations with an original duration of more than one year related to material rights granted to customers for contract renewal options were $131 million, $131 million and $126 million at June 30, 2023, December 31, 2022 and June 30, 2022, respectively. The company expects revenue to be recognized for the remaining performance obligations evenly over the period of one year to six years.

Contract Balances

Contract liabilities primarily reflect deferred revenue from prepayments under contracts with customers where the company receives advance payments for products to be delivered in future periods. Corteva classifies deferred revenue as current or noncurrent based on the timing of when the company expects to recognize revenue. Contract assets primarily include amounts related to conditional rights to consideration for completed performance not yet invoiced. Accounts receivable are recorded when the right to consideration becomes unconditional.

Contract Balances (In millions)	**June 30, 2023**	**December 31, 2022**	**June 30, 2022**

Revenue recognized during the six months ended June 30, 2023 and 2022 from amounts included in deferred revenue at the beginning of the period was $3,201 million and $2,992 million, respectively.

Disaggregation of Revenue

Corteva's operations are classified into two reportable segments: Seed and Crop Protection. The company disaggregates its revenue by major product line and geographic region, as the company believes it best depicts the nature, amount and timing of its revenue and cash flows. Net sales by major product line are included below:

NOTE 5 - RESTRUCTURING AND ASSET RELATED CHARGES - NET

2022 Restructuring Actions

In connection with the company's shift to a global business unit model during 2022, the company assessed its business priorities and operational structure to maximize the customer experience and deliver on growth and earnings potential. As a result of this assessment, the company committed to restructuring actions during the second quarter of 2022, which included the company's separate announcement to withdraw from Russia ("Russia Exit") (collectively the "2022 Restructuring Actions"). The company recorded pre-tax restructuring and other charges of $349 million inception-to-date under the 2022 Restructuring Actions, which is comprised of $115 million of severance and related benefit costs, $115 million of asset related charges, $60 million of costs related to contract terminations (including early lease terminations) and $59 million of other charges. The company does not anticipate any additional material charges from the 2022 Restructuring Actions.

Cash payments related to these charges are anticipated to be $180 million to $210 million, of which approximately $135 million has been paid through June 30, 2023, and primarily relate to the payment of severance and related benefits, contract terminations and other charges. The restructuring actions associated with these charges are expected to be substantially complete in 2023.

The total pre-tax restructuring and other charges recognized through the second quarter of 2023 included $49 million associated with the Russia Exit. The Russia Exit pre-tax restructuring charges consisted of $6 million of severance and related benefit costs, $6 million of asset related charges, and $26 million of costs related to contract terminations (including early lease terminations). Other pre-tax charges associated with the Russia Exit were recorded to cost of goods sold and other income (expense) – net in the interim Consolidated Statement of Operations, relating to inventory write-offs of $3 million and settlement costs of $8 million, respectively.

The charges related to the 2022 Restructuring Actions related to the segments, as well as corporate expenses, for the three and six months ended June 30, 2023 and 2022 were as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
(In millions)	2023	2022	2023	2022
Seed	$ 3	$ 33	$ 9	$ 33
Crop Protection	4	1	5	1
Corporate expenses	—	22	4	22
Total[1]	$ 7	$ 56	$ 18	$ 56

1. This amount excludes other pre-tax charges recorded during the three and six months ended June 30, 2023 and 2022 impacting the Seed segment. These charges consisted of inventory write-offs and losses on the sale of the company's interest in equity investments and settlement costs associated with the Russia Exit included in cost of goods sold and other income (expense) - net, in the interim Consolidated Statement of Operations, respectively. See Note 18 – Segment Information, to the interim Consolidated Financial Statements, for additional information.

The following table is a summary of charges incurred related to 2022 Restructuring Actions for the three and six months ended June 30, 2023 and 2022:

	Three Months Ended June 30,		Six Months Ended June 30,	
(In millions)	2023	2022	2023	2022

2. Includes non-service related components of net periodic benefit credits (costs) (interest cost, expected return on plan assets, amortization of unrecognized gain (loss), amortization of prior service benefit and settlement gain (loss)).
3. Miscellaneous income (expenses) - net for the three and six months ended June 30, 2023 includes estimated settlement reserves, an adjustment to the Employee Retention Credit pursuant to the Coronavirus Aid, Relief, and Economic Security ("CARES") Act as enhanced by the Consolidated Appropriations Act ("CAA") and American Rescue Plan Act ("ARPA") due to a change in estimate, and other items. The six months ended June 30, 2023 also includes gains on the sale of assets, and a loss on the sale of the company's interest in an equity investment. Miscellaneous income (expenses) - net for the three and six months ended June 30, 2022 includes a loss on the sale of the company's interest in an equity investment, settlement costs associated with the Russia Exit, losses on the sale of receivables, and other items. The six months ended June 30, 2022 also includes losses associated with a previously held equity investment and estimated settlement reserves.

The following table summarizes the impacts of the company's foreign currency hedging program on the company's results of operations. The company routinely uses foreign currency exchange contracts to offset its net exposures, by currency, related to the foreign currency-denominated monetary assets and liabilities. The objective of this program is to maintain an approximately balanced position in foreign currencies in order to minimize, on an after-tax basis, the effects of exchange rate changes on net monetary asset positions. The hedging program gains (losses) are largely taxable (tax deductible) in the U.S., whereas the offsetting exchange gains (losses) on the remeasurement of the net monetary asset positions are often not taxable (tax deductible) in their local jurisdictions. The net pre-tax exchange gains (losses) are recorded in other income (expense) - net and the related tax impact is recorded in provision for (benefit from) income taxes on continuing operations in the interim Consolidated Statements of Operations.

Cash, cash equivalents and restricted cash equivalents

The following table provides a reconciliation of cash and cash equivalents and restricted cash equivalents presented in the interim Consolidated Balance Sheets to the total cash, cash equivalents and restricted cash equivalents presented in the interim Consolidated Statements of Cash Flows. Corteva classifies restricted cash equivalents as current or noncurrent based on the nature of the restrictions, which are included in other current assets and other assets, respectively, in the interim Consolidated Balance Sheets.

(In millions)	June 30, 2023	December 31, 2022	June 30, 2022
Cash and cash equivalents	$ 2,563	$ 3,191	$ 2,401
Restricted cash equivalents	400	427	369
Total cash, cash equivalents and restricted cash equivalents	$ 2,963	$ 3,618	$ 2,770

Restricted cash equivalents primarily relates to a trust funded by EIDP for cash obligations under certain non-qualified benefit and deferred compensation plans due to the Merger, which was a change in control event, and contributions to escrow accounts established for the settlement of certain legal matters and the settlement of legacy PFAS matters and the associated qualified spend. All of the company's restricted cash equivalents are classified as current as of June 30, 2023, December 31, 2022 and June 30, 2022, except for the contributions to the escrow account established for the settlement of legacy PFAS matters and the associated qualified spend, which was classified as noncurrent prior to June 30, 2023.

NOTE 7 - INCOME TAXES

The effective tax rate for the three and six months ended June 30, 2023 was 18.8 percent and 20.1 percent, respectively, and 24.5 percent and 22.0 percent for the three and six months ended June 30, 2022, respectively.

During the three and six months ended June 30, 2023, the company recognized $56 million and $68 million of net tax benefits for income taxes on continuing operations associated with changes in deferred taxes, accruals for certain prior year tax positions in various jurisdictions, stock-based compensation, as well as the impact of changes to deferred taxes associated with a tax currency change for a legal entity.

During the three and six months ended June 30, 2022, the company recognized $13 million and $48 million of net tax benefits for income taxes on continuing operations associated with changes in deferred taxes for certain prior year tax positions as well as from stock-based compensation.

The company routinely uses foreign currency exchange contracts to offset its net exposures, by currency, related to the foreign currency-denominated monetary assets and liabilities. The objective of the program, which resides in the U.S., is to maintain an approximately balanced position in foreign currencies in order to minimize, on an after-tax basis, the effects of exchange rate changes on net monetary asset positions, which can drive material impacts on the company's effective tax rate. For further discussion of pre-tax and after-tax impacts of the company's foreign currency hedging program and net monetary asset programs, refer to Note 6 - Supplementary Information.

NOTE 8 - EARNINGS PER SHARE OF COMMON STOCK

The following tables provide earnings per share calculations for the periods indicated below:

Share Count Information	**Three Months Ended June 30,**		**Six Months Ended June 30,**	
(Shares in millions)	**2023**	**2022**	**2023**	**2022**
Weighted-average common shares - basic	710.8	723.0	711.8	724.9
Plus dilutive effect of equity compensation plans[1]	2.9	3.7	3.0	3.7
Weighted-average common shares - diluted	713.7	726.7	714.8	728.6
Potential shares of common stock excluded from EPS calculations[2]	2.3	1.8	2.5	2.4

1. Diluted earnings (loss) per share considers the impact of potentially dilutive securities except in periods in which there is a loss because the inclusion of the potential common shares would have an anti-dilutive effect.
2. These outstanding potential shares of common stock relating to stock options, restricted stock units and performance-based restricted stock units were excluded from the calculation of diluted earnings (loss) per share because (i) the effect of including them would have been anti-dilutive; and (ii) the performance metrics have not yet been achieved for the outstanding potential shares relating to performance-based restricted stock units, which are deemed to be contingently issuable.

NOTE 9 - ACCOUNTS AND NOTES RECEIVABLE - NET

(In millions)	June 30, 2023	December 31, 2022	June 30, 2022
Accounts receivable – trade[1]	$ 5,248	$ 4,168	$ 4,457
Notes receivable – trade[1,2]	1,327	93	1,305
Other[3]	1,380	1,440	1,185
Total accounts and notes receivable - net	$ 7,955	$ 5,701	$ 6,947

1. Accounts receivable – trade and notes receivable - trade are net of allowances of $206 million, $194 million, and $233 million at June 30, 2023, December 31, 2022, and June 30, 2022, respectively.
2. Notes receivable – trade primarily consists of receivables for deferred payment loan programs for the sale of seed and chemical products to customers. These loans have terms of one year or less and are primarily concentrated in North America. The company maintains a rigid approval process for extending credit to customers in order to manage overall risk and exposure associated with credit losses. As of June 30, 2023, December 31, 2022, and June 30, 2022 there were no significant impairments related to current loan agreements.
3. Other includes receivables in relation to indemnification assets, value added tax, general sales tax and other taxes. No individual group represents more than 5 percent of total receivables. In addition, Other includes amounts due from nonconsolidated affiliates of $139 million, $148 million, and $131 million as of June 30, 2023, December 31, 2022, and June 30, 2022, respectively.

Accounts and notes receivable are carried at the expected amount to be collected, which approximates fair value. The company establishes the allowance for doubtful receivables using a loss-rate method where the loss rate is developed using past events, historical experience, current conditions and forecasts that affect the collectability of the financial assets.

The following table summarizes changes in the allowance for doubtful receivables for the six months ended June 30, 2023 and 2022:

(In millions)	
2022	
Balance at December 31, 2021	$ 210
Net provision for credit losses	12
Other - Net of write-offs charged against allowance	11
Balance at June 30, 2022	$ 233
2023	
Balance at December 31, 2022	$ 194
Net provision for credit losses	4
Other - net of write-offs charged against allowance	8
Balance at June 30, 2023	$ 206

The company enters into various factoring agreements with third-party financial institutions to sell its trade receivables under both recourse and non-recourse agreements in exchange for cash proceeds. These financing arrangements result in a transfer of the company's receivables and risks to the third-party. As these transfers qualify as true sales under the applicable accounting guidance, the receivables are derecognized from the interim Consolidated Balance Sheets upon transfer, and the company receives a payment for the receivables from the third-party within a mutually agreed upon time period. For arrangements involving an element of recourse, which is typically provided through a guarantee of accounts in the event of customer default, the guarantee obligation is measured using market data from similar transactions and reported as a current liability in the interim Consolidated Balance Sheets.

Trade receivables sold under these agreements were $35 million and $43 million for the three and six months ended June 30, 2023 and $78 million and $95 million for the three and six months ended June 30, 2022, respectively. The trade receivables sold that remained outstanding under these agreements which include an element of recourse as of June 30, 2023, December 31, 2022, and June 30, 2022 were $17 million, $37 million, and $52 million, respectively. The net proceeds received are included in cash provided by (used for) operating activities in the interim Consolidated Statements of Cash Flows. The difference between the carrying amount of the trade receivables sold and the sum of the cash received is recorded as a loss on sale of receivables in other income (expense) - net in the interim Consolidated Statements of Operations. The loss on sale of receivables for the three and six months ended June 30, 2023 was $11 million and $13 million, respectively, and $13 million for both the three and six months ended June 30, 2022. See Note 13 - Commitments and Contingent Liabilities for additional information on the company’s guarantees.

NOTE 10 - INVENTORIES

NOTE 11 - GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill

The following table summarizes changes in the carrying amount of goodwill by segment for the six months ended June 30, 2023:

(In millions)	Crop Protection	Seed	Total
Balance as of December 31, 2022	$ 4,618	$ 5,344	$ 9,962
Acquisitions[1]	513	—	513
Currency translation adjustments	30	34	64
Balance as of June 30, 2023	$ 5,161	$ 5,378	$ 10,539

1. On March 1, 2023, the company completed the acquisitions of Stoller and Symborg, which are included in the crop protection segment. See Note 3 – Business Combinations, to the interim Consolidated Financial Statements, for additional information.

In April 2022, the company implemented a global business unit organization model ("BU Reorganization"). The BU Reorganization resulted in the company's digital reporting unit being merged into the seed and crop protection reporting units with the goodwill relating to the former digital reporting unit being reassigned to the seed and crop protection reporting units using a relative fair value allocation approach. An interim goodwill impairment assessment immediately prior to the BU Reorganization and for the seed and crop protection reporting units immediately after the BU Reorganization resulted in no goodwill impairment charges.

Other Intangibles Assets

The gross carrying amounts and accumulated amortization of other intangible assets by major class are as follows:

2. Effective November 1, 2022, the favorable supply contracts expired and were fully amortized.
3. Primarily consists of sales and farmer networks, marketing and manufacturing alliances and noncompetition agreements.

The aggregate pre-tax amortization expense from continuing operations for definite-lived intangible assets was $174 million and $334 million for the three and six months ended June 30, 2023, respectively, and $179 million and $358 million for the three and six months ended June 30, 2022, respectively. The current estimated aggregate pre-tax amortization expense from continuing operations for the remainder of 2023 and each of the next five years is approximately $349 million, $682 million, $645 million, $634 million, $574 million and $553 million, respectively.

The estimated fair value of the company's short-term and long-term borrowings, including interest rate financial instruments, was determined using Level 2 inputs within the fair value hierarchy. Based on quoted market prices for the same or similar issues, or on current rates offered to the company for debt of the same remaining maturities, the fair value of the company's short-term borrowings and finance lease obligations was approximately carrying value.

The fair value of the company’s long-term borrowings, including debt due within one year, was $2,368 million, $1,172 million, and $1,188 million as of June 30, 2023, December 31, 2022, and June 30, 2022, respectively.

Debt Offering
In May 2023, the company issued $600 million of 4.50 percent Senior Notes due in 2026 and $600 million of 4.80 percent Senior Notes due in 2033 (the “May 2023 Debt Offering”).

Repurchase Facility
In May 2023, the company entered into a committed receivable repurchase facility of up to $500 million (the "2023 Repurchase Facility"), which expires in December 2023. Under the 2023 Repurchase Facility, Corteva may sell a portfolio of available and eligible outstanding customer notes receivables to participating institutions and simultaneously agree to repurchase at a future date. The 2023 Repurchase Facility is considered a secured borrowing with the customer notes receivables inclusive of those that are sold and repurchased, equal to 105 percent of the outstanding amounts borrowed utilized as collateral. Borrowings under the 2023 Repurchase Facility have an interest rate equal to the Adjusted Term Secured Overnight Financing Rate ("SOFR"), which is Term SOFR plus 0.10 percent, plus the margin.

As of June 30, 2023, there were no outstanding borrowings under the 2023 Repurchase Facility.

Foreign Currency Loans
The company enters into short-term and long-term foreign currency loans from time-to-time by accessing uncommitted revolving credit lines to fund working capital needs of foreign subsidiaries in the normal course of business (“Foreign Currency Loans”). Interest rates are variable and determined at the time of borrowing. Total unused bank credit lines on the Foreign Currency Loans at June 30, 2023 was approximately $77 million. The company’s Foreign Currency Loans have varying maturities through 2024.

Available Committed Credit Facilities
The following table summarizes the company's credit facilities:

Committed and Available Credit Facilities at June 30, 2023					
(in millions)	*Effective Date*	*Committed Credit*	*Credit Available*	*Maturity Date*	*Interest*
Revolving Credit Facility	May 2022	$ 3,000	$ 3,000	May 2027	Floating Rate
Revolving Credit Facility	May 2022	2,000	2,000	May 2025	Floating Rate
364-day Revolving Credit Facility	May 2022	1,000	1,000	January 2024	Floating Rate
Total Committed and Available Credit Facilities		$ 6,000	$ 6,000		

Revolving Credit Facilities
In May 2022, EIDP entered into a $3 billion, 5-year revolving credit facility and a $2 billion, 3-year revolving credit facility (the “Revolving Credit Facilities”) expiring in May 2027 and May 2025, respectively. Borrowings under the Revolving Credit Facilities will have an interest rate equal to Adjusted Term SOFR, which is Term SOFR plus 0.10 percent, plus the applicable margin. The Revolving Credit Facilities may serve as a substitute to the company's commercial paper program, and can be used, from time to time, for general corporate purposes including, but not limited to, the funding of seasonal working capital needs. The Revolving Credit Facilities contain customary representations and warranties, affirmative and negative covenants and events of default that are typical for companies with similar credit ratings. Additionally, the Revolving Credit Facilities contain a financial covenant requiring that the ratio of total indebtedness to total capitalization for Corteva and its consolidated subsidiaries not exceed 0.60. At June 30, 2023, the company was in compliance with these covenants.

364-Day Revolving Credit Facilities
In January 2023, the company amended and restated its May 2022 364-day revolving credit agreement (the “364-Day Revolving Credit Facility”) increasing the facility amount to $1 billion and extending the expiration date to January 2024. Borrowings under the 364-Day Revolving Credit Facility will have an interest rate equal to Adjusted Term SOFR, which is Term SOFR plus 0.10 percent, plus the applicable margin. The 364-Day Revolving Credit Facility includes a provision under which the company may convert any advances outstanding prior to the maturity date into term loans having a maturity date up to one year later. In February 2023, the company drew down $1 billion under the 364-Day Revolving Credit Facility, which was used for general corporate purposes, including funding seasonal working capital needs, capital spending, dividend payments, share repurchases and to partially fund the Stoller and Symborg acquisitions. In May 2023, the company repaid the $1 billion loan using the proceeds from the May 2023 Debt Offering and subsequently, in July 2023, reduced the available credit from $1 billion to $500 million. The 364-Day Revolving Credit Facility contains customary representations and warranties, affirmative and negative covenants and events of default that are typical for companies with similar credit ratings. Additionally, the 364-Day Revolving Credit Facility contains a financial covenant requiring that the ratio of total indebtedness to total capitalization for Corteva and its consolidated subsidiaries not exceed 0.60. At June 30, 2023, the company was in compliance with these covenants.

NOTE 13 - COMMITMENTS AND CONTINGENT LIABILITIES

Guarantees

Indemnifications

In connection with acquisitions and divestitures, the company has indemnified respective parties against certain liabilities that may arise in connection with these transactions and business activities prior to the completion of the transactions. The term of these indemnifications, which typically pertain to environmental, tax and product liabilities, is generally indefinite. In addition, the company indemnifies its duly elected or appointed directors and officers to the fullest extent permitted by Delaware law, against liabilities incurred as a result of their activities for the company, such as adverse judgments relating to litigation matters. If the indemnified party were to incur a liability or have a liability increase as a result of a successful claim, pursuant to the terms of the indemnification, the company would be required to reimburse the indemnified party. The maximum amount of potential future payments is generally unlimited. See below for additional information relating to the indemnification obligations under the Chemours Separation Agreement and the Corteva Separation Agreement.

Obligations for Supplier Finance Programs

The company enters into supplier finance programs with various finance providers in which the company agrees to pay the stated amount of confirmed invoices from participating suppliers by the original maturity date. The company or the financial provider may terminate the agreement upon providing at least thirty days' written notice. The payment terms that the company has with its finance providers under supplier finance programs are less than one year. At June 30, 2023, December 31, 2022 and June 30, 2022, the outstanding obligations under supplier finance programs was approximately $115 million, $220 million, and $185 million, respectively, and included within accounts payable in the interim Consolidated Balance Sheets.

Obligations for Customers and Other Third Parties

The company has directly guaranteed various debt obligations under agreements with third parties related to customers and other third parties. At June 30, 2023, December 31, 2022 and June 30, 2022, the company had directly guaranteed $73 million, $88 million, and $94 million, respectively, of such obligations. These amounts represent the maximum potential amount of future (undiscounted) payments that the company could be required to make under the guarantees in the event of default by the guaranteed party. Of the maximum future payments at June 30, 2023, approximately $15 million had terms greater than one year. The maximum future payments include $5 million, $16 million and $22 million at June 30, 2023, December 31, 2022 and June 30, 2022, respectively, of guarantees related to the various factoring agreements that the company enters into with third-party financial institutions to sell its trade receivables. See Note 9 - Accounts and Notes Receivable - Net, to the interim Consolidated Financial Statements, for additional information.

The maximum future payments also include agreements with lenders to establish programs that provide financing for select customers. The terms of the guarantees are equivalent to the terms of the customer loans that are primarily made to finance customer invoices. The total amounts owed from customers to the lenders relating to these agreements was $494 million, $202 million and $632 million at June 30, 2023, December 31, 2022 and June 30, 2022, respectively.

The company assesses the payment/performance risk by assigning default rates based on the duration of the guarantees. These default rates are assigned based on the external credit rating of the counterparty or through internal credit analysis and historical default history for counterparties that do not have published credit ratings. For counterparties without an external rating or available credit history, a cumulative average default rate is used.

Indemnifications under Separation Agreements

The company has entered into various agreements where the company is indemnified for certain liabilities. The term of this indemnification is generally indefinite, with exceptions, and includes defense costs and expenses, as well as monetary and non-monetary settlements and judgments. In connection with the recognition of liabilities related to these matters, the company records an indemnification asset when recovery is deemed probable.

Chemours/Performance Chemicals

Pursuant to the Chemours Separation Agreement resulting from the 2015 spin-off of the Performance Chemicals segment from Historical DuPont, Chemours indemnifies the company against certain litigation, environmental, workers' compensation and other liabilities that arose prior to the distribution.

In 2017, the Chemours Separation Agreement was amended to provide for a limited sharing of potential future liabilities related to alleged historical releases of perfluorooctanoic acids and its ammonium salts ("PFOA") for a five-year period that began on July 6, 2017. In addition, in 2017, Chemours and EIDP settled multi-district litigation in the U.S. District Court for the Southern District of Ohio ("Ohio MDL"), resolving claims of about 3,550 plaintiffs alleging injury from exposure to PFOA in drinking water as a result of the historical manufacture or use of PFOA at the Washington Works plant outside Parkersburg, West

Virginia. This plant was previously owned and/or operated by the performance chemicals segment of EIDP and is now owned and/or operated by Chemours.

On May 13, 2019, Chemours filed suit in the Delaware Court of Chancery against DuPont, EIDP, and Corteva, seeking, among other things, to limit its responsibility for the litigation and environmental liabilities allocated to and assumed by Chemours under the Chemours Separation Agreement (the "Delaware Litigation"). On March 30, 2020, the Court of Chancery granted a motion to dismiss. On December 15, 2020, the Delaware Supreme Court affirmed the judgment of the Court of Chancery. Meanwhile, a confidential arbitration process regarding the same and other claims proceeded (the "Arbitration").

On January 22, 2021, Chemours, DuPont, Corteva and EIDP entered into a binding memorandum of understanding containing a settlement to resolve legal disputes originating from the Delaware Litigation and Arbitration, and to establish a cost sharing arrangement and escrow account to be used to support and manage potential future legacy per- and polyfluoroalkyl substances ("PFAS") liabilities arising out of pre-July 1, 2015 conduct (the "MOU"). The MOU replaces the 2017 amendment to the Chemours Separation Agreement. According to the terms of the cost sharing arrangement within the MOU, Corteva and DuPont together, on one hand, and Chemours, on the other hand, agreed to a 50-50 split of certain qualified expenses related to PFAS liabilities incurred over a term not to exceed twenty years or $4 billion of qualified spend and escrow account contributions (see below for discussion of the escrow account) in the aggregate. DuPont's and Corteva's 50% share under the MOU will be limited to $2 billion, including qualified expenses and escrow contributions. These expenses and escrow account contributions will be subject to the existing Letter Agreement, under which DuPont and Corteva will each bear 50% of the first $300 million (up to $150 million each), and thereafter DuPont bears 71% and Corteva bears the remaining 29%. Under the terms of the MOU, Corteva's estimated aggregate share of the potential $2 billion is approximately $600 million.

In order to support and manage any potential future PFAS liabilities, the parties have also agreed to establish an escrow account ("MOU Escrow Account"). The MOU provides that (1) no later than each of September 30, 2021 and September 30, 2022, Chemours shall deposit $100 million into an escrow account and DuPont and Corteva shall together deposit $100 million in the aggregate into an escrow account and (2) no later than September 30 of each subsequent year through and including 2028, Chemours shall deposit $50 million into an escrow account and DuPont and Corteva shall together deposit $50 million in the aggregate into an escrow account. Subject to the terms and conditions set forth in the MOU, each party may be permitted to defer funding in any year (excluding 2021). Over this period, Chemours will deposit a total of $500 million in the account and DuPont and Corteva will deposit an additional $500 million pursuant to the terms of the Letter Agreement. Additionally, if on December 31, 2028, the balance of the escrow account (including interest) is less than $700 million, Chemours will make 50% of the deposits and DuPont and Corteva together will make 50% of the deposits necessary to restore the balance of the escrow account to $700 million, pursuant to the terms of the Letter Agreement. Such payments will be made in a series of consecutive annual equal installments commencing on September 30, 2029, pursuant to the escrow account replenishment terms as set forth in the MOU. The MOU provides that no withdrawals from the MOU Escrow Account can be made before year six, except to fund mutually agreed upon third-party settlements in excess of $125 million. Starting with year six, withdrawals can only be made to fund qualified spend if the parties' aggregate qualified spend in that particular year is greater than $200 million. Beginning with year 11, the amounts in the MOU Escrow Account can be used to fund any qualified spend.

The company made its annual installment deposits due to the MOU Escrow Account through June 30, 2023. As of June 30, 2023, these payments are classified as current restricted cash equivalents and included in other current assets in the interim Consolidated Balance Sheets.

After the term of this arrangement, Chemours' indemnification obligations under the original 2015 Chemours Separation Agreement, would continue unchanged, subject in each case to certain exceptions set out in the MOU. Under the MOU, Chemours waived specified claims regarding the construct of its 2015 spin-off transaction, and the parties dismissed the Pending Arbitration regarding those claims. Additionally, the parties have agreed to resolve the Ohio MDL PFOA personal injury litigation (as discussed below). The parties are expected to cooperate in good faith to enter into additional agreements reflecting the terms set forth in the MOU.

Corteva Separation Agreement

On April 1, 2019, in connection with the Dow Distribution, Corteva, DuPont and Dow entered into the Corteva Separation Agreement, the Tax Matters Agreement, the Employee Matters Agreement, and certain other agreements (collectively, the "Corteva Separation Agreements"). The Corteva Separation Agreements allocate among Corteva, DuPont and Dow assets, employees, certain liabilities and obligations (including its investments, property and employee benefits and tax-related assets and liabilities) among the parties and provides for indemnification obligation among the parties. Under the Corteva Separation Agreements, DuPont will indemnify Corteva against certain litigation, environmental, tax, workers' compensation and other liabilities that arose prior to the Corteva Distribution and Dow indemnifies Corteva against certain litigation, environmental, tax, workers' compensation and other liabilities that relate to the Historical Dow business, and Corteva indemnifies DuPont and Dow for certain liabilities.

Under the Corteva Separation Agreement, certain legacy EIDP liabilities from discontinued and/or divested operations and businesses of EIDP (including Performance Chemicals) (a “stray liability”) were allocated to Corteva or DuPont. For those stray liabilities allocated to Corteva (which may include a specified amount of liability associated with that liability), Corteva is responsible for liabilities in an amount up to that specified amount plus an additional $200 million and, for those stray liabilities allocated to DuPont (which may include a specified amount of liability associated with that liability), DuPont is responsible for liabilities up to a specified amount plus an additional $200 million. Once each company has met the $200 million threshold, Corteva and DuPont will share future liabilities proportionally on the basis of 29% and 71%, respectively; provided, however, that for PFAS, DuPont managed such liabilities with Corteva and DuPont sharing the costs on a 50% - 50% basis starting from $1 and up to $300 million (with such amount, up to $150 million, to be credited to each company’s $200 million threshold) and once the $300 million threshold was met, the companies share proportionally on the basis of 29% and 71% respectively, subject to a $1 million de minimis requirement. The aggregate amount of cash remitted by Corteva has exceeded the stray liability thresholds, including PFAS, noted above.

At June 30, 2023, December 31, 2022, and June 30, 2022, the indemnification assets were $39 million, $31 million, and $28 million, respectively, within accounts and notes receivable - net and $108 million, $105 million, and $82 million, respectively, within other assets in the interim Consolidated Balance Sheets. At June 30, 2023, December 31, 2022, and June 30, 2022, the indemnification liabilities were $44 million, $31 million, and $30 million, respectively, within accrued and other current liabilities and $115 million, $115 million, and $119 million, respectively, within other noncurrent obligations in the interim Consolidated Balance Sheets.

Discontinued Operations Activity

The company recorded charges of $163 million and $171 million for the three and six months ended June 30, 2023, respectively, and $30 million and $40 million for the three and six months ended June 30, 2022, respectively, to income (loss) from discontinued operations after income taxes, in the interim Consolidated Statement of Operations. The after-tax charges recognized during the three and six months ended June 30, 2023 primarily included approximately $155 million associated with the settlement of certain legacy PFAS related legal matters that are subject to the MOU, including the Water System MOU. The after-tax charges recognized during the three and six months ended June 30, 2022, primarily included approximately $23 million and $27 million, respectively, related to the MOU, driven by the environmental remediation accrual at Chemours’ Fayetteville Works facility for estimated costs for offsite water systems and on-site surface water and groundwater remediation to address and abate PFAS discharges arising out of pre-July 1, 2015 conduct.

Litigation

The company is subject to various legal proceedings, including, but not limited to, product liability, intellectual property, antitrust, commercial, property damage, personal injury, environmental and regulatory matters arising out of the normal course of its current businesses or legacy EIDP businesses unrelated to Corteva’s current businesses but allocated to Corteva as part of the separation of Corteva from DuPont. It is not possible to predict the outcome of these various proceedings, as considerable uncertainty exists. The company records accruals for legal matters when the information available indicates that it is probable that a liability has been incurred and the amount of the loss can be reasonably estimated. Accruals may reflect the impact and status of negotiations, settlements, rulings, advice from counsel and other information and events that may pertain to a particular matter. For the litigation matters discussed below, management believes that it is reasonably possible that the company could incur liabilities in excess of amounts accrued, the ultimate liability for which could be material to the results of operations and the cash flows in the period recognized. However, the company is unable to estimate the possible loss beyond amounts accrued due to various reasons, including, among others, that the underlying matters are either in early stages and/or have significant factual issues to be resolved. In addition, even when the company believes it has substantial defenses, the company may consider settlement of matters if it believes it is in the best interest of the company.

Lorsban® Lawsuits

As of June 30, 2023, there were pending personal injury lawsuits filed and additional asserted claims against the former Dow Agrosciences LLC, alleging injuries related to chlorpyrifos exposure, the active ingredient in Lorsban®, an insecticide used by commercial farms for field fruit, nut and vegetable crops. Corteva ended its production of Lorsban® in 2020. Chlorpyrifos products are restricted-use pesticides, which are not available for purchase or use by the general public, and may only be sold to, and used by, certified applicators or someone under the certified applicator's direct supervision. These lawsuits do not relate to Dursban®, a residential type chlorpyrifos product that was authorized for indoor purposes, which was discontinued over two decades ago prior to the Merger and Corteva’s formation and Separation. Claimants allege personal injury, including autism, developmental delays and/or decreased neurologic function, resulting from farm worker exposure and bystander drift and in utero exposure to chlorpyrifos. Certain claimants have also put forth remediation claims due to alleged property contamination from chlorpyrifos. As of June 30, 2023, an accrual has been established for the estimated resolution of certain claims.

Federal Trade Commission Investigation
On May 26, 2020, Corteva received a subpoena from the Federal Trade Commission (“FTC”) directing it to submit documents pertaining to its crop protection products generally, as well as business plans, rebate programs, offers, pricing and marketing materials specifically related to its acetochlor, oxamyl, rimsulfuron and other related products in order to determine whether Corteva engaged in unfair methods of competition through anticompetitive conduct. Corteva has fully cooperated with all requests related to this subpoena. On September 29, 2022, the FTC, along with ten state attorneys general in California, Colorado, Illinois, Indiana, Iowa, Minnesota, Nebraska, Oregon, Wisconsin, and Texas, filed a lawsuit against Corteva and another competitor alleging the parties engaged in unfair methods of competition, unlawful conditioning of payments, unreasonably restrained trade, and have an unlawful monopoly (the “FTC lawsuit”). In December 2022, attorneys general in Tennessee and Washington joined the FTC lawsuit and the Arkansas state attorney general filed a separate lawsuit against Corteva and another competitor based on the allegations set forth in the FTC lawsuit. Several proposed private class action lawsuits were also filed in federal court alleging anticompetitive conduct based on the allegations set forth in the FTC lawsuit.

In February 2023, most of these private lawsuits were centralized into a multi-district litigation in the U.S. District Court for the Middle District of North Carolina. We believe any such lawsuits related to Corteva’s business practices are without merit.

Litigation related to legacy EIDP businesses unrelated to Corteva’s current businesses

For purposes of this report, the term PFOA means collectively perfluorooctanoic acid and its salts, including the ammonium salt and does not distinguish between the two forms, and PFAS, including PFOA, PFOS (perfluorooctanesulfonic acid), GenX and other perfluorinated chemicals and compounds ("PFCs").

EIDP is a party to various legal proceedings relating to the use of PFOA by its former Performance Chemicals segment for which potential liabilities would be subject to the cost sharing arrangement under the MOU as long as it remains effective.

Leach Settlement and Ohio MDL Settlement
EIDP has residual liabilities under its 2004 settlement of a West Virginia state court class action, Leach v. EIDP, which alleged that PFOA from EIDP’s former Washington Works facility had contaminated area drinking water supplies and affected the health of area residents. The settlement class has about 80,000 members. In addition to relief that was provided to class members years ago, the settlement requires EIDP to continue providing PFOA water treatment to six area water districts and private well users and to fund, through an escrow account, up to $235 million for a medical monitoring program for eligible class members. As of June 30, 2023, approximately $2 million had been disbursed from the account since its establishment in 2012 and the remaining balance is approximately $1 million.

The Leach settlement permits class members to pursue personal injury claims for six health conditions (and no others) that an expert panel appointed under the settlement reported in 2012 had a “probable link” (as defined in the settlement) with PFOA: pregnancy-induced hypertension, including preeclampsia; kidney cancer; testicular cancer; thyroid disease; ulcerative colitis; and diagnosed high cholesterol. After the panel reported its findings, approximately 3,550 personal injury lawsuits were filed in federal and state courts in Ohio and West Virginia and consolidated in multi-district litigation in the U.S. District Court for the Southern District of Ohio (“Ohio MDL”). The Ohio MDL was settled in early 2017 for approximately $670 million in cash, with Chemours and EIDP (without indemnification from Chemours) each paying half.

Post-MDL Settlement PFOA Personal Injury Claims
The 2017 Ohio MDL settlement did not resolve claims of plaintiffs who did not have claims in the Ohio MDL or whose claims are based on diseases first diagnosed after February 11, 2017. The first was a consolidated trial of two cases; the first, a kidney cancer case, which resulted in a hung jury, while the second, *Travis and Julie Abbott v. E. I. du Pont de Nemours and Company* (the “Abbott Case”), a testicular cancer case, resulted in a jury verdict of $40 million in compensatory damages and $10 million for loss of consortium, plus interest. The loss of consortium award was subsequently reduced to $250,000 in accordance with state law limitations. Following entry of the judgment by the court, EIDP filed post-trial motions to reduce the verdict, and to appeal the verdict on the basis of procedural and substantive legal errors made by the trial court. After the denial of the company’s appeal and request for en banc review, a petition seeking review by the U.S. Supreme Court was filed in June 2023. Defense costs and future liabilities that may arise from these cases are subject to the terms and conditions of the MOU and the Corteva Separation Agreement. As of June 30, 2023, an accrual was established for this matter.

In January 2021, Chemours, DuPont and Corteva agreed to settle the remaining approximately 95 matters, as well as unfiled matters, remaining in the Ohio MDL, with the exception of the Abbott case, for $83 million, with Chemours contributing $29 million to the settlement, and DuPont and Corteva contributing $27 million each. The company paid $27 million during the year ended December 31, 2021. As agreed to in the settlement, the plaintiffs' counsel filed a motion to dissolve the MDL. In December 2022, the motion to dissolve the MDL was denied.

Other PFOA Matters

EIDP is a party to other PFOA lawsuits involving claims for property damage, medical monitoring and personal injury. Defense costs and any future liabilities that may arise out of these lawsuits are subject to the MOU and the cost sharing arrangement disclosed above. Under the MOU, fraudulent conveyance claims associated with these matters are not qualified expenses, unless Corteva, Inc. and EIDP would prevail on the merits of these claims.

EIDP did not make firefighting foams, PFOS, or PFOS products. While EIDP made surfactants and intermediaries that some manufacturers used in making foams, which may have contained PFOA as an unintended byproduct or an impurity, EIDP's products were not formulated with PFOA, nor was PFOA an ingredient of these products. EIDP has never made or sold PFOA as a commercial product.

In March 2023, the U.S. Environmental Protection Agency ("EPA") published proposed rules establishing a maximum contaminate level of four parts per trillion for PFOA in drinking water. If such rules are adopted, a legal mandate with respect to acceptable PFOA levels in drinking water would be established.

Aqueous Firefighting Foams. Approximately 4,700 cases have been filed against 3M and other defendants, including EIDP and Chemours, and some including Corteva and DuPont, alleging PFOS or PFOA environmental contamination and/or personal injury from the use of aqueous firefighting foams. The vast majority of these cases have been transferred to a multi-district litigation proceeding in federal district court in South Carolina ("SC MDL"). Approximately 4,100 of these cases were filed on behalf of firefighters who allege personal injuries (primarily kidney and testicular cancer) as a result of exposure to aqueous firefighting foams ("AFFF"). Approximately 280 of these cases were filed by water systems. Most of these recent cases assert claims that the EIDP and Chemours separation constituted a fraudulent conveyance.

On June 1, 2023, Corteva, EIDP, Inc., DuPont, and Chemours (collectively, the "settling companies") entered into a binding agreement in principle (the "Water System MOU") to comprehensively resolve all drinking water claims related to PFAS of a defined class of U.S. public water systems that serve the vast majority of the United States population, including, but not limited to the AFFF claims in the SC MDL. The Water System MOU remains subject to being finalized by a definitive agreement and approved by the federal district court in South Carolina (the "SC Court"). PFAS, as defined in the settlement, includes PFOA and HFPO-DA among a broad range of fluorinated organic substances.

Under the Water System MOU, the settling companies will collectively establish and contribute a total of $1.185 billion to a settlement fund ("water district settlement fund"). Contribution rates will be consistent with the settling companies' 2021 MOU and the Letter Agreement, with Chemours contributing 50 percent, and DuPont and Corteva collectively contributing the remaining 50 percent. The settlement amounts will be funded by the settling companies in full and deposited into the water district settlement fund within ten business days following preliminary approval of the settlement by the SC Court. The settling companies expect to utilize the escrow account balance established by the 2021 MOU, among other sources, to make their respective contributions to the water district settlement fund. In exchange for the payment to the water district settlement fund, the settling companies will receive a complete release of the claims described below from the Class (as defined below).

The class represented by the Water System MOU is composed of all Public Water Systems, as defined in 42 U.S.C. § 300f, with a current detection of PFAS or that are currently required to monitor for PFAS under the Environmental Protection Agency's Fifth Unregulated Contaminant Monitoring Rule ("UCMR 5") or other applicable federal or state law (the "Class"). Approximately 88 percent of the U.S. is served by systems required to test under UCMR 5. The Class does not include water systems owned and operated by a State or the United States government; small systems that have not detected the presence of PFAS and are not currently required to monitor for it under federal or state requirements; and, unless they otherwise request to be included, water systems in the lower Cape Fear River Basin of North Carolina.

On June 30, 2023, the settling parties submitted to the SC Court for preliminary approval a definitive agreement, followed by a motion seeking certification of the proposed settlement class, to effectuate the terms of the Water System MOU on July 10, 2023. The definitive agreement will address the timing and logistics of the settlement payment and conditions under which the settlement might not proceed, including a walk-away right that enables the settling companies to terminate the settlement if more than a confidential, agreed number of class members opt out. Final approval of the settlement is expected no sooner than six months after preliminary approval, which is expected in the third quarter of 2023. As part of the final approval process, the SC Court will establish a timetable for notice to class members, for hearings on approval, and for class members to opt out of the settlement. A court-appointed claims administrator, under the oversight of a court-appointed special master, will be responsible for the management, allocation and distribution of the water district settlement fund. Class counsel, subject to the settling companies' consent, will nominate the persons who, if approved by the SC Court, will serve as claims administrator and special master.

The Water System MOU was entered into solely by way of compromise and settlement and is not in any way an admission of liability or fault by Corteva, EIDP, or the other settling companies. As of June 30, 2023, an accrual has been established for this settlement. If a settlement cannot be finalized and approved, and plaintiffs elect to pursue their claims in court, the settling companies will continue to assert their strong legal defenses in pending litigation.

New Jersey. In late March of 2019, the New Jersey State Attorney General filed four lawsuits against EIDP, Chemours, and others alleging that operations at and discharges from former EIDP sites in New Jersey (Chambers Works, Pompton Lakes, Parlin and Repauno) damaged the State's natural resources. Two of these lawsuits (those involving the Chambers Works and Parlin sites) allege contamination from PFAS. The Ridgewood Water District in New Jersey filed suit in the first quarter 2019 against EIDP, Chemours, and others alleging losses related to the investigation, remediation and monitoring of polyfluorinated surfactants, including PFOA, in water supplies. DuPont and Corteva were subsequently added as defendants to these lawsuits. These lawsuits include claims under the New Jersey Industrial Site Recovery Act ("ISRA") and for fraudulent conveyance. Beginning in April 2023, the lawsuits have been stayed subject to a court appointed mediation.

EIDP and Chemours are also defendants in two lawsuits by a private water utility provider in New Jersey and New York alleging damages from PFAS releases into the environment, that impacted water sources that the utilities use to provide water, as well as products liability, negligence, nuisance, and trespass claims. The court dismissed the New York plaintiff's trespass claims and has limited plaintiffs' nuisance claims to abatement damages.

Ohio. EIDP is a defendant in three lawsuits, including an action by the State of Ohio based on alleged damage to natural resources, and an action by the City of Dayton claiming losses related to the investigation, remediation and monitoring of PFAS in water supplies. While currently in mediation, the trial with respect to the natural resources lawsuit is scheduled for June 2024. The third lawsuit, a putative nationwide class action ("the Hardwick Class Action") brought on behalf of anyone who has detectable levels of PFAS in their blood serum seeks declaratory and injunctive relief, including the establishment of a "PFAS Science Panel." In March 2022, the trial court certified a class covering anyone subject to Ohio laws having minimal levels of PFOA plus at least one other PFAS in their blood. The trial court requested further briefing on whether the class should be extended to include other states that recognize analogous claims for relief. Because EIDP and the other defendants were granted permission by the court to appeal the class certification decision, further briefing on the extension of the class for the trial court has been paused subject to the outcome of the appeal.

New York. EIDP is a defendant in about 45 lawsuits, including a putative class action (the "Baker Class Action"), brought by persons who live in and around Hoosick Falls, New York. These lawsuits assert claims for medical monitoring, property damage and personal injury based on alleged PFOA releases from manufacturing facilities owned and operated by co-defendants in Hoosick Falls. The lawsuits allege that EIDP and others supplied materials used at these facilities resulting in PFOA air and water contamination. A court approved settlement was reached between the plaintiffs and the other co-defendants regarding the Baker Class Action case. In September 2022, the class certification of the Baker Class Action was granted, with the court certifying three separate classes consisting of a private well property damage class, a medical monitoring class and a nuisance class. EIDP will challenge the certification, and continue to defend itself on the merits of the case, while seeking an out of court resolution. With the settlement or tentative settlement of approximately 30 of the personal injury lawsuits, an accrual was established for this matter as of June 30, 2023.

EIDP is also one of more than 10 defendants in a lawsuit brought by the Town of East Hampton, New York alleging PFOA and PFOS contamination of the town's well water. Additionally, EIDP along with Chemours and others, have been named defendants in complaints filed by 20 water districts in Nassau County, New York alleging that the drinking water they provide to customers is contaminated with PFAS and seeking reimbursement for clean-up costs. The water district complaints also include allegations of fraudulent transfer.

Other Natural Resource Damage Cases. In addition to the natural resource cases in Ohio, New Jersey, and New York, 24 states and three U.S. territories, have filed lawsuits against EIDP, Chemours, and others, claiming, among other things, PFC (including PFOA) contamination of groundwater and drinking water. The complaints seek reimbursement for past and future costs to investigate and remediate the alleged contamination and compensation for the loss of value and use of the state's natural resources. Due to overlapping AFFF allegations, virtually all of these cases have been transferred, or are pending transfer to the SC MDL. These cases are largely in the discovery phase. In addition to the cases in New Jersey and Ohio, the natural resource case in North Carolina is currently in mediation.

On July 13, 2021, Chemours, DuPont, EIDP and Corteva entered into a settlement agreement with the State of Delaware reflecting the companies' and the State's agreement to settle and fully resolve claims alleged against the companies regarding their historical Delaware operations, manufacturing, use and disposal of all chemical compounds, including PFAS. Under the settlement, if the companies, individually or jointly, within 8 years of the settlement, enter into a proportionally similar agreement to settle or resolve claims of another state for PFAS-related natural resource damages, for an amount greater than $50 million, the companies shall make a supplemental payment directly to the Natural Resources and Sustainability Trust (the "NRS Trust") in an amount equal to such other states' recovery in excess of $50 million ("Supplemental Payment"). Supplemental Payment(s), if any, will not exceed $25 million in the aggregate. All amounts paid by the companies under the settlement are subject to the MOU and the Corteva Separation Agreement. Under the settlement, if the state sues other parties and those parties seek contribution from the companies, the companies will have protection from contribution up to the amounts previously paid under the settlement agreement. The companies will also receive a credit up to the amount of the payment if the state seeks natural resource damage claims against the companies outside the scope of the settlement's release of claims.

Netherlands. In April 2021, four municipalities in the Netherlands filed complaints alleging contamination of land and groundwater resulting from the emission of PFOA and GenX by Corteva, DuPont and Chemours. The municipalities seek to recover costs incurred due to the alleged emissions, including damages for investigation costs, construction project delays, depreciation of land, soil remediation, liabilities to contractors, and attorneys' fees. A hearing on the merits occurred in March 2023, and a ruling is expected by September 2023.

Carpet Mill Cases. The city of Rome, GA alleges defendants, including EIDP, Chemours, other chemical suppliers and large carpet mills, discharged PFAS in their industrial wastewater, and that this wastewater after treatment, resulted in PFAS contamination of drinking water supplies. The city of Rome seeks damages for the cost of the installation of a water treatment system capable of removing PFCs from the water, injunctive relief requiring the defendants to clean up the contamination in the river ways, and punitive damages. Additionally, the city of Rome has sent a demand to EIDP asserting damages for the construction of a new utilities wastewater treatment system and upgrades to the city's water treatment system, along with future monitoring costs. The City of Rome case has been settled and an accrual was established as of June 30, 2023. The Centre Alabama water district carpet case, which makes similar allegations, is set for trial in November 2023.

Fayetteville Works Facility, North Carolina

Prior to the separation of Chemours, EIDP introduced GenX as a polymerization processing aid and a replacement for PFOA at the Fayetteville Works facility in Bladen County, North Carolina. The facility is now owned and operated by Chemours, which continues to manufacture and use GenX. In June 2022, the EPA issued a final health advisory for drinking water related to GenX. In July 2022, Chemours filed a petition in federal court for review of the EPA's GenX compounds health advisory.

At June 30, 2023, several actions are pending in federal court against Chemours and EIDP relating to PFC discharges from the Fayetteville Works facility. One of these is a consolidated putative class action that asserts claims for medical monitoring and property damage on behalf of putative classes of property owners and residents in areas near or who draw drinking water from the Cape Fear River. Another action is a consolidated action brought by various North Carolina water authorities, including the Cape Fear Public Utility Authority ("CFPUA") and Brunswick County, that seek actual and punitive damages as well as injunctive relief. In a state court action over approximately 100 private property owners near the Fayetteville Works facility filed a complaint against Chemours and EIDP in May 2020. The plaintiffs seek compensatory and punitive damages for their claims of private nuisance, trespass, and negligence allegedly caused by release of certain PFCs. In March 2023, CFPUA filed a Delaware Chancery Court action claiming the spin-off of Chemours and the Dow and historical DuPont merger were unlawful and should be voided, so CFPUA is not precluded from recovering amounts its entitled in its pending litigation. In June 2023, EIDP filed a motion to dismiss the Delaware Chancery Court action based upon failure to state a claim under Delaware law.

Generally, site-related expenses related to GenX claims are subject to the cost sharing arrangements as defined in the MOU.

Environmental

Accruals for environmental matters are recorded when it is probable that a liability has been incurred and the amount of the liability can be reasonably estimated based on current law and existing technologies. These obligations are included in accrued and other current liabilities and other noncurrent obligations in the interim Consolidated Balance Sheets. It is reasonably possible that environmental remediation and restoration costs in excess of amounts accrued could have a material impact on the company's results of operations, financial condition and cash flows. Inherent uncertainties exist in these estimates primarily due to unknown conditions, changing governmental regulations and legal standards regarding liability, and emerging remediation technologies for handling site remediation and restoration.

For a discussion of the allocation of environmental liabilities under the Chemours Separation Agreement and the Corteva Separation Agreement, see page 23.

The accrued environmental obligations and indemnification assets include the following:

	As of June 30, 2023		
(In millions)	Indemnification Asset	Accrual balance[3]	Potential exposure above amount accrued[3]
Environmental Remediation Stray Liabilities			
Chemours related obligations - subject to indemnity[1,2]	$ 152	$ 152	$ 281
Other discontinued or divested businesses obligations[1]	24	68	194
Environmental remediation liabilities primarily related to DuPont - subject to indemnity from DuPont[2]	58	61	63
Environmental remediation liabilities not subject to indemnity	—	108	75
Indemnification liabilities related to the MOU[4]	25	119	31
Total	$ 259	$ 508	$ 644

1. Represents liabilities that are subject to the $200 million threshold and sharing arrangements as discussed on page 24, under the header "Corteva Separation Agreement."
2. The company has recorded an indemnification asset related to these accruals, including $35 million related to the Superfund sites.
3. Accrual balance represents management's best estimate of the costs of remediation and restoration, although it is reasonably possible that the potential exposure, as indicated, could range above the amounts accrued, as there are inherent uncertainties in these estimates. Accrual balance includes $59 million for remediation of Superfund sites. Amounts do not include possible impacts from the remediation elements of the EPA's October 2021 PFAS Strategic Roadmap (as applicable), except as disclosed on page 24 relating to Chemours' remediation activities at the Fayetteville Works Facility pursuant to the Consent Order with the North Carolina Department of Environmental Quality ("NC DEQ").
4. Represents liabilities that are subject to the $150 million threshold and sharing agreements as discussed on page 23, under the header "Chemours / Performance Chemicals."

Chambers Works, New Jersey

On January 28, 2022, the State of New Jersey filed a request for a preliminary injunction against EIDP and Chemours seeking the establishment of a Remediation Funding Source ("RFS") in an amount exceeding $900 million for environmental remediation at EIDP's former Chambers Works facility in New Jersey. The RFS primarily relates to non-PFAS remediation, which is not subject to the MOU. Chemours has accepted indemnity and defense for these matters, while reserving rights and declining EIDP's demand relating to the ISRA and fraudulent transfer matters as alleged under the existing New Jersey natural resource lawsuits discussed on page 28. Further ruling on this proceeding has been stayed subject to court appointed mediation.

Nebraska Department of Environment and Energy, AltEn Facility

The EPA and the Nebraska Department of Environment and Energy ("NDEE") are pursuing investigations, response and removal actions, litigation and enforcement action related to an ethanol plant located near Mead, Nebraska and owned and operated by AltEn LLC ("AltEn"). The agencies have alleged violations under the Resource Conservation and Recovery Act ("RCRA") and other federal and state laws stemming from AltEn's lack of compliance with the terms and conditions of its operating permits and other regulatory requirements. Corteva is one of six seed companies, who were customers of AltEn (collectively, the "Facility Response Group"), participating in the NDEE's Voluntary Cleanup Program to address certain interim remediation needs at the site. In February 2022, the Facility Response Group filed a lawsuit against AltEn and certain of its affiliates to preserve certain contractual and common law indemnification claims. As of June 30, 2023, an accrual was established for Corteva's estimated voluntary contribution to the solid waste and wastewater remedial action plans for the AltEn location.

NOTE 14 - STOCKHOLDERS' EQUITY

Share Buyback Plan

On September 13, 2022, Corteva, Inc. announced that its Board of Directors authorized a $2 billion share repurchase program to purchase Corteva, Inc.'s common stock, par value $0.01 per share, without an expiration date ("2022 Share Buyback Plan"). The timing, price and volume of purchases will be based on market conditions, relevant securities laws and other factors. In connection with the 2022 Share Buyback Plan, the company repurchased and retired 1,417,000 shares in the open market for a total cost of $80 million during the three and six months ended June 30, 2023.

On August 5, 2021, Corteva, Inc. announced that its Board of Directors authorized a $1.5 billion share repurchase program to purchase Corteva, Inc.'s common stock, par value $0.01 per share, without an expiration date ("2021 Share Buyback Plan"). In connection with the 2021 Share Buyback Plan, the company repurchased and retired 4,098,000 shares in the open market for a total cost of $250 million during the six months ended June 30, 2023 and 6,285,000 shares and 10,870,000 shares in the open market for a total cost of $365 million and $600 million during the three and six months ended June 30, 2022, respectively. Repurchases under the 2021 Share Buyback Plan were completed during the first quarter of 2023.

Shares repurchased pursuant to Corteva's share buyback plans are immediately retired upon repurchase. Repurchased common stock is reflected as a reduction of stockholders' equity. The company's accounting policy related to its share repurchases is to reduce its common stock based on the par value of the shares and to reduce its retained earnings for the excess of the repurchase price over the par value. When Corteva has an accumulated deficit balance, the excess over the par value is applied to APIC. When Corteva has retained earnings, the excess is charged entirely to retained earnings.

Noncontrolling Interest

Corteva, Inc. owns 100 percent of the outstanding common shares of EIDP. However, EIDP has preferred stock outstanding to third parties which is accounted for as a non-controlling interest in Corteva's interim Consolidated Balance Sheets. Each share of EIDP Preferred Stock - $4.50 Series and EIDP Preferred Stock - $3.50 Series issued and outstanding at the effective date of the Corteva Distribution remains issued and outstanding as to EIDP and was unaffected by the Corteva Distribution.

Below is a summary of the EIDP Preferred Stock at June 30, 2023, December 31, 2022, and June 30, 2022, which is classified as noncontrolling interests in Corteva's interim Consolidated Balance Sheets.

Shares in thousands	**Number of Shares**

1. The cumulative translation adjustment gain for the six months ended June 30, 2023 was primarily driven by the strengthening of the Brazilian Real (“BRL”), Swiss Franc (“CHF”) and European Euro (“EUR”) against the USD. The cumulative translation adjustment loss for the six months ended June 30, 2022 was primarily driven by the weakening of the European Euro ("EUR"), Swiss Franc ("CHF") and Indian Rupee ("INR") against the USD, partially offset by the strengthening of the Brazilian Real ("BRL") against the USD.

The tax (expense) benefit on the net activity related to each component of other comprehensive income (loss) was as follows:

NOTE 16 - FINANCIAL INSTRUMENTS

At June 30, 2023, December 31, 2022 and June 30, 2022, the company had $1,685 million, $2,296 million and $1,488 million, respectively, of held-to-maturity securities (primarily time deposits and money market funds) classified as cash equivalents in the interim Consolidated Balance Sheets, as these securities had maturities of three months or less at the time of purchase; $53 million, $124 million and $254 million at June 30, 2023, December 31, 2022 and June 30, 2022, respectively, of held-to-maturity securities (primarily time deposits and foreign government bonds) classified as marketable securities in the interim Consolidated Balance Sheets, as these securities had maturities of more than three months to less than one year at the time of purchase; $27 million at December 31, 2022 of held-to-maturity securities (primarily foreign government bonds) classified as marketable securities and included in other assets in the interim Consolidated Balance Sheets, as these securities had maturities more than one year at the time of purchase. The company's investments in held-to-maturity securities are held at amortized cost, which approximates fair value. The company's held-to-maturity securities relating to investments in foreign government bonds at June 30, 2023 are discussed further in the "Debt Securities" section.

Derivative Instruments

Objectives and Strategies for Holding Derivative Instruments

In the ordinary course of business, the company enters into contractual arrangements (derivatives) to reduce its exposure to foreign currency and commodity price risks. The company has established a variety of derivative programs to be utilized for financial risk management. These programs reflect varying levels of exposure coverage and time horizons based on an assessment of risk.

Derivative programs have procedures and controls and are approved by the Corporate Financial Risk Management Committee, consistent with the company's financial risk management policies and guidelines. Derivative instruments used are forwards, options, futures and swaps. The company has not designated any non-derivatives as hedging instruments.

The company's financial risk management procedures also address counterparty credit approval, limits and routine exposure monitoring and reporting. The counterparties to these contractual arrangements are major financial institutions and major commodity exchanges, and multinational grain exporters. The company is exposed to credit loss in the event of nonperformance by these counterparties. The company utilizes collateral support annex agreements with certain counterparties to limit its exposure to credit losses. The company anticipates performance by counterparties to these contracts and therefore no material loss is expected. Market and counterparty credit risks associated with these instruments are regularly reported to management.

The notional amounts of the company's derivative instruments were as follows:

Notional Amounts (In millions)	**June 30, 2023**	**December 31, 2022**	**June 30, 2022**
Derivatives designated as hedging instruments:			
Foreign currency contracts	$ 457	$ 953	$ 751
Commodity contracts	$ 487	$ 1,167	$ 361
Derivatives not designated as hedging instruments:			
Foreign currency contracts	$ 1,912	$ 430	$ 1,546
Commodity contracts	$ 33	$ 9	$ 99

Foreign Currency Risk

The company's objective in managing exposure to foreign currency fluctuations is to reduce earnings and cash flow volatility associated with foreign currency rate changes. Prior to the first quarter of 2023, the company mitigated the exposure of certain investments in foreign subsidiaries against changes in the Euro/USD exchange rate. Accordingly, the company enters into various contracts that change in value as foreign exchange rates change to protect the value of its existing foreign currency-denominated assets, liabilities, commitments, investments and cash flows.

The company uses foreign currency exchange contracts to offset its net exposures, by currency, related to the foreign currency denominated monetary assets and liabilities of its operations. The primary business objective of this hedging program is to maintain an approximately balanced position in foreign currencies so that exchange gains and losses resulting from exchange rate changes, after related tax effects, are minimized. The company also uses foreign currency exchange contracts to offset a portion of the company's exposure to certain forecasted transactions as well as the translation of foreign currency-denominated earnings. The company also uses commodity contracts to offset risks associated with foreign currency devaluation in certain countries.

Commodity Price Risk
Commodity price risk management programs serve to reduce exposure to price fluctuations on purchases of inventory such as corn and soybeans. The company enters into over-the-counter and exchange-traded derivative commodity instruments to hedge the commodity price risk associated with agricultural commodity exposures.

Derivatives Designated as Cash Flow Hedges
Commodity Contracts
The company enters into over-the-counter and exchange-traded derivative commodity instruments, including options, forwards, futures and swaps, to hedge the commodity price risk associated with agriculture commodity exposures.

While each risk management program has a different time maturity period, most programs currently do not extend beyond the next two years. Cash flow hedge results are reclassified into earnings during the same period in which the related exposure impacts earnings. Reclassifications are made sooner if it appears that a forecasted transaction is probable of not occurring.

The following table summarizes the after-tax effect of commodity contract cash flow hedges on accumulated other comprehensive income (loss):

	Three Months Ended June 30,		Six Months Ended June 30,	
(In millions)	2023	2022	2023	2022
Beginning balance	$ (1)	$ 96	$ 55	$ 47
Additions and revaluations of derivatives designated as cash flow hedges	(33)	53	(74)	116
Clearance of hedge results to earnings	(37)	(68)	(52)	(82)
Ending balance	$ (71)	$ 81	$ (71)	$ 81

At June 30, 2023, an after-tax net loss of $66 million is expected to be reclassified from accumulated other comprehensive income (loss) into earnings over the next twelve months.

Foreign Currency Contracts
The company enters into forward contracts to hedge the foreign currency risk associated with forecasted transactions within certain foreign subsidiaries.

While each risk management program has a different time maturity period, most programs currently do not extend beyond the next two years. Cash flow hedge results are reclassified into earnings during the same period in which the related exposure impacts earnings. Reclassifications are made sooner if it appears that a forecasted transaction is probable of not occurring.

The following table summarizes the after-tax effect of foreign currency cash flow hedges on accumulated other comprehensive income (loss):

	Three Months Ended June 30,		Six Months Ended June 30,	
(In millions)	2023	2022	2023	2022
Beginning balance	$ (1)	$ (48)	$ 10	$ 32

Clearance of hedge results to earnings	2	2	1	4
Ending balance	$ (16)	$ (31)	$ (16)	$ (31)

At June 30, 2023, an after-tax net loss of $16 million is expected to be reclassified from accumulated other comprehensive income (loss) into earnings over the next twelve months.

Derivatives Designated as Net Investment Hedges

Foreign Currency Contracts

The company had designated €450 million of forward contracts to exchange EUR as net investment hedges. The purpose of these forward contracts was to mitigate foreign exchange exposure related to a portion of the company’s Euro net investments in certain foreign subsidiaries against changes in Euro/USD exchange rates. These hedges expired and were settled in March 2023.

Prior to maturity, the company had elected to apply the spot method in testing for effectiveness of the hedging relationship.

Derivatives not Designated in Hedging Relationships

Foreign Currency Contracts

The company uses foreign exchange contracts to reduce its net exposure, by currency, related to foreign currency-denominated monetary assets and liabilities of its operations so that exchange gains and losses resulting from exchange rate changes are minimized. The netting of such exposures precludes the use of hedge accounting; however, the required revaluation of the forward contracts and the associated foreign currency-denominated monetary assets and liabilities intends to achieve a minimal earnings impact, after taxes. The company also uses foreign currency exchange contracts to offset a portion of the company’s exposure to the translation of certain foreign currency-denominated earnings so that gains and losses on the contracts offset changes in the USD value of the related foreign currency-denominated earnings over the relevant aggregate period.

Commodity Contracts

The company utilizes options, futures and swaps that are not designated as hedging instruments to reduce exposure to commodity price fluctuations on purchases of inventory such as corn and soybeans. The company uses forward agreements, with durations less than one year, to buy and sell USD priced commodities in order to reduce its exposure to currency devaluation for a portion of its local currency cash balances. Counterparties to the forward sales agreements are multinational grain exporters and subject to the company’s financial risk management procedures.

Fair Value of Derivative Instruments

Asset and liability derivatives subject to an enforceable master netting arrangement with the same counterparty are presented on a net basis in the interim Consolidated Balance Sheets. The presentation of the company's derivative assets and liabilities is as follows:

3. Recognized in other income (expense). Note that net loss from foreign currency contracts was partially offset by the related gain on the foreign currency-denominated monetary assets and liabilities of the company's operations. See Note 6 - Supplementary Information, to the interim Consolidated Financial Statements, for additional information.

Debt Securities

The company’s debt securities include foreign government bonds classified as held-to-maturity securities at June 30, 2023, December 31, 2022 and June 30, 2022. The company’s investments in held-to-maturity securities are held at amortized cost, which approximates fair value, and are held by certain foreign subsidiaries in which the USD is the functional currency. The company's investments in debt securities at June 30, 2023 with a contractual maturity within one year was $44 million.

NOTE 18 - SEGMENT INFORMATION

Corteva's reportable segments reflects the manner in which its chief operating decision maker ("CODM") allocates resources and assesses performance, which is at the operating segment level (seed and crop protection). For purposes of allocating resources to the segments and assessing segment performance, segment operating EBITDA is the primary measure used by Corteva's CODM. The company defines segment operating EBITDA as earnings (loss) (i.e., income (loss) from continuing operations before income taxes) before interest, depreciation, amortization, corporate expenses, non-operating benefits (costs), foreign exchange gains (losses), and net unrealized gain or loss from mark-to-market activity for certain foreign currency derivative instruments that do not qualify for hedge accounting, excluding the impact of significant items. Non-operating benefits (costs) consists of non-operating pension and other post-employment benefit (OPEB) credits (costs), tax indemnification adjustments and environmental remediation and legal costs associated with legacy EIDP businesses and sites. Tax indemnification adjustments relate to changes in indemnification balances, as a result of the application of the terms of the Tax Matters Agreement, between Corteva and Dow and/or DuPont that are recorded by the company as pre-tax income or expense. Net unrealized gain or loss from mark-to-market activity for certain foreign currency derivative instruments that do not qualify for hedge accounting represents the non-cash net gain (loss) from changes in fair value of certain undesignated foreign currency derivative contracts. Upon settlement, which is within the same calendar year of execution of the contract, the realized gain (loss) from the changes in fair value of the non-qualified foreign currency derivative contracts will be reported in the respective segment results to reflect the economic effects of the foreign currency derivative contracts without the resulting unrealized mark to fair value volatility.

Cautionary Statements About Forward-Looking Statements

This report contains certain estimates and forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended, which are intended to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995, and may be identified by their use of words like "plans," "expects," "will," "anticipates," "believes," "intends," "projects," "estimates," "outlook," or other words of similar meaning. All statements that address expectations or projections about the future, including statements about Corteva's financial results or outlook; strategy for growth; product development; regulatory approvals; market position; capital allocation strategy; liquidity; environmental, social and governance ("ESG") targets and initiatives; the anticipated benefits of acquisitions, restructuring actions, or cost savings initiatives; and the outcome of contingencies, such as litigation and environmental matters, are forward-looking statements.

Forward-looking statements and other estimates are based on certain assumptions and expectations of future events which may not be accurate or realized. Forward-looking statements and other estimates also involve risks and uncertainties, many of which are beyond Corteva's control. While the list of factors presented below is considered representative, no such list should be considered to be a complete statement of all potential risks and uncertainties. Unlisted factors may present significant additional obstacles to the realization of forward-looking statements. Consequences of material differences in results as compared with those anticipated in the forward-looking statements could include, among other things, business disruption, operational problems, financial loss, legal liability to third parties and similar risks, any of which could have a material adverse effect on Corteva's business, results of operations and financial condition. Some of the important factors that could cause Corteva's actual results to differ materially from those projected in any such forward-looking statements include: (i) failure to successfully develop and commercialize Corteva's pipeline; (ii) failure to obtain or maintain the necessary regulatory approvals for some of Corteva's products; (iii) effect of the degree of public understanding and acceptance or perceived public acceptance of Corteva's biotechnology and other agricultural products; (iv) effect of changes in agricultural and related policies of governments and international organizations; (v) costs of complying with evolving regulatory requirements and the effect of actual or alleged violations of environmental laws or permit requirements; (vi) effect of climate change and unpredictable seasonal and weather factors; (vii) failure to comply with competition and antitrust laws; (viii) effect of competition in Corteva's industry; (ix) competitor's establishment of an intermediary platform for distribution of Corteva's products; (x) impact of Corteva's dependence on third parties with respect to certain of its raw materials or licenses and commercialization; (xi) effect of volatility in Corteva's input costs; (xii) risk related to geopolitical and military conflict; (xiii) effect of industrial espionage and other disruptions to Corteva's supply chain, information technology or network systems; (xiv) risks related to environmental litigation and the indemnification obligations of legacy EIDP liabilities in connection with the separation of Corteva; (xv) risks related to Corteva's global operations; (xvi) failure to effectively manage acquisitions, divestitures, alliances, restructurings, cost savings initiatives, and other portfolio actions; (xvii) failure to raise capital through the capital markets or short-term borrowings on terms acceptable to Corteva; (xviii) failure of Corteva's customers to pay their debts to Corteva, including customer financing programs; (xix) increases in pension and other post-employment benefit plan funding obligations; (xx) capital markets sentiment towards ESG matters; (xxi) risks related to pandemics or epidemics; (xxii) Corteva's intellectual property rights or defend against intellectual property claims asserted by others; (xxiii) effect of counterfeit products; (xxiv) Corteva's dependence on intellectual property cross-license agreements; and (xxv) other risks related to the Separation from DowDuPont.

Additionally, there may be other risks and uncertainties that Corteva is unable to currently identify or that Corteva does not currently expect to have a material impact on its business. Where, in any forward-looking statement or other estimate, an expectation or belief as to future results or events is expressed, such expectation or belief is based on the current plans and expectations of Corteva's management and expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the expectation or belief will result or be achieved or accomplished. Corteva disclaims and does not undertake any obligation to update or revise any forward-looking statement, except as required by applicable law. A detailed discussion of some of the significant risks and uncertainties which may cause results and events to differ materially from such forward-looking statements is included in the "Risk Factors" section of Corteva's 2022 Annual Report, as modified by subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

Recent Developments

Acquisitions
On March 1, 2023, Corteva completed its previously announced acquisition of all the outstanding equity interests in Stoller Group Inc. (“Stoller”), one of the largest independent companies in the Biologicals industry, and Quorum Vital Investment, S.L. and its affiliates (“Symborg”), an expert in microbiological technologies. The purchase price for Stoller and Symborg was $1,224 million, subject to a working capital adjustment, and $370 million, respectively. These acquisitions supplement the crop protection business with additional biological tools that complement evolving farming practices. See Note 3 - Business Combinations, to the interim Consolidated Financial Statements, for additional information.

2022 Restructuring Actions
In connection with the company’s shift to a global business unit model during 2022, the company assessed its business priorities and operational structure to maximize the customer experience and deliver on growth and earnings potential. As a result of this assessment, the company committed to restructuring actions during the second quarter of 2022, which included the company’s Russia Exit (collectively the “2022 Restructuring Actions”). The company recorded pre-tax restructuring and other charges of $349 million inception-to-date under the 2022 Restructuring Actions, which is comprised of $115 million of severance and related benefit costs, $115 million of asset related charges, $60 million of costs related to contract terminations (including early lease terminations) and $59 million of other charges. The company does not anticipate any additional material charges from the 2022 Restructuring Actions.

Cash payments related to these charges are anticipated to be $180 million to $210 million, of which approximately $135 million has been paid through June 30, 2023, and primarily relates to the payment of severance and related benefits, contract terminations and other charges.

The total pre-tax restructuring and other charges recognized through the second quarter of 2023 included $49 million associated with the Russia Exit. The Russia Exit pre-tax restructuring charges consisted of $6 million of severance and related benefit costs, $6 million of asset related charges, and $26 million of costs related to contract terminations (including early lease terminations). Other pre-tax charges associated with the Russia Exit were recorded to cost of goods sold and other income (expense) – net in the interim Consolidated Statement of Operations, relating to inventory write-offs of $3 million and settlement costs of $8 million, respectively.

The 2022 Restructuring Activities are expected to contribute to the company’s ongoing cost and productivity improvement efforts through achieving an estimated $210 million to $220 million of savings on a run rate basis by 2025. See Note 5 - Restructuring and Asset Related Charges - Net, to the interim Consolidated Financial Statements for additional information.

Share Buyback Plan
On September 13, 2022, Corteva, Inc. announced that its Board of Directors authorized a $2 billion share repurchase program to purchase Corteva, Inc.'s common stock, par value $0.01 per share, without an expiration date ("2022 Share Buyback Plan"). The timing, price and volume of purchases will be based on market conditions, relevant securities laws and other factors. In connection with the 2022 Share Buyback Plan, the company repurchased and retired 1,417,000 shares in the open market for a total cost of $80 million during the three and six months ended June 30, 2023.

On August 5, 2021, Corteva, Inc. announced that its Board of Directors authorized a $1.5 billion share repurchase program to purchase Corteva, Inc.'s common stock, par value $0.01 per share, without an expiration date ("2021 Share Buyback Plan"). In connection with the 2021 Share Buyback Plan, the company repurchased and retired 4,098,000 shares in the open market for a total cost of $250 million during the six months ended June 30, 2023 and 6,285,000 shares and 10,870,000 shares in the open market for a total cost of $365 million and $600 million during the three and six months ended June 30, 2022, respectively. Repurchases under the 2021 Share Buyback Plan were completed during the first quarter of 2023.

Overview

The following is a summary of results from continuing operations for the three months ended June 30, 2023:

- The company reported net sales of $6,045 million, down 3 percent versus the same quarter last year, reflecting a (13) percent decrease in volume and a (1) percent unfavorable impact from currency, partially offset by a 9 percent increase in price and a 2 percent favorable portfolio and other impact.

- Cost of goods sold ("COGS") totaled $3,137 million in the second quarter of 2023, down from $3,323 million in the second quarter of 2022, primarily driven by lower volumes, a decrease in royalty expense, ongoing cost and productivity actions and a favorable impact from currency, partially offset by higher input cost, which are primarily market driven.

- Restructuring and asset related charges - net were $60 million in the second quarter of 2023, a decrease from $143 million in the second quarter of 2022. The charges for the three months ended June 30, 2023 primarily relate to non-cash accelerated prepaid royalty amortization expense related to Roundup Ready 2 Yield® and Roundup Ready 2 Xtend® herbicide tolerance traits and charges associated with the 2022 Restructuring Actions.

- Income (loss) from continuing operations after income taxes was $880 million, as compared to $1,002 million in the same quarter last year.

- Operating EBITDA was $1,746 million for the three months ended June 30, 2023, improved from $1,719 million for the three months ended June 30, 2022, primarily driven by improvement over prior year on price execution and productivity actions, partially offset by lower volumes, and cost and currency headwinds. Refer to page 53 for further discussion of the company's Non-GAAP financial measures.

The following is a summary of results from continuing operations for the six months ended June 30, 2023:

- The company reported net sales of $10,929 million, up 1 percent versus the same period last year, reflecting an 11 percent increase in price and a 2 percent favorable impact from portfolio and other, partially offset by a (9) percent decrease in volume and a (3) percent unfavorable impact from currency.

- Cost of goods sold ("COGS") totaled $5,908 million in the six months ended 2023, down from $6,047 million in the six months ended 2022, primarily driven by lower volumes, a decrease in royalty expense, ongoing cost and productivity actions and a favorable impact from currency, partially offset by higher input cost, which are primarily market driven.

- Restructuring and asset related charges - net were $93 million during the six months ended 2023, a decrease from $148 million during the six months ended 2022. The charges for the six months ended June 30, 2023 primarily relate to non-cash accelerated prepaid royalty amortization expense related to Roundup Ready 2 Yield® and Roundup Ready 2 Xtend® herbicide tolerance traits and charges associated with the 2022 Restructuring Actions.

- Income (loss) from continuing operations after income taxes was $1,487 million, as compared to $1,579 million in the same period last year.

- Operating EBITDA was $2,977 million, improved from $2,758 million for the six months ended June 30, 2022, primarily driven by improvement over prior year on price execution and productivity actions, partially offset by lower volumes, and cost and currency headwinds. Refer to page 53 for further discussion of the company's Non-GAAP financial measures.

In addition to the financial highlights above, the following event occurred during or subsequent to the six months ended June 30, 2023:

- The company returned approximately $545 million to shareholders during the six months ended June 30, 2023 under its previously announced share repurchase programs and through common stock dividends.

- On July 21, 2023, the company's Board of Director's approved a 6.7 percent increase in the common stock dividend from $0.15 per share to $0.16 per share.

Results of Operations

Net Sales

Net sales were $6,045 million and $6,252 million for the three months ended June 30, 2023 and 2022, respectively. The decrease was primarily driven by a (13) percent decrease in volume versus the prior period and a (1) percent unfavorable impact from currency, partially offset by a 9 percent increase in price and a 2 percent favorable portfolio and other impact. Volume declines were driven by lower corn planted area in EMEA, fewer soybean acres in North America, crop protection inventory destocking trends, timing of seasonal demand due to weather and delayed farmer purchases, strategic product exits and the Russia Exit, partially offset by increased corn acres in North America. The unfavorable currency impacts were led by the Canadian Dollar and the Turkish Lira. Price gains were driven by continued execution on the company's price for value strategy with gains in all regions led by EMEA and recovery of higher input costs. The portfolio and other impact was driven by the biologicals acquisitions and the sale of seeds already under production in Russia when the decision to exit the country was made and that the company was contractually required to purchase.

Cost of Goods Sold

COGS was $3,137 million (52 percent of net sales) and $3,323 million (53 percent of net sales) for the three months ended June 30, 2023 and 2022, respectively, and $5,908 million (54 percent of net sales) and $6,047 million (56 percent of net sales) for the six months ended June 30, 2023 and 2022, respectively. The decrease was primarily driven by lower volumes, a decrease in royalty expense, ongoing cost and productivity actions and a favorable impact from currency, partially offset by higher input costs, which are primarily market driven. The market driven trends are due to inflationary pressures impacting raw material inputs, freight and logistics, which have begun to improve during the second quarter of 2023.

Research and Development Expense

R&D expense was $329 million (5 percent of net sales) and $296 million (5 percent of net sales) for the three months ended June 30, 2023 and 2022, respectively, and $645 million (6 percent of net sales) and $564 million (5 percent of net sales) for the six months ended June 30, 2023 and 2022, respectively. The increase in R&D expense is in support of the company's long-term growth plans and increased investment in R&D. The increase was primarily driven by an increase in salaries due to higher headcount and the associated spending on field, lab and facilities, and third-party research costs. The increase was partially offset by a decrease in variable compensation.

Selling, General and Administrative Expenses

SG&A expenses were $1,045 million (17 percent of net sales) and $1,017 million (16 percent of net sales) for the three months ended June 30, 2023 and 2022, respectively. The increase was primarily driven by the Stoller and Symborg acquisitions, an increase in commissions, promotion and advertising costs and an unfavorable impact from the company's deferred compensation plans due to market impacts, partially offset by favorable currency and a decrease in functional spend and bad debt expense.

SG&A expenses were $1,771 million (16 percent of net sales) and $1,752 million (16 percent of net sales) for the six months ended June 30, 2023 and 2022, respectively. The increase was primarily driven by the Symborg and Stoller acquisitions and an unfavorable impact from the company's deferred compensation plans due to market impacts, partially offset by favorable currency and a decrease in functional spend and bad debt expense.

Amortization of Intangibles
Intangible asset amortization was $174 million and $179 million for the three months ended June 30, 2023 and 2022, respectively, and $334 million and $358 million for the six months ended June 30, 2023 and 2022, respectively. The decrease was primarily driven by the expiration of the favorable supply contracts in the fourth quarter of 2022, at which point the contracts became fully amortized, partially offset by amortization relating to the intangible assets recognized in connection with the Stoller and Symborg acquisitions. See Note 11 - Goodwill and Other Intangible Assets, to the interim Consolidated Financial Statements, for additional information.

Restructuring and Asset Related Charges - Net
Restructuring and asset related charges - net were $60 million and $143 million for the three months ended June 30, 2023 and 2022, respectively, and $93 million and $148 million for the six months ended June 30, 2023 and 2022, respectively. The charges in the second quarter of 2023 and 2022 and the first half of 2023 and 2022 primarily relates to non-cash accelerated prepaid royalty amortization expense related to Roundup Ready 2 Yield® and Roundup Ready 2 Xtend® herbicide tolerance traits and costs associated with the 2022 Restructuring Actions. The charges associated with the 2022 Restructuring Actions during the second quarter of 2022 and the first half of 2022 primarily related to severance and related benefit costs, asset related charges, and contract termination charges. See Note 5 - Restructuring and Asset Related Charges, Net, to the interim Consolidated Financial Statements, for additional information.

Further evaluation of our operations, including decisions involving contract manufacturing opportunities, may result in additional asset related charges, which could be material to our income from continuing operations as reported under U.S. GAAP.

Other Income (Expense) - Net
Other income (expense) - net was $(134) million and $49 million for the three months ended June 30, 2023 and 2022, respectively. The decrease was primarily driven by non-operating pension and other post employment benefit costs in the current period versus a benefit in the prior period and an increase in estimated settlement reserves and net exchange losses. The decreases are partially offset by an increase in interest income.

Other income (expense) - net was $(205) million and $66 million for the six months ended June 30, 2023 and 2022, respectively. The decrease was primarily driven by non-operating pension and other post employment benefit costs in the current period versus a benefit in the prior period and an increase in estimated settlement reserves and net exchange losses. The decreases are partially offset by an increase in interest income, losses associated with a previously held equity investment in the prior period and gains on the sale of assets.

See Note 6 - Supplementary Information, to the interim Consolidated Financial Statements, for additional information.

Interest Expense
Interest expense was $82 million and $16 million for the three months ended June 30, 2023 and 2022, respectively, and $113 million and $25 million for the six months ended June 30, 2023 and 2022, respectively. The change was primarily driven by higher interest rates, the issuance of the May 2023 Senior Notes, and an increase in short term borrowings.

Provision for (Benefit from) Income Taxes on Continuing Operations
The company’s provision for income taxes on continuing operations was $204 million for the three months ended June 30, 2023 on pre-tax income from continuing operations of $1,084 million, resulting in an effective tax rate of 18.8 percent. The effective tax rate was favorably impacted by $56 million of net tax benefits associated with changes in deferred taxes, accruals for certain prior year tax positions in various jurisdictions, stock-based compensation, as well as the impact of changes to deferred taxes associated with a tax currency change for a legal entity. Those favorable impacts were partially offset by the unfavorable tax impacts of certain net exchange losses recognized on the re-measurement of the net monetary asset positions which were not tax-deductible in their local jurisdictions, as well as geographic mix of earnings.

The company’s provision for income taxes on continuing operations was $325 million for the three months ended June 30, 2022 on pre-tax income from continuing operations of $1,327 million, resulting in an effective tax rate of 24.5 percent. The effective tax rate was unfavorably impacted by the tax impact of certain net exchange losses recognized on the re-measurement of the net monetary asset positions which were not tax-deductible in their local jurisdictions, as well as geographic mix of earnings. Those unfavorable impacts were partially offset by $13 million of net tax benefits associated with changes in deferred taxes for certain prior year tax positions as well as from stock-based compensation.

The company's provision for income taxes on continuing operations was $373 million for the six months ended June 30, 2023 on pre-tax income from continuing operations of $1,860 million, resulting in an effective tax rate of 20.1 percent. The effective tax rate was favorably impacted by $68 million of net tax benefits associated with changes in deferred taxes, accruals for certain prior year tax positions in various jurisdictions, stock-based compensation, as well as the impact of changes to deferred taxes associated with a tax currency change for a legal entity. Those favorable impacts were partially offset by the unfavorable tax impacts of certain net exchange losses recognized on the re-measurement of the net monetary asset positions which were not tax-deductible in their local jurisdictions, as well as geographic mix of earnings.

The company's provision for income taxes on continuing operations was $446 million for the six months ended June 30, 2022 on pre-tax income from continuing operations of $2,025 million, resulting in an effective tax rate of 22.0 percent. The effective tax rate was unfavorably impacted by the tax impact of certain net exchange losses recognized on the re-measurement of the net monetary asset positions which were not tax-deductible in their local jurisdictions, as well as geographic mix of earnings. Those unfavorable impacts were partially offset by $48 million of net tax benefits associated with changes in deferred taxes for certain prior year tax positions as well as from stock-based compensation.

Income (Loss) from Discontinued Operations After Tax

Income (loss) from discontinued operations after tax was $(163) million and $(171) million for the three and six months ended June 30, 2023, respectively, and $(30) million and $(40) million for the three and six months ended June 30, 2022, respectively. The three and six months ended June 30, 2023 primarily includes charges associated with the settlement of certain legal matters relating to PFAS that are subject to the MOU, including the Water System MOU. The three and six months ended June 30, 2022 primarily includes charges relating to PFAS environmental remediation activities for legacy operations at Chemours' Fayetteville Works facility. Refer to Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements, for additional information

EIDP Analysis of Operations

As discussed in Note 1 - Basis of Presentation, to the EIDP interim Consolidated Financial Statements, EIDP is a subsidiary of Corteva, Inc. and continues to be a reporting company, subject to the requirements of the Exchange Act. The below relates to EIDP only and is presented to provide an Analysis of Operations, only for the differences between EIDP and Corteva, Inc.

Interest Expense

EIDP's interest expense was $89 million and $26 million for the three months ended June 30, 2023 and 2022, respectively, and $133 million and $44 million for the six months ended June 30, 2023 and 2022, respectively. The change was primarily driven by the items noted above, under the header "Interest Expense," partially offset by lower average borrowings on the related party loan between EIDP and Corteva, Inc. See Note 2 - Related Party Transactions, to the EIDP interim Consolidated Financial Statements, for further information.

Provision for (Benefit from) Income Taxes on Continuing Operations

EIDP's provision for income taxes on continuing operations was $202 million for the three months ended June 30, 2023 on pre-tax income from continuing operations of $1,077 million, resulting in an effective tax rate of 18.8%. EIDP's provision for income taxes on continuing operations was $322 million for the three months ended June 30, 2022 on pre-tax income from continuing operations of $1,317 million, resulting in an effective tax rate of 24.4 percent.

EIDP's provision for income taxes on continuing operations was $368 million for the six months ended June 30, 2023 on pre-tax income from continuing operations of $1,840 million, resulting in an effective tax rate of 20.0 percent. EIDP's provision for income taxes on continuing operations was $441 million for the six months ended June 30, 2022 on pre-tax income from continuing operations of $2,006 million, resulting in an effective tax rate of 22.0 percent.

EIDP's effective tax rates for the three and six months ended June 30, 2023 and 2022 were driven by a tax benefit related to the interest expense incurred on the related party loan between EIDP and Corteva, Inc. and the items noted on page 47, under the header "Provision for (Benefit from) Income Taxes on Continuing Operations." See Note 2 - Related Party Transactions, to the EIDP Consolidated Financial Statements for further information.

Corporate Outlook
The outlook for agriculture remains overall positive in 2023, with high demand for grain and oilseeds. Commodity prices are above historical averages, and farm balance sheets and income levels remain healthy, leading growers to prioritize technology to maximize return. Crop Protection order patterns are being influenced by product availability, higher interest rates, and a deferral of purchases until closer to usage, leading to an update to full-year 2023 net sales and earnings expectations.

The company updated its previously provided guidance for the full-year 2023 - lowering sales and earnings expectations for this period. The company expects net sales in the range of $17.9 billion and $18.2 billion and Operating EBITDA in the range of $3.50 billion and $3.65 billion. Operating Earnings Per Share is expected to be in the range of $2.75 and $2.90 per share.

The above outlook does not contemplate any extreme weather events, operational disruptions, significant changes in customers' demand or ability to pay, or further acceleration of currency and inflation impacts resulting from global economic conditions. Corteva is not able to reconcile its forward-looking non-GAAP financial measures to its most comparable U.S. GAAP financial measures, as it is unable to predict with reasonable certainty items outside of the company's control, such as Significant Items, without unreasonable effort (refer to page 54 for Significant Items recorded in the three and six months ended June 30, 2023 and 2022). During 2023, the company expects to record approximately $75 million for non-cash accelerated prepaid royalty amortization expense as restructuring and asset related charges. See Note 5 - Restructuring and Asset Related Charges - Net, to the interim Consolidated Financial Statements, for additional information. The company also expects non-operating charges during 2023 associated with pension and OPEB costs to increase when compared to 2022, which is mainly due to an increase in discount rates and a decrease in asset returns due to lower pension plan assets. See Note 6 – Supplemental Information, to the interim Consolidated Financial Statements, for additional information.

Recent Accounting Pronouncements
See Note 2 - Recent Accounting Guidance, to the interim Consolidated Financial Statements for a description of recent accounting pronouncements.

Segment Reviews
The company operates in two reportable segments: Seed and Crop Protection.

Seed
The company's seed segment is a global leader in developing and supplying advanced germplasm and traits that produce optimum yield for farms around the world. The segment is a leader in many of the company's key seed markets, including North America corn and soybeans, Europe corn and sunflower, as well as Brazil, India, South Africa and Argentina corn. The segment offers trait technologies that improve resistance to weather, disease, insects and enhance food and nutritional characteristics, herbicides used to control weeds, and digital solutions that assist farmer decision-making to help maximize yield and profitability.

Crop Protection
The crop protection segment serves the global agricultural input industry with products that protect against weeds, insects and other pests, and disease, and that improve overall crop health both above and below ground via nitrogen management and seed-applied technologies. The segment offers crop protection solutions and digital solutions that provide farmers the tools they need to improve productivity and profitability, and help keep fields free of weeds, insects and diseases. The segment is a leader in global herbicides, insecticides, nitrogen stabilizers and pasture and range management herbicides.

Summarized below are comments on individual segment net sales and segment operating EBITDA for the three and six months ended June 30, 2023 compared with the same period in 2022. The company defines segment operating EBITDA as earnings (loss) (i.e., income (loss) from continuing operations before income taxes) before interest, depreciation, amortization, corporate expenses, non-operating benefits (costs), foreign exchange gains (losses), and net unrealized gain or loss from mark-to-market activity for certain foreign currency derivative instruments that do not qualify for hedge accounting, excluding the impact of significant items. Non-operating benefits (costs) consists of non-operating pension and OPEB credits (costs), tax indemnification adjustments and environmental remediation and legal costs associated with legacy EIDP businesses and sites. Tax indemnification adjustments relate to changes in indemnification balances, as a result of the application of the terms of the Tax Matters Agreement, between Corteva and Dow and/or DuPont that are recorded by the company as pre-tax income or expense. See Note 18 - Segment Information, to the interim Consolidated Financial Statements, for details related to significant pre-tax benefits (charges) excluded from segment operating EBITDA. All references to prices are based on local price unless otherwise specified.

Table of Contents

A reconciliation of segment operating EBITDA to income (loss) from continuing operations after income taxes for the three and six months ended June 30, 2023 and 2022 is included in Note 18 - Segment Information, to the interim Consolidated Financial Statements.

Seed

Seed net sales were $4,264 million in the second quarter of 2023, up 8 percent from $3,947 million in the second quarter of 2022. The sales increase was driven by a 12 percent increase in price and 1 percent favorable impact from portfolio, partially offset by a 3 percent decline in volume and a 2 percent unfavorable currency impact.

The increase in price was driven by strong demand for top technology products, and strong operational execution, with global corn and soybean prices up 14 percent and 8 percent, respectively. Lower volumes were driven by reduced corn planted area in EMEA, fewer soybean acres in North America, and the 2022 decision to exit Russia, partially offset by increased corn acres in North America. Unfavorable currency impacts were led by the Canadian Dollar and the Turkish Lira.

Segment operating EBITDA was $1,458 million in the second quarter of 2023, up 18 percent from $1,240 million in the second quarter of 2022. Price execution, reduction of net royalty expense, and ongoing cost and productivity actions more than offset higher input and freight costs, lower volumes, and the unfavorable impact of currency. Segment operating EBITDA margin improved by approximately 280 basis points versus the prior-year period.

Seed net sales were $6,959 million in the first half of 2023, up 8 percent from approximately $6,471 million in the first half of 2022. The sales increase was driven by 14 percent increase in price and 2 percent favorable impact from portfolio, partially offset by a 5 percent decline in volume and a 3 percent unfavorable currency impact.

The increase in price was driven by strong demand for top technology and operational execution globally, with global corn and soybean prices up 15 percent and 7 percent, respectively. Pricing actions more than offset currency impacts in EMEA. The decline in volume was driven by the 2022 decision to exit Russia, lower corn planted area in EMEA, and lower Safrinha volumes in Latin America, partially offset by increased corn acres in North America. Unfavorable currency impacts were led by the Turkish Lira and the Canadian Dollar.

Segment operating EBITDA was $2,110 million in the first half of 2023, up 17 percent from $1,809 million for the first half of 2022. Price execution, reduction of net royalty expense, and ongoing cost and productivity actions more than offset higher input and freight costs, the unfavorable impact of currency, and lower volumes. Segment operating EBITDA margin improved by approximately 240 basis points versus the prior-year period.

Crop Protection
Crop protection net sales were $1,781 million in the second quarter of 2023, down 23 percent from $2,305 million in the second quarter of 2022. The sales decrease was driven by a 29 percent decrease in volume and a 1 percent unfavorable impact from currency, partially offset by a 4 percent favorable impact from portfolio and a 3 percent increase in price.

The decrease in volume was driven by strategic product exits, inventory destocking trends impacting volumes across all regions, and timing of seasonal demand due to weather and delayed farmer purchases. The portfolio impact was driven by the Biologicals acquisitions. The increase in price was broad-based, with gains in most regions led by EMEA, and mostly reflected pricing for the value of our differentiated technology including pricing for new products.

Segment Operating EBITDA was $320 million in the second quarter of 2023, down 37 percent from $509 million in the second quarter of 2022. Volume declines, higher input costs, and increased R&D investment more than offset pricing and productivity actions. Segment operating EBITDA margin declined by approximately 410 basis points versus the prior-year period.

Crop protection net sales were $3,970 million in the first half of 2023, down 9 percent from $4,382 million for the first half of 2022. The sales decrease was driven by a 16 percent decrease in volume and a 3 percent unfavorable impact from currency, partially offset by a 7 percent increase in price and a 3 percent favorable portfolio impact.

The decrease in volume was driven by strategic product exits, inventory destocking trends impacting volumes across all regions, and timing of seasonal demand due to weather and delayed farmer purchases. The increase in price was broad-based, with gains in most regions led by EMEA and North America, and mostly reflected pricing for the value of our differentiated technology, including pricing for new products, and currency in EMEA. Unfavorable currency impacts were led by the Turkish Lira and Chinese Renminbi. The portfolio impact was driven by the Biologicals acquisitions.

Segment Operating EBITDA was $923 million in the first half of 2023, down 8 percent from $1,000 million for the first half of 2022. Pricing execution and productivity actions were more than offset by lower volumes, higher input costs, and the unfavorable impact of currency. Segment operating EBITDA margin increased by more than 40 basis points versus the prior-year period largely driven by pricing execution and productivity actions.

Non-GAAP Financial Measures
The company presents certain financial measures that do not conform to U.S. GAAP and are considered non-GAAP measures. These measures include Operating EBITDA and operating earnings (loss) per share. Management uses these measures internally for planning and forecasting, including allocating resources and evaluating incentive compensation. Management believes that these non-GAAP measures best reflect the ongoing performance of the company during the periods presented and provide more relevant and meaningful information to investors as they provide insight with respect to ongoing operating results of the company and a more useful comparison of year over year results. These non-GAAP measures supplement the company's U.S. GAAP disclosures and should not be viewed as an alternative to U.S. GAAP measures of performance. Furthermore, such non-GAAP measures may not be consistent with similar measures provided or used by other companies. Reconciliations for these non-GAAP measures to U.S. GAAP are provided below.

Operating EBITDA is defined as earnings (loss) (i.e., income (loss) from continuing operations before income taxes) before interest, depreciation, amortization, non-operating benefits (costs), foreign exchange gains (losses), and net unrealized gain or loss from mark-to-market activity for certain foreign currency derivative instruments that do not qualify for hedge accounting, excluding the impact of significant items. Non-operating benefits (costs) consists of non-operating pension and OPEB credits (costs), tax indemnification adjustments and environmental remediation and legal costs associated with legacy businesses and sites. Tax indemnification adjustments relate to changes in indemnification balances, as a result of the application of the terms of the Tax Matters Agreement, between Corteva and Dow and/or DuPont that are recorded by the company as pre-tax income or expense. Operating earnings (loss) per share is defined as "earnings (loss) per common share from continuing operations - diluted" excluding the after-tax impact of significant items, the after-tax impact of non-operating benefits (costs), the after-tax impact of amortization expense associated with intangible assets existing as of the Separation from DowDuPont, and the after-tax impact of net unrealized gain or loss from mark-to-market activity for certain foreign currency derivative instruments that do not qualify for hedge accounting. Although amortization of the company's intangible assets is excluded from these non-GAAP measures, management believes it is important for investors to understand that such intangible assets contribute to revenue generation. Amortization of intangible assets that relate to past acquisitions will recur in future periods until such intangible assets have been fully amortized. Any future acquisitions may result in amortization of additional intangible assets. Net unrealized gain or loss from mark-to-market activity for certain foreign currency derivative instruments that do not qualify for hedge accounting represents the non-cash net gain (loss) from changes in fair value of certain undesignated foreign currency derivative contracts. Upon settlement, which is within the same calendar year of execution of the contract, the realized gain (loss) from the changes in fair value of the non-qualified foreign currency derivative contracts will be reported in the relevant non-GAAP financial measures, allowing quarterly results to reflect the economic effects of the foreign currency derivative contracts without the resulting unrealized mark to fair value volatility.

Liquidity and Capital Resources

Information related to the company's liquidity and capital resources can be found in the company’s 2022 Annual Report, Part II, Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations, Liquidity & Capital Resources. The discussion below provides the updates to this information for the six months ended June 30, 2023.

(In millions)	June 30, 2023	December 31, 2022	June 30, 2022
Cash, cash equivalents and marketable securities	$ 2,616	$ 3,315	$ 2,655
Total debt	$ 5,313	$ 1,307	$ 1,995

The increase in debt balances from December 31, 2022 was primarily due to higher short-term debt and the May 2023 debt offering, which have been used to fund the company's working capital needs, capital spending, dividend payments, share repurchases and to partially fund the Stoller and Symborg acquisitions. See further information in Note 12 - Short-Term Borrowings, Long-Term Debt and Available Credit Facilities, to the interim Consolidated Financial Statements.

The company believes its ability to generate cash from operations and access to capital markets and commercial paper markets will be adequate to meet anticipated cash requirements to fund its operations, including seasonal working capital, capital spending, dividend payments, share repurchases and pension obligations. Corteva's strong financial position, liquidity and credit ratings will provide access as needed to capital markets and commercial paper markets to fund seasonal working capital needs. The company's liquidity needs can be met through a variety of sources, including cash provided by operating activities, commercial paper, syndicated credit lines, bilateral credit lines, long-term debt markets, bank financing and committed receivable repurchase facilities. Corteva considers the borrowing costs and lending terms when selecting the source to fund its operations and working capital needs.

The company had access to approximately $6.5 billion, $6.0 billion, and $5.9 billion at June 30, 2023, December 31, 2022, and June 30, 2022, respectively, in committed and uncommitted unused credit lines, which includes the uncommitted revolving credit lines relating to the Foreign Currency Loans. In addition to the unused credit facilities, the company has a $500 million 2023 Repurchase Facility (as defined below). These facilities provide support to meet the company’s short-term liquidity needs and for general corporate purposes, which may include funding of discretionary and non-discretionary contributions to certain benefit plans, severance payments, repayment and refinancing of debt, working capital, capital expenditures, repurchases and redemptions of securities, acquisitions and Corteva's costs and expenses. These facilities are provided to the company by highly rated and well capitalized global financial institutions.

In May 2023, the company issued $600 million of 4.50 percent Senior Notes due in 2026 and $600 million of 4.80 percent Senior Notes due in 2033 (the “May 2023 Debt Offering”).

In February 2023, the company drew down $1 billion under the 364-Day Revolving Credit Facility, which was used for general corporate purposes, including funding seasonal working capital needs, capital spending, dividend payments, share repurchases and to partially fund the Stoller and Symborg acquisitions. In May 2023, the company repaid the $1 billion loan using the proceeds from the May 2023 Debt Offering and subsequently, in July 2023, reduced the available credit from $1 billion to $500 million.

The company's indenture covenants include customary limitations on liens, sale and leaseback transactions, and mergers and consolidations affecting manufacturing plants, mineral producing properties or research facilities located in the U.S. and the consolidated subsidiaries owning such plants, properties and facilities subject to certain limitations. The outstanding long-term debt also contains customary default provisions.

The company has meaningful seasonal working capital needs based in part on providing financing to its customers. Working capital is funded through multiple methods including cash, commercial paper, a receivable repurchase facility, the Revolving Credit Facilities, the 364-Day Revolving Credit Facility, and factoring.

In May 2023, in line with seasonal working capital requirements, the company entered into a committed receivable repurchase facility of up to $500 million (the "2023 Repurchase Facility"), which expires in December 2023. Under the 2023 Repurchase Facility, Corteva may sell a portfolio of available and eligible outstanding customer notes receivables to participating institutions and simultaneously agree to repurchase at a future date. See further discussion of this facility in Note 12 - Short-Term Borrowing, Long-Term Debt and Available Credit Facilities, to the interim Consolidated Financial Statements.

The company has factoring agreements with third-party financial institutions to sell its trade receivables under both recourse and non-recourse agreements in exchange for cash proceeds in an effort to reduce its receivables risk. For arrangements that include an element of recourse, the company provides a guarantee of the trade receivables in the event of customer default. Refer to Note 9 - Accounts and Notes Receivable - Net, to the interim Consolidated Financial Statements, for more information.

The company also organizes agreements with third-party financial institutions who directly provide financing for select customers of the company's seed and crop protection products in each region. Terms of the third-party loans are less than a year and programs are renewed on an annual basis. In some cases, the company guarantees a portion of the extension of such credit to such customers. Refer to Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements, for more information on the company's guarantees.

The company's cash, cash equivalents and marketable securities at June 30, 2023, December 31, 2022, and June 30, 2022 are $2.6 billion, $3.3 billion, and $2.7 billion, respectively, of which $1.9 billion, $2.0 billion, and $2.4 billion at June 30, 2023, December 31, 2022, and June 30, 2022, respectively, was held by subsidiaries in foreign countries, including United States territories. Cash, cash equivalents and marketable securities are concentrated subject to local restrictions with highly rated and well capitalized global financial institutions. The underlying credit worthiness and exposures to these counterparties are monitored on a regular basis in line with the company's overall risk management procedures. Upon actual repatriation, such earnings could be subject to withholding taxes, foreign and/or U.S. state income taxes, and taxes resulting from the impact of foreign currency movements. The cash held by foreign subsidiaries is generally used to finance the subsidiaries' operational activities and future foreign investments. At June 30, 2023, management believed that sufficient liquidity is available in the U.S. with global operating cash flows, borrowing capacity from existing committed credit facilities, and access to capital markets and commercial paper markets.

Summary of Cash Flows

Cash provided by (used for) operating activities was $(2,499) million for the six months ended June 30, 2023 compared to $(1,621) million for the six months ended June 30, 2022. The change in cash used for operating activities was driven by changes in working capital. Lower accounts payable was driven by higher payments to third-party growers and higher seed production costs and the timing of payments to lenders for providing financing to select customers. Higher usage of deferred revenue was due to higher prepayments from customers as of the end of 2022 being applied against year-to-date 2023 sales. Partially offsetting these uses of cash were favorable changes in receivables due to lower crop protection sales and higher collections as well as favorable changes in inventories due to higher seed sales and lower crop protection purchases.

Cash provided by (used for) investing activities was $(1,544) million for the six months ended June 30, 2023 compared to $(435) million for the six months ended June 30, 2022. The change was primarily due to the acquisitions of Stoller and Symborg, partially offset by lower purchases of investments, lower capital expenditures and the proceeds from the settlement of the net investment hedge in the first quarter of 2023.

Cash provided by (used for) financing activities was $3,379 million for the six months ended June 30, 2023 compared to $106 million for the six months ended June 30, 2022. The change was primarily due to higher short-term borrowings to fund working capital needs, capital spending, dividend payments, share repurchases, and to partially fund the Stoller and Symborg acquisitions and the May 2023 Debt Offering. The change was also driven by lower share repurchases.

In January 2023, the company's Board of Directors authorized a common stock dividend of $0.15 per share, payable on March 15, 2023, to the shareholders of record on March 1, 2023. In April 2023, the company's Board of Directors authorized a common stock dividend of $0.15 per share, payable on June 15, 2023, to the shareholders of record on June 1, 2023. In July 2023, the company's Board of Directors authorized a common stock dividend of $0.16 per share, which reflects an approved increase of 6.7 percent, payable on September 15, 2023, to the shareholders of record on September 1, 2023.

On September 13, 2022, Corteva, Inc. announced that its Board of Directors authorized a $2 billion share repurchase program to purchase Corteva, Inc.'s common stock, par value $0.01 per share, without an expiration date ("2022 Share Buyback Plan"). The timing, price and volume of purchases in connection with the 2022 Share Buyback Plan will be based on market conditions, relevant securities laws and other factors. In connection with the 2022 Share Buyback Plan, the company repurchased and retired 1,417,000 shares in the open market for a total cost of $80 million during the three and six months ended June 30, 2023.

On August 5, 2021, Corteva, Inc. announced that its Board of Directors authorized a $1.5 billion share repurchase program to purchase Corteva, Inc.'s common stock, par value $0.01 per share, without an expiration date ("2021 Share Buyback Plan"). In connection with the 2021 Share Buyback Plan, the company repurchased and retired 4,098,000 shares in the open market for a total cost of $250 million during the six months ended June 30, 2023 and 6,285,000 shares and 10,870,000 shares in the open market for a total cost of $365 million and $600 million during the three and six months ended June 30, 2022, respectively. Repurchases under the 2021 Share Buyback Plan were completed during the first quarter of 2023.

See Note 14 - Stockholders' Equity, to the interim Consolidated Financial Statements, for additional information related to the share buyback plans.

EIDP Liquidity Discussion

As discussed in Note 1 - Basis of Presentation, to the EIDP interim Consolidated Financial Statements, EIDP is a subsidiary of Corteva, Inc. and continues to be a reporting company, subject to the requirements of the Exchange Act. The below relates to EIDP only and is presented to provide a Liquidity discussion for the differences between EIDP and Corteva, Inc.

Cash provided by (used for) operating activities

EIDP’s cash provided by (used for) operating activities was $(2,516) million and $(1,633) million for the six months ended June 30, 2023 and 2022, respectively. The change was primarily driven by higher interest on related party debt and the items noted on page 56, under the header, “Summary of Cash Flows.”

Cash provided by (used for) financing activities

EIDP’s cash provided by (used for) financing activities was $3,396 million for the six months ended June 30, 2023 compared to $118 million for the six months ended June 30, 2022. The change was primarily driven by higher borrowings partially offset by higher payments on debt.

See Note 2 - Related Party Transactions, to the EIDP interim Consolidated Financial Statements, for further information on the related party loan between EIDP and Corteva, Inc.

Guarantees and Off-Balance Sheet Arrangements

For detailed information related to Guarantees, Indemnifications, and Obligations for Equity Affiliates and Others, see the company’s 2022 Annual Report, Part II, Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations, Off-Balance Sheet Arrangements and Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements.

Contractual Obligations

Information related to the company's contractual obligations at December 31, 2022 can be found on page 57 of the company's 2022 Annual Report. There have been no material changes to the company’s contractual obligations outside the ordinary course of business from those reported in the company’s 2022 Annual Report, except for the $600 million of 4.50 percent Senior Notes due in 2026 and $600 million of 4.80 percent Senior Notes due in 2033 (the “May 2023 Debt Offering”) issued in the second quarter of 2023. See Note 12 – Short-Term Borrowings, Long-Term Debt and Available Credit Facilities, to the interim Consolidated Financial Statements for further discussion of the company’s debt offering.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

See Note 16 - Financial Instruments, to the interim Consolidated Financial Statements. See also Part II, Item 7A. Quantitative and Qualitative Disclosures About Market Risk, of the company's 2022 Annual Report, for information on the company's utilization of financial instruments and an analysis of the sensitivity of these instruments.

Item 4. CONTROLS AND PROCEDURES

Corteva, Inc.

a) Evaluation of Disclosure Controls and Procedures

The company maintains a system of disclosure controls and procedures to give reasonable assurance that information required to be disclosed in the company's reports filed or submitted under the Securities Exchange Act of 1934 ("Exchange Act") is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission. These controls and procedures also give reasonable assurance that information required to be disclosed in such reports is accumulated and communicated to management to allow timely decisions regarding required disclosures.

As of June 30, 2023, the company's Chief Executive Officer ("CEO") and Chief Financial Officer ("CFO"), together with management, conducted an evaluation of the effectiveness of the company's disclosure controls and procedures pursuant to Rules 13a-15(e) and 15d-15(e) of the Exchange Act. Based on that evaluation, the CEO and CFO concluded that these disclosure controls and procedures are effective.

b) Changes in Internal Control over Financial Reporting

There have been no changes in the company's internal control over financial reporting that occurred during the quarter ended June 30, 2023 that have materially affected, or are reasonably likely to materially affect, the company's internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. LEGAL PROCEEDINGS

The company is subject to various legal proceedings, including, but not limited to, product liability, intellectual property, antitrust, commercial, property damage, personal injury, environmental and regulatory matters arising out of the normal course of its current businesses or legacy EIDP businesses unrelated to Corteva's current businesses but allocated to Corteva as part of the Separation of Corteva from DuPont.

Often these proceedings raise complex factual and legal issues, which are subject to risks and uncertainties and which could require significant amounts of senior leadership team's time. Litigation and other claims, along with regulatory proceedings, against the company could also materially adversely affect its operations, reputation, and/or result in the incurrence of unexpected expenses and liability. Even when the company believes liabilities are not expected to be material or the probability of loss or of an adverse unappealable final judgment is remote, the company may consider settlement of these matters, and may enter into settlement agreements, if it believes settlement is in the best interest of the company, including avoidance of future distraction and litigation defense cost, and its shareholders. Information regarding certain of these matters is set forth below and in Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements.

Litigation related to Corteva's current businesses

Federal Trade Commission Investigation

On September 29, 2022, the FTC, along with ten state attorneys general, filed a lawsuit against Corteva and another competitor alleging the parties engaged in unfair methods of competition, unlawful conditioning of payments, unreasonably restrained trade, and have an unlawful monopoly (the "FTC lawsuit"). In December 2022, two additional state attorneys general joined the FTC lawsuit, and another state attorney general filed a separate lawsuit against Corteva and another competitor based on the allegations set forth in the FTC lawsuit. Several proposed private class action lawsuits alleging anticompetitive conduct based on the allegations set forth in the FTC lawsuit were centralized into a multi-district litigation in the U.S. District Court for the Middle District of North Carolina in February 2023. Further information with respect to these proceedings is set forth under "Federal Trade Commission Investigation" in Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements.

Lorsban® Lawsuits

As of June 30, 2023, there were pending personal injury and remediation lawsuits filed against the former Dow Agrosciences LLC in California alleging injuries related to exposure to, or contamination by, chlorpyrifos, the active ingredient in Lorsban®, an insecticide used by commercial farms for field fruit, nut and vegetable crops. Corteva ended its production of Lorsban® in 2020. Further information with respect to these proceedings is set forth under "Lorsban® Lawsuits" in Note 13 – Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements.

Bayer Disputes

In August 2022, Corteva filed a lawsuit against Bayer CropScience LLP and Monsanto Company (collectively "Bayer") in federal court in Delaware for alleged infringement of Corteva's patented AAD-1 herbicide resistance technology used in Enlist® corn. The complaint for this lawsuit was amended to include two additional patents that are closely related to this patented technology for soybeans. Corteva seeks to enjoin Bayer from continuing to infringe, as well as appropriate monetary damages. Bayer has filed an answer to the complaint and has asserted various affirmative defenses including invalidity. The case is now in discovery.

Also in August 2022, Bayer filed breach of contract/declaratory judgment lawsuit in Delaware state court against Corteva relating to an agrobacterium cross-license agreement and E3® soybeans. Bayer alleges that Corteva practiced two Bayer patents in developing E3® soybeans, and therefore, is entitled to royalties pursuant to the terms of the cross-license agreement. In April 2023, Corteva's motion to dismiss the complaint on the basis that, under the terms of the cross-license agreement and the law, E3® soybeans cannot infringe expired patents was denied.

In October 2022, Corteva filed a lawsuit against Bayer in Delaware state court seeking a declaration that, under the terms of Corteva's licensing agreement and the law, Bayer is not entitled to collect patent royalties on the Roundup Ready® Corn 2 trait after Bayer's U.S. patent protection expires. In March 2023, Bayer's motion to dismiss the complaint was denied. Discussions to resolve each of the above disputes remain ongoing.

Litigation related to legacy EIDP businesses unrelated to Corteva's current businesses

As discussed below and in Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements, certain of the environmental proceedings and litigation allocated to Corteva as part of the Separation from DuPont relate to the legacy EIDP businesses, including their use of PFOA, which, for purposes of this report, means collectively perfluorooctanoic acid and its salts, including the ammonium salt and does not distinguish between the two forms, and PFAS, which means per- and polyfluoroalkyl substances, including PFOA, PFOS (perfluorooctanesulfonic acid), GenX and other perfluorinated chemicals and compounds ("PFCs"). This litigation includes multiple natural resource damage lawsuits across the United States filed by municipalities and alleging PFOA contamination, as well as, lawsuits by four municipalities in the Netherlands filed complaints alleging contamination of land and groundwater resulting from the emission of PFOA and GenX by Corteva, DuPont and Chemours.

In addition to the matters set forth in Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements on March 25, 2019, the New Jersey Department of Environmental Protection (“NJDEP”) issued a Statewide PFAS Directive to several companies, including Chemours, DuPont, and EIDP. The Directive seeks information relating to the use and environmental release of PFAS and PFAS-replacement chemicals at and from two former EIDP sites in New Jersey, Chambers Works and Parlin, and a funding source for costs related to the NJDEP’s investigation of PFAS issues and PFAS testing and remediation.

On January 22, 2021, Chemours, DuPont, Corteva and EIDP entered into a binding memorandum of understanding containing a settlement to resolve legal disputes related to Chemours' responsibility for litigation and environmental liabilities allocated to it, and to establish a cost sharing arrangement and escrow account to be used to support and manage potential future legacy PFAS liabilities arising out of pre-July 1, 2015 conduct (the “MOU”). See Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements, for further discussion.

Other Environmental Proceedings

The company believes it is remote that the following matters will have a material impact on its financial position, liquidity or results of operations. The matters below involve the potential for $1 million or more in monetary fines and are included per Item 103(c)(3)(iii) of Regulation S-K of the Securities Exchange Act of 1934, as amended.

Related to Corteva's current businesses

Nebraska Department of Environment and Energy, AltEn Facility

The EPA and the Nebraska Department of Environment and Energy (“NDEE”) are pursuing investigations, response and removal actions, litigation and enforcement action related to an ethanol plant located near Mead, Nebraska and owned and operated by AltEn LLC (“AltEn”). Corteva is one of six seed companies, who were customers of AltEn (collectively, the "Facility Response Group"), participating in the NDEE’s Voluntary Cleanup Program to address certain interim remediation needs at the site. Further information with respect to these proceedings is set forth under “Nebraska Department of Environment and Energy, AltEn Facility” in Note 13 - Commitments and Contingent Liabilities, to the interim Consolidated Financial Statements.

Related to legacy EIDP businesses unrelated to Corteva’s current businesses

Divested Neoprene Facility, La Place, Louisiana - EPA Compliance Inspection

In 2016, the EPA conducted a focused compliance investigation at the Denka Performance Elastomer LLC (“Denka”) neoprene manufacturing facility in La Place, Louisiana. EIDP sold the neoprene business, including this manufacturing facility, to Denka in the fourth quarter of 2015. In the spring of 2017, the EPA, the DOJ, the Louisiana Department of Environmental Quality, EIDP and Denka began discussions relating to the inspection conclusions and allegations of noncompliance arising under the Clean Air Act, including leak detection and repair. These discussions, which include potential settlement options, continue. Under the Separation Agreement, DuPont is defending and indemnifying the company in this matter.

New Jersey Directive Pompton Lakes

On March 27, 2019, the NJDEP issued to Chemours and EIDP a Natural Resource Damages Directive relating to chemical contamination (non-PFAS) at and around EIDP’s former Pompton Lakes facility in New Jersey. The Directive alleges that this contamination has harmed the natural resources of New Jersey. It seeks $125,000 as reimbursement for the cost of preparing a natural resource damages assessment, which the State will use to determine the extent of such damage and the amount it expects to seek to restore the affected natural resources to their pre-damage state.

Item 1A. RISK FACTORS

There have been no material changes in the company's risk factors discussed in Part I, Item 1A, Risk Factors, in the company's most recently filed annual report on Form 10-K.

Item 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS
Issuer Purchases of Equity Securities

The following table summarizes information with respect to the company's purchase of its common stock during the three months ended June 30, 2023:

Month	Total Number of Shares Purchased	Average Price Paid per Share	Total Number of Shares Purchased as Part of the Company's Publicly Announced Share Buyback Program[1]	Approximate Value of Shares that May Yet Be Purchased Under the Program[(1)] (Dollars in millions)

NOTES TO THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

NOTE 1 - BASIS OF PRESENTATION

Corteva, Inc. owns 100% of the outstanding common stock of EIDP. EIDP is a subsidiary of Corteva, Inc. and continues to be a reporting company, subject to the requirements of the Exchange Act. The primary differences between Corteva, Inc. and EIDP are outlined below:

- **Preferred Stock** - EIDP has preferred stock outstanding to third parties which is accounted for as a non-controlling interest at the Corteva, Inc. level. Each share of EIDP Preferred Stock - $4.50 Series and EIDP Preferred Stock - $3.50 Series issued and outstanding at the effective date of the Corteva Distribution remains issued and outstanding as to EIDP and was unaffected by the Corteva Distribution.
- **Related Party Loan** - EIDP engaged in a series of debt redemptions during the second quarter of 2019 that were partially funded through an intercompany loan from Corteva, Inc. This was eliminated in consolidation at the Corteva, Inc. level but remains on EIDP's consolidated financial statements at the standalone level (including the associated interest).
- **Capital Structure** - At June 30, 2023, Corteva, Inc.'s capital structure consists of 709,516,000 issued shares of common stock, par value $0.01 per share.

The accompanying footnotes relate to EIDP only, and not to Corteva, Inc., and are presented to show differences between EIDP and Corteva, Inc.

NOTE 2 - RELATED PARTY TRANSACTIONS

Transactions with Corteva

In the second quarter of 2019, EIDP entered into a related party revolving loan from Corteva, Inc., with a maturity date in 2024. As of June 30, 2023, December 31, 2022, and June 30, 2022, the outstanding related party loan balance was $268 million, $789 million, and $1,377 million, respectively (which approximates fair value), with interest rates of 7.00%, 6.52%, and 4.12%, respectively, and is reflected as long-term debt - related party in EIDP's interim Consolidated Balance Sheets. Additionally, EIDP has incurred tax deductible interest expense of $7 million and $20 million for the three and six months ended June 30, 2023, respectively, and $10 million and $19 million for the three and six months ended June 30, 2022, respectively, associated with the related party loan from Corteva, Inc.

As of June 30, 2023, December 31, 2022, and June 30, 2022, EIDP had payables to Corteva, Inc., of $44 million, $31 million and $30 million included in accrued and other current liabilities, respectively, and $115 million, $115 million, and $119 million, included in other noncurrent obligations, respectively, in the interim Consolidated Balance Sheets related to Corteva's indemnification liabilities to Dow and DuPont per the Separation Agreements (refer to page 24 of the Corteva, Inc. interim Consolidated Financial Statements for further details of the Separation Agreements).

NOTE 3 - INCOME TAXES

Refer to page 17 of the Corteva, Inc. Interim Consolidated Financial Statements for discussion of tax items that do not differ between Corteva, Inc. and EIDP.

The effective tax rate for the three and six months ended June 30, 2023 was 18.8 percent and 20.0 percent, respectively, and 24.4 percent and 22.0 percent for the three and six months ended June 30, 2022, respectively.

EIDP's effective tax rates for the three and six months ended June 30, 2023 and 2022 were driven by net tax benefits recognized for income taxes on continuing operations associated with the interest expense incurred on the related party loan between EIDP and Corteva, Inc. and the net tax benefits discussed on page 17 of the Corteva, Inc. Interim Consolidated Financial Statements.

NOTE 4 - SEGMENT INFORMATION

There are no differences in reporting structure or segments between Corteva, Inc. and EIDP. In addition, there are no differences between Corteva, Inc. and EIDP segment net sales, segment operating EBITDA, segment assets, or significant items by segment; refer to page 39 of the Corteva, Inc. interim Consolidated Financial Statements for background information on the segments as well as further details regarding segment metrics. The tables below reconcile income (loss) from continuing operations after income taxes to segment operating EBITDA, as differences exist between Corteva, Inc. and EIDP.

Exhibit 10.1

Management Deferred Compensation Plan
(Amended and Restated Effective January 1, 2024)

Adopted: June 9, 2023

Article 1 Purpose & Merger Involving The Dow Chemical Company.

Section 1.01 Purpose. Corteva Agriscience, LLC (the “Company”), a wholly-owned subsidiary of Corteva, Inc., desires to provide certain of its employees with an opportunity to accumulate additional retirement savings through voluntary compensation deferral contributions to a plan intended to constitute a non-qualified deferred compensation plan which, in accordance with Sections 201(2), 301(a)(3) and 401(a)(1) of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), is unfunded and maintained by the Company primarily for the purpose of providing deferred compensation for a select group of management or highly compensated employees. The Company intends that a participant’s compensation deferrals, and the earnings thereon, will not be subject to federal income tax until such amounts are paid or made available to the participant.

Section 1.02 Merger Involving The Dow Chemical Company. Effective as of the “Closing Date” (as that term is defined in that certain Agreement and Plan of Merger, dated as of December 11, 2015 (as it may be amended from time to time, the “Merger Agreement”), by and among DowDuPont Inc. (f/k/a Diamond-Orion HoldCo, Inc. (“DWDP”)), The Dow Chemical Company (“Dow”), Diamond Merger Sub, Inc., E. I. du Pont de Nemours and Company (“DuPont”) and Orion Merger Sub, Inc.), DuPont became a subsidiary of DWDP (the “Merger”), and, to the extent applicable under the terms of this Plan, the Merger constituted a “Change in Control” for purposes of this Plan. Accordingly, as of the Closing Date, to the extent applicable in respect of this Plan: (a) any amounts under the Plan that otherwise would have been denominated in the common stock of DuPont shall be deemed denominated in shares of common stock of DWDP, subject to and in accordance with the applicable terms of the Merger Agreement; (b) the conditions to participation in the Plan shall not be changed from those in effect immediately before the Closing Date (such that, among other things, only those service providers of DuPont or its subsidiaries (and not any service providers of Dow or its subsidiaries in their capacity as such) shall be eligible to participate in the Plan); (c) the terms and conditions of the administration of the Plan shall not be changed from those in effect immediately before the Closing Date (or as previously may have been provided by DuPont to be effective as of or following the Closing Date) except that, in any event, in respect of participation by directors or executive officers of DWDP, the Plan shall be administered by the Compensation Committee of the Board of Directors of DWDP to the extent required to comply with the requirements of applicable law or any exchange on which the capital stock of DWDP may be listed; and (d) the Plan otherwise shall be administered and interpreted to (1) conform to the terms and conditions of the Merger Agreement and further the intended effects of the Merger and (2) not result in the imposition of any tax under Section 409A of the Code.

Article 2 Definitions.

Section 2.01 “Account” means each account established on the books of account of the Employer to reflect the balance of Plan benefits attributable to a Participant. An Account shall be credited or debited, as applicable, with Deferral Contributions, Credited Investment Return and Dividend Equivalent Units, and any payments made by the Employer to the Participant or the Participant’s Beneficiary pursuant to this Plan. A Participant’s Account shall be divided into Distribution Subaccounts, with respect to which he/she shall be permitted to make Deemed Investment Elections.

Section 2.02 “Active Participant” means a Participant on whose behalf a current Deferral Election is in effect.

Section 2.03 “Administrator” means the Company.

Section 2.04 "Affiliate" means any corporation, organization or entity which is under common control with the Company or which is otherwise required to be aggregated with the Company pursuant to paragraphs (b), (c), (m), or (o) of Section 414 of the Code.

Section 2.05 "Base Salary" means the basic pay from the Employer (excluding LTI Awards and STI Awards, distributions from nonqualified deferred compensation plans, commissions, overtime, severance, fringe benefits, stock options and other equity awards, relocation expenses, incentive payments, non-monetary awards, automobile and other allowances (whether or not such allowances are included in the Employee's gross income) and other non-regular forms of compensation paid to a Participant for employment services rendered). Base Salary shall be calculated before reduction for compensation voluntarily deferred or contributed by the Participant pursuant to all qualified or nonqualified plans of any Employer and shall be calculated to include amounts not otherwise included in the Participant's gross income under Code Sections 125, 132, 402(e)(3), 402(h), or 403(b) pursuant to plans or arrangements established by any Employer; provided, however, that all such amounts will be included in Base Salary only to the extent that had there been no such plan, the amount would have been payable in cash to the Employee. Notwithstanding anything in this Plan to the contrary, Base Salary shall not include any amount paid pursuant to a long-term disability plan or pursuant to a long-term disability insurance policy.

Section 2.06 "Base Salary Deferral Eligible Employee" means any U.S.-based employee of the Employer who is designated from time to time by the Employer as eligible to defer the payment of Base Salary in accordance with Article 4 hereof.

Section 2.07 "Beneficiary" means the person or persons designated as such pursuant to Article 7 hereof.

Section 2.08 "Change of Control" means an objectively determined event that occurs with respect to the Company or the Employer for whom the Participant renders services and which constitutes both a Change in Control for purposes of the Equity and Incentive Plan and change in the ownership or effective control of the Company or Employer, as applicable, or in the ownership of a substantial portion of the Company's or Employer's, as applicable, assets for purposes of Code Section 409A.

Section 2.09 "Code" means the Internal Revenue Code of 1986, as amended, and the regulations and rulings issued thereunder.

Section 2.10 "Common Stock Unit" means a notional unit representing one share of common stock of Corteva, Inc.

Section 2.11 "Common Stock Unit Fund" means an Investment Option consisting solely of Common Stock Units.

Section 2.12 "Credited Investment Return" means the hypothetical gain or loss credited to a Participant's Account pursuant to Article 5 hereof.

Section 2.13 "Deemed Investment Election" means the selection by a Participant, pursuant to Article 5 hereof, of Investment Options in which his/her Account shall be deemed invested.

Section 2.14 "Deferral Contributions" means the elective contributions made to the Plan by a Participant pursuant to Article 4 hereof.

Section 2.15 "Deferral Election" means an election, pursuant to Article 4 hereof, to defer receipt of Base Salary or STI Awards, or (for periods prior to January 1, 2024) the settlement of LTI Awards. Deferral Elections shall be made in accordance with the procedures established by the Administrator for that purpose. A Deferral Election may be cancelled due to an "unforeseeable emergency" as defined in Treasury Regulation Section 1.409A-3(i)(3) or a hardship distribution pursuant to Section 1.401(k)-1(d)(3). The Deferral Election must be cancelled, not merely postponed or otherwise delayed. Any later Deferral Election will be subject to the provisions of Article 4 of this Plan governing Deferral Elections.

Section 2.16 "Distribution Subaccount" means that portion of a Participant's Account to which a Participant's Deferral Contributions of Base Salary and STI Awards, and Credited Investment Return and Dividend Equivalent Units attributable thereto, will be allocated and with respect to which he/she may make Deemed Investment Elections in accordance with Article 5 hereof. A Participant may maintain no more than five (5) Distribution Subaccounts under this Plan; provided that no more than two (2) such Distribution Subaccounts may relate to a Separation from Service and no more than three (3) such Distribution Subaccounts may relate to a Payment Event other than Separation from Service. Notwithstanding the foregoing, if, as of December 31, 2023, a Participant had an Account balance and Distribution Subaccounts in excess of the limits in the preceding sentence, each such Distribution Subaccounts shall be preserved until the balance in that Distribution Subaccount is reduced to zero.

Section 2.17 "Dividend Equivalent Units" means additional Common Stock Units credited to a Participant's Account pursuant to Section 5.05.

Section 2.18 "Dividend Payment Date" means each date on which the Company pays a dividend on its common stock.

Section 2.19 "Effective Date" means January 1, 2008, the original effective date of this Plan. Notwithstanding the foregoing to the contrary, provisions of this Plan related to the deferral of Base Salary and LTI Awards shall not be effective until January 1, 2009.

Section 2.20 "Eligible Employee" means any Base Salary Deferral Eligible Employee, STI Deferral Eligible Employee or (for periods prior to January 1, 2024) LTI Deferral Eligible Employee.

Section 2.21 "Employer" means the Company and any Affiliate which, with the consent of the Company, adopts this Plan.

Section 2.22 "Equity and Incentive Plan" means the 2019 Corteva, Inc. Omnibus Incentive Plan, or its predecessor plan, as applicable.

Section 2.23 "Form of Payment" means either (a) a lump sum or (b) annual installments (for up to ten (10) years); provided that, for Deferred Contributions attributable to periods prior to January 1, 2024, annual installments may extend for up to fifteen (15) years). Effective for Deferral Contributions attributable to periods beginning on or after January 1, 2024, the Form of Payment for any Payment Event other than a Separation from Service shall be a lump sum. In the event of a Participant's death, his/her remaining Account balance will be distributable in a single lump sum.

Section 2.24 "Identification Date" means each December 31.

Section 2.25 "Investment Options" means one or more alternatives designated from time to time, pursuant to Section 5.01 hereof, for purposes of crediting earnings or losses to a Participant's Account. The Investment Options shall include, without limitation, the Common Stock Unit Fund.

Section 2.26 "LTI Award" means an award of RSUs or PSUs.

Section 2.27 "LTI Deferral Eligible Employee" means any U.S.-based employee of the Employer who is designated from time to time by the Company as eligible to defer the settlement of an LTI Award in accordance with Article 4 hereof. Effective January 1, 2024, no employees may be designated as LTI Deferral Eligible Employees.

Section 2.28 "Participant" means any Eligible Employee who has elected to participate in the Plan by completing the appropriate forms (including electronic forms) prescribed by the Administrator for that purpose.

Section 2.29 "Payment Event" means any of the following:

(a) Separation from Service

(b) The earlier of (1) Separation from Service or (2) a specified date (not to exceed thirty-five (35) years from the date of the election described in Section 4.02).

(c) Change of Control

Notwithstanding the foregoing, (i) in the event of a Participant's death, his/her remaining Account balance will automatically be distributed to his/her Beneficiary in a single lump sum within ninety days (90) thereafter and (ii) a Participant may request that all or a portion of his/her Account be distributed on account of an "unforeseeable emergency" as defined in Treasury Regulation Section 1.409A-3(i)(3) and subject to the restrictions on such distributions set forth therein.

Section 2.30 "Plan" means the Corteva Agriscience, LLC Management Deferred Compensation Plan.

Section 2.31 "Plan Year" means the twelve (12) month period beginning January 1 and ending December 31.

Section 2.32 "PSU" means a performance-based restricted stock unit granted under the Equity and Incentive Plan.

Section 2.33 "Qualified Leave" means military leave, sick leave, or other bona fide leave of absence if the period of such leave does not exceed six months, or if longer, so long as the individual retains a right to reemployment with the service recipient under an applicable statute or by contract. A leave of absence constitutes a bona fide leave of absence only if there is a reasonable expectation that the employee will return to perform services for the employer. If the period of leave exceeds six months and the individual does not retain a right to reemployment under an applicable statute or by contract, the employment relationship is deemed to terminate on the first date immediately following such six-month period.

Section 2.34 "RSU" means a time-vested restricted stock unit granted under the Equity and Incentive Plan.

Section 2.35 "Section 16 Person" means any employee who is subject to the reporting requirements of Section 16(a) or the liability provisions of Section 16(b) of the Securities and Exchange Act of 1934, as amended.

Section 2.36 "Separation from Service" means a "separation from service" as defined in Treasury Regulation Section 1.409A-1(h).

Section 2.37 "Similar Plan" means a plan required to be aggregated with this Plan under Treasury Regulation Section 1.409A-1(c)(2)(i)(A).

Section 2.38 "Specified Employee" means an officer of the Employer at any time during the 12-month period ending on an Identification Date. If a Participant is a Specified Employee as of an Identification Date, such Participant is treated as a Specified Employee for the 12-month period beginning on the first day of the first month following the Identification Date.

Section 2.39 "STI Award" means a cash-based award under the Equity and Incentive Plan or Pioneer Hi-Bred International, Inc. Annual Reward Plan.

Section 2.40 "STI Deferral Eligible Employee" means any U.S.-based employee of the Employer who is designated from time to time by the Employer as eligible to defer the payment of an STI Award in accordance with Article 4 hereof.

Section 2.41 "Triggering Event" means, with respect to a Distribution Subaccount, the Payment Event elected by a Participant pursuant to Section 4.02.

Article 3 Eligibility.

Section 3.01 Procedure For and Effect of Admission. Each Eligible Employee who desires to participate in this Plan shall complete such forms (including electronic forms) and provide such data as is reasonably required by the Administrator. By becoming a Participant, an Eligible Employee shall be deemed to have consented to the provisions of this Plan and all amendments hereto.

Section 3.02 Cessation of Participation. A Participant shall cease to be an Active Participant on the earlier of:

(a) The date on which the Plan terminates;

(b) The date on which he/she ceases to be an Eligible Employee; or

(c) The date on which he/she is permitted by the Administrator to terminate Deferral Contributions to the Plan.

A former Active Participant will be considered a Participant for all purposes, except with respect to the right to make contributions, as long as he/she retains an Account.

Article 4 Deferral Elections.

Section 4.01 Annual Deferral Elections.

(a) Deferral Contributions of Base Salary. A Base Salary Deferral Eligible Employee may elect to defer a percentage, not to exceed sixty percent (60%), of his/her Base Salary payable with respect to services performed during the Plan Year; provided, however, that such Deferral Election shall be made (1) during the open enrollment period established by the Administrator for that purpose and (2) on or before the last day of the calendar year preceding the first day of the Plan Year to which such Deferral Election relates. Any election made pursuant to this section shall remain in effect unless and until changed by the Participant; provided, however, that with respect to Base Salary earned in any future taxable year, such election becomes irrevocable on December 31 of the preceding calendar year (or such earlier date as specified by the Administrator).

(b) Deferral Contributions of STI Awards. An STI Deferral Eligible Employee may elect to defer a percentage, not to exceed sixty percent (60%), of an STI Award; provided, however, that (1) such STI Deferral Eligible Employee performs services continuously from the later of the beginning of the performance period or the date the performance criteria are established through the date the election to defer is made and (2) such Deferral Election is made (A) during the open enrollment period established by the Administrator for that purpose and (B) on or before the date that is six months before the end of the performance period over which the STI Award shall be determined. Any election made pursuant to this section shall remain in effect unless and until changed by the Participant; provided, however, that with respect to any STI Award earned during any future taxable year, such election becomes irrevocable on the date that is six (6) months before the end of the performance period over which the STI Award shall be determined (or such earlier date as specified by the Administrator).

(c) Deferral Contributions of LTI Awards. Effective January 1, 2024, Deferral Elections pertaining to the settlement of RSUs and PSUs are no longer permitted.

Section 4.02 Initial Distribution Elections. At the time a Participant establishes a Distribution Subaccount, he/she must also elect a Payment Event and Form of Payment with respect to such Distribution Subaccount. When making a Deferral Election, a Participant shall designate: (a) to which Distribution Subaccounts amounts deferred pursuant to that election, and Credited Investment Return and Dividend Equivalent Units attributable thereto, shall be allocated; and (b) how those amounts shall be allocated among the designated Distribution Subaccounts. If a Participant fails to establish a Distribution Subaccount or fails to designate the Distribution Subaccount(s) to which his/her Deferral Contributions should be allocated, such Deferral Contributions shall be allocated to the default Distribution Subaccount established by the Administrator. The Payment Event with respect to such default Distribution Subaccount shall be Separation of Service and the Form of Payment shall be a lump sum.

Section 4.03 Subsequent Distribution Elections. A Participant may subsequently elect to change the Payment Event or Form of Payment elected with respect to one or more Distribution Subaccounts in accordance with procedures established by the Administrator for such purpose; provided, however, that (a) such subsequent election may not take effect until at least twelve (12) months after the date on which it is made; (b) the payment with respect to which such election is made must be deferred for a period of not less than five (5) years from the date such payment would otherwise have been made; and (c) any subsequent election related to a payment at a specified time or in accordance with a fixed schedule may not be made less than twelve (12) months prior to the date of the first scheduled payment.

Article 5 Investment of Accounts.

Section 5.01 Investment Options. The Administrator shall designate from time to time one or more Investment Options in which a Participant's Account may be deemed invested. The Administrator shall have the sole discretion to determine the number of Investment Options to be designated hereunder and the nature of the Investment Options and may change or eliminate any of the Investment Options from time to time. In the event of such change or elimination, the Administrator shall give each Participant timely notice and opportunity to make a new election. No such change or elimination of any Investment Options shall be considered to be an amendment to the Plan pursuant to Section 9.01.

Section 5.02 Making Deemed Investment Elections. A Participant shall select one or more Investment Options in which his/her Account shall be deemed invested. Separate Deemed Investment Elections may be made with respect to each Distribution Subaccount. Any such election shall be made by filing with the Administrator the appropriate form prescribed for that purpose. The Administrator shall establish procedures relating to Deemed Investment Elections. Deemed Investment Elections shall remain in effect until changed by a Participant pursuant to Section 5.03. Notwithstanding the foregoing, a Participant's Deferral Contributions of LTI Awards (prior to January 1, 2024), and Dividend Equivalent Units attributable thereto, shall be allocated to the Common Stock Unit Fund and the Participant may not make any further Deemed Investment Elections with respect to such amounts.

Section 5.03 Changes to Deemed Investment Elections. A Participant may request a change to his/her Deemed Investment Elections for future amounts allocated to his/her Account and amounts already allocated to his/her Account (except as provided in Section 5.02). Any such change shall be made by filing with the Administrator the appropriate form (including electronic forms) prescribed by the Administrator for that purpose. The Administrator shall establish procedures relating to changes in Deemed Investment Elections, which may include limiting the percentage, amount and frequency of such changes and specifying the effective date for any such changes.

Section 5.04 Crediting or Debiting of Investment Experience. Each Participant's Account shall be credited or debited, as applicable, daily with the amount which the Participant's Account would have earned or lost, as applicable, if the amounts credited to such Account had, in fact, been invested in accordance with the Participant's Deemed Investment Elections.

Section 5.05 Dividend Equivalent Units. If dividends on the Company's common stock are paid during any period that a Participant holds Common Stock Units in his/her Account, as of the applicable Dividend

Payment Date, a number of additional Common Stock Units shall be credited to the Participant's Account. The number of such additional Common Stock Units to be credited shall be determined by first multiplying: (a) the total number of Common Stock Units, including fractional units, standing to the Participant's credit in such Account on the day immediately preceding such Dividend Payment Date (including all Dividend Equivalent Units credited to such Account on all previous Dividend Payment Dates); by (b) the per share dollar amount of the dividend paid on such Dividend Payment Date; and then (c) dividing the resulting amount by the closing price of one share of the Company's common stock on such Dividend Payment Date.

Article 6 Payment of Accounts.

Section 6.01 Payment in General. Upon the occurrence of a Triggering Event that is a Separation from Service or a Change of Control, the Employer shall commence payment of the applicable Distribution Subaccount(s) to the Participant, or his/her Beneficiary, as applicable, in the Form of Payment elected by the Participant with respect thereto; provided that (a) if the Form of Payment is a lump sum, it shall be paid as soon as practical after the Triggering Event (but no later than the later of (1) ninety (90) days following the Triggering Event or (2) the last day of the year of the Triggering Event, or in any of the first two (2) years beginning after the year of the Triggering Event), and (b) if the Form of Payment is installments, such installments shall begin in the year following the Triggering Event or in any of the first two (2) years beginning after the year following the Triggering Event. The amount of each payment made pursuant to this section shall be based upon the fair market value of the Participant's Account as of the latest practicable date preceding the payment date and the number of remaining scheduled payments due. If the Participant does not make a valid election as to form and time of distribution, or if the balance of a Participant's Account (and any account that must be aggregated for purposes of Section 1.409A-3(j)(4)(v) of the Treasury Regulations) does not exceed the limit set forth in Code Section 402(g)(1)(B) ($22,500 for 2023) as of or after the date of the Participant's Separation from Service (provided that, for Separations from Service prior to January 1, 2024, the Participant's Account cannot exceed $10,000), amounts payable shall be delivered in a cash lump sum as soon as practical thereafter.

Section 6.02 Specified Employees. Notwithstanding Section 6.01, upon the occurrence of a Triggering Event that is a Separation from Service (other than on account of death), the Employer shall commence payment of the applicable Distribution Subaccount(s) to the Participant in the Form of Payment elected by the Participant with respect thereto on the later of: (a) the date that is six (6) months and one day after such Triggering Event; or (b) the date on which such payment was otherwise scheduled to commence.

Section 6.03 Medium of Payments. Payments attributable to that portion of a Participant's Account which is deemed to be invested in Common Stock Units shall be paid in shares of the Company's common stock for each whole unit and cash for each fraction of a unit. Payments attributable to the remaining portion of a Participant's Account shall be paid in cash.

Article 7 Beneficiary Designation.

Section 7.01 Right to Designate Beneficiary. The Participant will have the right, at any time, to designate any person or persons as Beneficiary (both primary and contingent) to whom payment under the Plan will be made in the event of the Participant's death. The Beneficiary designation will be effective when it is submitted in writing or electronically to the Administrator during the Participant's lifetime on a form prescribed by the Administrator.

Section 7.02 Cancellation/Revocation of Beneficiary Designation. The submission of a new Beneficiary designation will cancel all prior Beneficiary designations.

Section 7.03 Failure to Designate Beneficiary or Death of Beneficiary. If a Participant fails to designate a Beneficiary as provided above, or if every person designated as Beneficiary predeceases the Participant, then the Administrator will direct the distribution of the benefits to the Participant's estate. If a primary Beneficiary dies after commencement the Participant's death but prior to completion of benefits under this Plan, and no contingent Beneficiary has been designated by the Participant, any remaining payments will be paid to the Beneficiary's estate.

Article 8 Plan Administration.

Section 8.01 Administrator's Responsibilities. The Administrator is responsible for the day to day administration of the Plan. The Administrator may appoint other persons or entities to perform certain of its functions. Such appointment shall be made and accepted by the appointee in writing and shall be effective upon the written approval of the Company. The Administrator and any such appointee may employ advisors and other persons necessary or convenient to help him/her carry out his/her duties. The Administrator shall have the right to remove any such appointee from his/her position. Any person, group of persons or entity may serve in more than one capacity.

Section 8.02 Records and Accounts. All individual and group records relating to Participants and Beneficiaries, and all other records necessary for the proper operation of the Plan, shall be made available to the Employer and to each Participant and Beneficiary for examination during business hours except that a Participant or Beneficiary shall examine only such records as pertain exclusively to the examining Participant or Beneficiary and those records and documents relating to all Participants generally.

Section 8.03 Administrator's Specific Powers and Duties. In addition to any powers, rights and duties set forth elsewhere in the Plan, the Administrator shall have the following powers and duties:

(a) to adopt such rules and regulations consistent with the provisions of the Plan;

(b) to enforce the Plan in accordance with its terms and any rules and regulations it establishes;

(c) to maintain records concerning the Plan sufficient to prepare reports, returns and other information required by the Plan or by law;

(d) to construe and interpret the Plan and to resolve all questions arising under the Plan;

(e) to direct the Employer to pay benefits under the Plan, and to give such other directions and instructions as may be necessary for the proper administration of the Plan; and

(f) to engage assistants and professional advisors.

Section 8.04 Construction of the Plan. The Administrator shall have the sole and absolute discretion to interpret the Plan and shall resolve all questions arising in the administration, interpretation and application of the Plan. The Administrator shall correct any defect, reconcile any inconsistency, or supply any omission with respect to this Plan. All such corrections, reconciliations, interpretations and completions of Plan provisions shall be final and binding upon the parties.

Section 8.05 Employer's Responsibility to Administrator. Each Employer shall furnish the Administrator such data and information as it may require. The records of the Employer shall be determinative of each Participant's period of employment, termination of employment and the reason therefor, leave of absence, reemployment, years of service, personal data, and compensation reductions. Participants and their Beneficiaries shall furnish to the Administrator such evidence, data, or information, and execute such documents, as the Administrator requests.

Section 8.06 Engagement of Assistants and Advisers; Plan Expenses. The Administrator shall have the right to hire such professional assistants and consultants as it, in its sole discretion, deems necessary or advisable, including, but not limited to:

(a) investment managers and/or advisers;

(b) accountants;

(c) actuaries;

(d) attorneys;

(e) consultants; and

(f) clerical and office personnel.

Section 8.07 Liability. Neither the Administrator nor the Employer shall be liable to any person for any action taken or omitted in connection with the administration of this Plan unless attributable to its own fraud or willful misconduct; nor shall the Employer be liable to any person for such action unless attributable to fraud or willful misconduct on the part of a director, officer or employee of the Employer.

Section 8.08 Payment of Expenses. If directed by the Company, expenses of the Administrator incurred in the operation or administration of this Plan shall be charged against the Participant's Accounts to which the expense relates. If an expense is applicable to more than one Participant's Accounts, the expense shall be allocated among such Participants' Accounts in a non-discriminatory manner as determined by the Company.

Section 8.09 Indemnity of Administrator. The Employer shall indemnify the Administrator (including any individual who is a member of a committee serving as the Administrator) or any individual who is a delegate of the Administrator against any and all claims, loss, damage, expense or liability arising from any action or failure to act, except when due to gross negligence or willful misconduct.

Article 9 Amendment or Termination.

Section 9.01 Amendment. The Board of Directors of the Company, or its delegate, may amend the Plan at any time and from time to time and any amendment may have retroactive effect, including, without limitation, amendments to the amount of contributions; provided, however, that no amendment shall (a) reduce the value of a Participant's Account or (b) change the form or timing of payment of an amount contributed prior to the date of amendment.

Section 9.02 Termination. While the Plan is intended to be permanent, the Board of Directors of the Company, or its delegate, may at any time terminate or partially terminate the Plan, provided that upon such termination, except to the extent otherwise permitted under Code Section 409A, all Accounts will be distributed in accordance with the terms of the Plan as in effect on the date of termination. Written notice of such termination or partial termination, setting forth the date and terms thereof, shall be given to the Administrator.

Section 9.03 Change in Control. Notwithstanding the foregoing, following a Change in Control (as such term is defined in the Corteva, Inc. 2019 Omnibus Incentive Plan) no amendment or termination referenced in Section 9.01 or 9.02, respectively, may adversely affect any benefits accrued or deferrals made under the Plan prior to the adoption of the amendment or termination (including, without limitation, any terms, conditions or distribution alternatives applicable to such accrued benefits). In addition, for a period of two years following a Change in Control, the Plan shall not be terminated in whole or in part or be amended in any way that adversely affects or limits the terms and conditions of benefits as available pursuant to the Plan immediately prior to the Change in Control.

Article 10 Miscellaneous.

Section 10.01 Section 16 Person. With respect to Section 16 Persons, the Administrator may establish, in writing, such rules, regulations, policies or practices hereunder which it deems, in its sole discretion, to be necessary and appropriate.

Section 10.02 Claims Review. In any case in which a claim for Plan benefits of a Participant or Beneficiary is denied or modified, the Administrator shall furnish written notice to the claimant within ninety (90) days (or within one hundred eighty (180) days if additional information requested by the Administrator necessitates an extension of the ninety (90)-day period), which notice shall:

(a) State the specific reason or reasons for the denial or modification;

(b) Provide specific reference to pertinent Plan provisions on which the denial or modification is based;

(c) Provide a description of any additional material or information necessary for the Participant, his/her Beneficiary, or representative to perfect the claim and an explanation of why such material or information is necessary; and

(d) Explain the Plan's claim review procedure as contained herein, including the claimant's right to bring a civil action under Section 502(a) of ERISA following an adverse review determination.

In the event a claim for Plan benefits is denied or modified, if the Participant, his/her Beneficiary, or a representative of such Participant or Beneficiary desires to have such denial or modification reviewed, he/she must, within sixty (60) days following receipt of the notice of such denial or modification, submit a written request for review by the Administrator of its initial decision. In connection with such request, the Participant, his/her Beneficiary, or the representative of such Participant or Beneficiary may review any pertinent documents upon which such denial or modification was based and may submit issues and comments in writing. Within sixty (60) days following such request for review the Administrator shall, after providing a full and fair review, render its final decision in writing to the Participant, his/her beneficiary or the representative of such Participant or Beneficiary stating specific reasons for such decision, making specific references to pertinent Plan provisions upon which the decision is based and stating that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claim. If special circumstances require an extension of such sixty (60)-day period, the Administrator's decision shall be rendered as soon as possible, but not later than one hundred twenty (120) days after receipt of the request for review. If an extension of time for review is required, written notice of the extension shall be furnished to the Participant, Beneficiary, or the representative of such Participant or Beneficiary prior to the commencement of the extension period.

Section 10.03 Limitation of Participant's Rights. Nothing in this Plan shall be construed as conferring upon any Participant any right to continue in the employment of an Employer, nor shall it interfere with the rights of an Employer to terminate the employment of any Participant and/or take any personnel action affecting any Participant without regard to the effect which such action may have upon such Participant as a recipient or prospective recipient of benefits under the Plan.

Section 10.04 Obligations to Employer. If a Participant becomes entitled to a distribution of benefits under the Plan, and if at such time the Participant has outstanding any debt, obligation, or other liability representing an amount owing to an Employer, then such Employer may offset such amount owed to it against the amount of benefits otherwise distributable. Such determination shall be made by the Administrator.

Section 10.05 Nonalienation of Benefits. Except as expressly provided herein, no Participant or Beneficiary shall have the power or right to transfer (otherwise than by will or the laws of descent and distribution), alienate, or otherwise encumber the Participant's interest under the Plan. Any such attempted assignment shall be considered null and void. The interest of any Participant or any beneficiary receiving payments hereunder shall not be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, attachment, or garnishment by creditors of the Participant or the Participant's Beneficiary. An Employer's obligations under this Plan are not assignable or transferable except to (a) a business entity which acquires all or substantially all of an Employer's assets or (b) any business entity into which an Employer may be merged or consolidated.

Section 10.06 Unfunded Status of Plan. The Plan is intended to constitute an "unfunded" plan of deferred compensation for Participants for tax and for purposes of Title I of ERISA. The Plan constitutes a mere promise by the Employer to make benefit payments in the future. Each Employer shall not be liable for any benefit payments to any other Employer's Eligible Employees who are Participant is this Plan. Benefits payable hereunder shall be payable out of the general assets of the applicable Employer, and no segregation of any assets whatsoever for such benefits shall be made. With respect to any payments not yet made to a Participant, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of his/her Employer.

Section 10.07 Severability. If any provision of this Plan is held unenforceable, the remainder of the Plan shall continue in full force and effect without regard to such unenforceable provision and shall be applied as though the unenforceable provision were not contained in the Plan.

Section 10.08 Gender, Singular & Plural. All pronouns and any variations thereof shall be deemed to refer to the masculine, feminine, or neuter, as the identity of the person or persons may require. As the context may require, the singular may be read as the plural and the plural as the singular.

Section 10.09 Notice. Any notice or filing required or permitted to be given to the Administrator under the Plan shall be sufficient if in writing and hand delivered, or sent by registered or certified mail, to the Administrator or to such representatives as the Administrator may designate from time to time. Such notice shall be deemed given as to the date of delivery or, if delivery is made by mail, as of the date shown on the postmark on the receipt for registration or certification.

Section 10.10 Governing Law. The Plan shall be governed and construed under the laws of the State of Delaware to the extent not preempted by Federal law which shall otherwise control.

Section 10.11 Binding Terms. The provisions of the Plan shall be binding upon and inure to the benefit of the parties hereto, their respective heirs, executors, administrators and successors.

Section 10.12 Headings. All headings preceding the text of the several Sections hereof are inserted solely for reference and shall not constitute a part of this Plan, nor affect its meaning, construction or effect.

Section 10.13 Representations. The Employer does not represent or guarantee that any particular federal or state income, payroll, personal property or other tax consequence will result from participation in the Plan. A Participant should consult with professional tax advisors to determine the tax consequences of his/her participation. In addition, the Company does not represent or guarantee positive Credited Investment Return and shall not be required to restore any negative Credited Investment Return.

Section 10.14 Compliance with Section 409A. The Company intends that this Plan provide for the deferral of compensation as permitted under Code Section 409A. If any provision of this Plan is determined to be inconsistent with such intent, it shall be severable and the balance of this Plan shall remain in full force and effect.

IN WITNESS WHEREOF, EIDP, Inc. has caused this Amended and Restated Management Deferred Compensation Plan to be executed by its duly authorized individual and transferred to Corteva Agriscience LLC on the date shown below, but effective as of the date indicated herein.

Exhibit 10.2

AMENDMENT TO THE
RETIREMENT SAVINGS RESTORATION PLAN

Adopted: June 9, 2023

WHEREAS, EIDP, Inc. (formerly known as E. I. du Pont de Nemours and Company) (the "Company"), a subsidiary of Corteva, Inc., has established the Retirement Savings Restoration Plan (the "Plan"), originally adopted effective January 1, 2007 and last amended effective January 1, 2021, for the benefit of its eligible employees; and

WHEREAS, pursuant to Article VIII of the Plan, the Company reserves the right to amend the Plan; and

WHEREAS, the Company desires to transfer sponsorship of the Plan to Corteva Agriscience LLC, effective January 1, 2023, and to make certain other clarifying changes; and

WHEREAS, Corteva Agriscience LLC has accepted sponsorship of the Plan, effective January 1, 2023.

NOW, THEREFORE, BE IT RESOLVED, that the Plan is hereby amended, effective as set forth herein, as follows:

1. Section II of the Plan is amended in its entirety, effective January 1, 2023, to read as follows:

"**ADMINISTRATION**

The administration of this Plan is vested in the Benefit Plan Administrative Committee appointed by the Senior Vice President - HR of the Company. The Committee may adopt such rules as it may deem necessary for the proper administration of the Plan, and may appoint such person(s) or group(s) as may be judged necessary to assist in the administration of the Plan. The Committee's decision in all matters involving the interpretation and application of this Plan shall be final. The Committee shall have the discretionary right to determine eligibility for benefits hereunder and to construe the terms and conditions of this Plan. In all cases, terms of this Plan shall be interpreted as necessary to comply with the requirements of Section 409A of the Internal Revenue Code and accompanying regulations."

2. Section III of the Plan is amended in its entirety, effective January 1, 2023, to read as follows:

"**ELIGIBILITY**

An employee of the Company who is eligible to participate in the Retirement Savings Plan and who is Grade 13 or above (or equivalent level for a participating subsidiary), or an employee of a Company who is eligible to participate in the tax-qualified 40l(k) plan sponsored by the Company and who is eligible as listed on Exhibit A, shall be eligible to participate in this Plan (hereinafter "Participant").

For purposes of this Plan, the term "Company" means Corteva Agriscience LLC, any wholly-owned subsidiary or part thereof and any joint venture, partnership, or other entity in which Corteva Agriscience LLC has an ownership interest, provided that such entity (1) adopts this Plan with the approval of Corteva Agriscience LLC and (2) agrees to make the necessary financial commitment in respect of any of its employees who become Participants in this Plan."

3. The first paragraph of Section IV(A) of the Plan is amended in its entirety, effective January 1, 2024, to read as follows:

"(A) **Participant Contributions**. A Participant may elect to defer receipt of a percentage of compensation in excess of the amount prescribed in Internal Revenue Code Section 401(a)(17), and have the dollar equivalent of the deferral percentage credited to a Participant Account under this Plan. Any such election may be made separately with respect to the Participant's Base Salary and/or the Participant's STI Award. The deferral percentage elected under this Plan shall not exceed 6%. Except as provided below, such deferral election will be made prior to the beginning of each calendar year and will be irrevocable for that calendar year."

4. The second paragraph of Section IV(A) of the Plan is amended in its entirety, effective January 1, 2023, to read as follows:

"For purposes of a Participant's first year of participation in this Plan, the compensation deferral election must be made within 30 days of the date the employee becomes eligible to participate in the Plan, and no later than 30 days prior to the first day of the month for which compensation is deferred and will be irrevocable for the remainder of that calendar year. For purposes of clarity, a compensation deferral election for such first year of participation shall not apply to the payment of incentive compensation with respect to such year (currently known as "PRP payments"); provided that such PRP payments shall continue to be counted in determining whether the Section 401(a)(17) limit is exceeded."

5. Section IV(F) of the Plan is amended in its entirety, effective January 1, 2024, to read as follows:

"(F) **Definition of Compensation**. Compensation for purposes of this Plan shall mean the combination of the Participant's Base Salary and STI Award.

(1) Base Salary means the basic pay from the Company (excluding STI Awards, distributions from nonqualified deferred compensation plans, commissions, overtime, severance, fringe benefits, stock options and other equity awards, relocation expenses, incentive payments, non-monetary awards, automobile and other allowances (whether or not such allowances are included in the Participant's gross income) and other nonregular forms of compensation paid to a Participant for employment services rendered). Base Salary shall be calculated before reduction for compensation voluntarily deferred or contributed by the Participant pursuant to all qualified or nonqualified plans of the Company and shall be calculated to include amounts not otherwise included in the Participant's gross income under Internal Revenue Code Sections 125, 132, 402(e)(3), 402(h), or 403(b) pursuant to plans or arrangements established by the Company; provided, however, that all such amounts will be included in Base Salary only to the extent that had there been no such plan, the amount would have been payable in cash to the Employee. Notwithstanding anything in this Plan to the contrary, Base Salary shall not include any amount paid pursuant to a long-term disability plan or pursuant to a long-term disability insurance policy.

(2) STI Award means a cash-based award under an incentive plan maintained by the Company"

6. Section VI of the Plan is amended in its entirety, effective January 1, 2024, to read as follows:

"**PAYMENT OF BENEFITS**

Amounts payable under this Plan shall be distributed in one of the following forms and at a time as elected by the Participant:

(1) a lump sum at termination of employment, or in any year up to two years after termination of employment; or

(2) annual installments for up to 10 years, beginning in the year following termination of employment or in any of the first two years beginning after the year following termination of employment.

(3) For deferrals made with respect to plan years prior to January 1, 2024 (and where the Participant has an Account balance on December 31, 2023), a Participant could have elected to have amounts payable under this Plan distributed in one of the following forms:

a. a lump sum at termination of employment, or in any year up to five years after termination of employment; or

b. annual installments for up to 15 years, beginning in the year following termination of employment or in any of the first five years beginning after the year following termination of employment.

Notwithstanding the foregoing, (x) if the Participant does not make a valid election as to form and time of distribution, or (y) upon the Participant's death, or (z) if the balance of a Participant’s Account (and any account that must be aggregated for purposes of Section 1.409A-3(j)(4)(v) of the Treasury Regulations) does not exceed the limit set forth in Code Section 402(g)(1)(B) ($22,500 for 2023) as of or after the date of the Participant’s termination of employment (provided that, for terminations of employment prior to January 1, 2024, the balance of the Participant’s Account cannot exceed $10,000), amounts payable shall be delivered in a cash lump sum as soon as practical thereafter. Any such election shall be made by the Participant at the time the deferral election is made, provided that, effective January 1, 2024, a Participant may elect no more than three different times and forms of payment in total for his or her Account. Notwithstanding any provision of this Plan to the contrary, amounts payable to an officer of the Company shall be paid no sooner than the sixth month anniversary of the employee's termination date. All payments under this Plan shall be made by, and all expenses of administering this Plan shall be borne by, the Company.

Benefits payable due to a Participant's death shall be paid to the beneficiary designated on the most recent valid beneficiary designation form received by the Committee, or, if no valid beneficiary designation is on file or the beneficiary cannot be determined by the Committee, to the Participant's estate.”

7. Section VIII of the Plan is amended in its entirety, effective January 1, 2023, to read as follows:

“**RIGHT TO MODIFY**

Corteva Agriscience LLC reserves the right to change or discontinue this Plan in its discretion by action of the Compensation Committee of the Board of Directors, or its delegate; provided, however, that following the Change in Control no such amendment or termination may adversely affect the deferrals made under the Plan prior to the termination or adoption of the amendment (including, without limitation, any terms, conditions or distribution alternatives applicable to such deferrals). In addition, notwithstanding anything to the contrary above, for a period of two years following a Change in Control, the Company shall not terminate the Plan in whole or in part or make any amendment to the Plan which in any way adversely affects or limits the terms and conditions of benefits as available pursuant to the Plan immediately prior to the Change in Control.”

8. Appendix A to the Plan is replaced, effective January 1, 2023, with the Appendix A attached to this Amendment.

EXCEPT AS HEREIN AMENDED, the provisions of the Plan shall remain in full force and effect.

IN WITNESS WHEREOF, EIDP, Inc. has caused this Amendment to the Plan to be executed by its duly authorized individual on the date shown below, but effective as of the date indicated herein.
